Kagan,Fernando Marias,Fernando Marías Franco,2000-01-01 This fascinating book examines the particular importance of cities in Spanish and Hispanic American culture as well as the different meanings that artists and cartographers invested in their depiction of New and Old Wold cities and towns Kagan maintains that cities are both built human structures and human communities and that representations of the urban form reflect both points of view He discusses the peculiar character of Spain s empire of towns the history and development of the cityscape as an independent artistic genre both in Europe and the Americas the interaction between European and native mapping traditions differences between European maps of urban America and those produced by local residents whether native or creole and the urban iconography of four different New World towns Lavishly illustrated with a variety of maps pictures and plans many reproduced here for the first time this interdisciplinary study will be of interest to general readers and to specialists in art history cartography history urbanism and related fields   *Subject Guide to Books in Print* ,1996   Asian-Cajun Fusion Carl A. Brasseaux,Donald W. Davis,2022-03-30 Shrimp is easily America s favorite seafood but its very popularity is the wellspring of problems that threaten the shrimp industry s existence Asian Cajun Fusion Shrimp from the Bay to the Bayou provides insightful analysis of this paradox and a detailed thorough history of the industry in Louisiana Dried shrimp technology was part of the cultural heritage Pearl River Chinese immigrants introduced into the Americas in the mid nineteenth century As early as 1870 Chinese natives built shrimp drying operations in Louisiana s wetlands and exported the product to Asia through the port of San Francisco This trade internationalized the shrimp industry About three years before Louisiana s Chinese community began their export endeavors manufactured ice became available in New Orleans and the Dunbar family introduced patented canning technology The convergence of these ancient and modern technologies shaped the evolution of the northern Gulf Coast s shrimp industry to the present Coastal Louisiana s historic connection to the Pacific Rim endures Not only does the region continue to export dried shrimp to Asian markets domestically and internationally but since 2000 the region s large Vietnamese immigrant population has increasingly dominated Louisiana s fresh shrimp harvest Louisiana shrimp constitute the American gold standard of raw seafood excellence Yet in the second decade of the twenty first century cheap imports are forcing the nation s domestic shrimp industry to rediscover its economic roots Fresh off the boat signs and real time internet connections with active trawlers are reestablishing the industry s ties to local consumers Direct marketing has opened the industry to middle class customers who meet the boats at the docks This

right off the boat paradigm appears to be leading the way to reestablishment of sustainable aquatic resources All one can eat shrimp buffets are not going to disappear but the Louisiana shrimp industry s fate will ultimately be determined by discerning consumers palates   The Writers Directory ,2013   Study of the Fishes of the Southern Piedmont and Coastal Plain Henry Fowler,2007-12 The region embraced in these studies lies between MD much of the material reported from those areas has been re examined The inception of this report however begins with the collections made by Francis Harper from 1930 1945 The lots of fishes he gathered during his southern trips have been studied Extensive noteworthy collections were made by Joseph Galloway These were supplemented by Fowler s own collecting trips the staff of the Acad of Nat Sci of Phila in NC in 1940 of the Southern Piedmont Coastal Plain Aquatic Survey of 1941 1942 Illus   Monthly Catalog of United States Government Publications United States.
