1968 in America Charles Kaiser,2018-04-01 From assassinations to student riots this is a splendidly evocative account of a historic year a year of tumult of trauma and of tragedy Arthur Schlesinger Jr In the United States the 1960s were a period of unprecedented change and upheaval but the

year 1968 in particular stands out as a dramatic turning point Americans witnessed the Tet offensive in Vietnam the shocking assassinations of Martin Luther King Jr and Robert Kennedy and the chaos at the Democratic National Convention in Chicago At the same time a young generation was questioning authority like never before and popular culture especially music was being revolutionized Largely based on unpublished interviews and documents including in depth conversations with Eugene McCarthy and Bob Dylan among many others and the late Theodore White s archives to which the author had sole access 1968 in America is a fascinating social history and the definitive study of a year when nothing could be taken for granted Kaiser aims to convey not only what happened during the period but what it felt like at the time Affecting touches bring back powerful memories including strong accounts of the impact of the Tet offensive and of the frenzy aroused by Bobby Kennedy s race for the presidency The New York Times Book Review Hard Times Barbara Kellerman,2014-10-15 A highly perceptive analysis of the crisis of leadership in 21st century America written in an exhilaratingly readable style Archie Brown Oxford University author of The Myth of the Strong Leader Selected by Choice as an Outstanding Academic Book Leadership has never played a more prominent role in America s national discourse and yet our opinions of leaders are at all time lows Private sector leaders are widely seen as greedy to the point of being corrupt Public sector leaders are viewed as incompetent to the point of being inept And levels of trust in government have plummeted As the title of this book conveys leaders in America are experiencing hard times Barbara Kellerman argues that we focus on leaders and even on followers while ignoring an essential element of leadership context This book is a corrective It enables leaders to track the terrain that they must navigate in order to create change Rather than a handy dandy manual on what to do and how to do it Hard Times is structured as a checklist Twenty four brief sections cover key aspects of the American landscape They trace evolutions and revolutions that have revised our norms transformed our populations and institutions and shifted our culture Kellerman s crash course on context reveals how significant it is to leadership Clearer still is the fact that leadership is more difficult than it has ever been It is context that explains why leadership is so fraught with frustration And it is context that makes evident why leadership will be better exercised if it is better understood Calling out patterns that emerge from the checklist Kellerman challenges leaders to do better This fascinating read will change the way that all of us think about leadership while compelling us to consider what it means for our future Finally a book that explains why leadership is so hard thought provoking examples taken from business and government alike Sydney Finkelstein Tuck School of Business author of Why Smart Executives Fail **Fighting for the French Foreign Legion** Nils Elmark,2023-08-03 Author Nils Elmark tackles the life and times of several notable Americans primarily aviator Eugene Bullard poet Alan Seeger and North African adventurer David Wooster King against their impact on the war and their personal exploits while never losing sight of the overall context in which these events occurred It is well written easy to read and woven together as a single fabric Indy Squadron Dispatch On 24 August 1914 forty four Americans joined the Foreign Legion and with a cowboy swing marched through Paris wildly

cheered by the crowd They were Ivy League graduates artists and dreamers and soldiers of fortune starting on equal terms as recruits in the French Army They were the first Americans in the Great War driven by a love for France and a thirst for adventure with no idea of the horrors awaiting them This book is the amazing story of these American legionnaires told by three of the young volunteers David Wooster King a 21 year old dropout from Harvard son of a rich businessman King survived four years in the trenches ending as an officer in the US Army chasing German spies in Switzerland He became a modern global adventurer and when the world went to war again David King was the first to volunteer for an even greater adventure in North Africa Alan Seeger a 26 year old poet and dreamer from a New York family of intellectuals Seeger was killed during the Battle of the Somme on 4 July 1916 Six weeks earlier he wrote the famous poem I Have a Rendezvous with Death which was to become his legacy and the favorite poem of President Kennedy It has inspired a line of American presidents during the 20th century and is an indestructible poetic lifeline linking France and the United States of America Eugene James Bullard the last of the three legionnaires and a 19 year old entertainer and boxer from Columbus Georgia His father was born a slave his mother was Creek Indian Although wounded at Verdun and invalided out of the French Army Bullard became the world's first black aviator After the war he settled in Paris and ran a bar in Montmartre before going to war for France again in 1940 The three men represent different pillars of the American soul and their lives and dreams symbolize the story of how America became modern and remind us of the strong historic ties between France and America Most of all this book is a fantastic saga of brave men great adventures and terrific sacrifices that bring hope and a new direction in a time of human division
