**Sacred Cows and Chicken Manchurian** James Staples, 2020-11-15 Challenges popular generalizations about cow protection and beef consumption Bovine politics exposes fault lines within contemporary Indian society where eating beef is simultaneously a violation of sacred taboos an expression of marginalized identities and a route to cosmopolitan sophistication The recent rise of Hindu nationalism has further polarized traditional views Dalits Muslims and Christians protest threats to their beef eating heritage while Hindu fundamentalists rally against those who eat the sacred cow Yet close observation of what people do and do not eat the styles and contexts within which they do so and the disparities between rhetoric and everyday action overturns this simplistic binary opposition Understanding how a food can be implicated in riots vigilante attacks and even murders demands that we look beyond immediate politics to wider contexts Drawing on decades of ethnographic research in South India James Staples charts how cattle owners brokers butchers cooks and occasional beef eaters navigate the contemporary political and cultural climate Sacred Cows and Chicken Manchurian offers a fine grained exploration of the current situation locating it within the wider anthropology of food and eating in the region and revealing critical aspects of what it is to be Indian in the early twenty first century

Sacred Cows and Common Sense Tim Bale, 1999 Using Labour s postwar welfare policy it shows that we need to break down distinctions between the symbolic and the substantial in politics that cultural theory has potential as a way of understanding party political culture and that welfare policy has played a crucial but self defeating role in Labour s efforts to manage itself win hearts and minds and govern competently It concludes by arguing that New Labour s attempts to rethink welfare is largely rhetorical if one recalls what Labour did in office rather than promised in opposition Rather than a serious attempt to confront social realities the rethink represents a continuation of past practice and a way of signalling the

government's soundness to the market
