Debating the Obama Presidency Steven E. Schier, 2016-09-22 This is the first book to present both the arguments for and against Barack Obama's presidency and its policies. In it prominent political scientists and Washington think tank scholars address Obama's domestic economic and foreign policies and his political legacy. Contrasting perspectives assess the consequences of the large aspirations of the Obama presidency and the political and policy challenges Obama encountered in the pursuit of those aspirations. Barack Obama's project in the White House involved installing lasting changes in national policy and politics. Institutionally, the Obama administration sought to preserve control of Congress through maintenance of reliable partisan Democratic majorities and enhance influence over the federal courts through a steady stream of liberal judicial appointees. The administration sought increased autonomy over the executive branch by a reorganization spawned by a national economic crisis and an ambitious domestic policy agenda. Politically, the Obama administration sought the entrenchment of consistent Democratic electoral majorities. Such large ambitions have generated enduring controversies surrounding his presidency, controversies that receive a full airing and debate in this volume. Contributions by Alan I. Abramowitz, Emory University; Andrew E. Busch, Claremont McKenna College; Peter Juul, Center for American Progress; Lawrence Korb, Center for American Progress; William G. Mayer, Northeastern University; Ruth O'Brien, City University of New York Graduate Center; John J. Pitney Jr., Claremont McKenna College; Danielle Pletka, American Enterprise Institute; Daniel E. Ponder, Drury University; Steven E. Schier, Carleton College; Raymond Tatalovich, Loyola University Chicago; and John Kenneth White, Catholic University of America

From Edward Brooke to Barack Obama Dennis S. Nordin, 2012-06-25 In 2008 American history was forever changed with the election of Barack Obama the United States first African American president However Obama was far from the first African American to run for a public office or to face the complexities of race in a political campaign For over a century offices ranging from city mayor to state senator have been

filled by African Americans making race a factor in many elections In From Edward Brooke to Barack Obama Dennis S Nordin navigates the history of biracial elections by examining the experiences of a variety of African American politicians from across the country revealing how voters both black and white respond to the issue of race in an election The idea to compare the African American political experience across several levels of office first occurred to Nordin as he was researching Arthur W Mitchell s 1934 congressional campaign The question of white voter support was of particular significance as was whether the continuation of that support depended upon his avoiding minority issues in office To begin answering these questions and others Nordin compares the experiences of eleven African American politicians Taken from across the country to ensure a wide sample and accurate depiction of the subject the case studies examined include Tom Bradley mayor of Los Angeles David Dinkins mayor of New York Freeman Bosley Jr mayor of St Louis Senator Edward Brooke of Massachusetts Senator Carol Moseley Braun of Illinois Governor L Douglas Wilder of Virginia and Representative J C Watts Jr of Oklahoma among others As Nordin analyzes these individuals and their contribution to the whole he concludes that biracial elections in the United States have yet to progress beyond race From Edward Brooke to Barack Obama investigates the implications of race in politics a highly relevant topic in today s American society It offers readers a chronological overview of the progress made over the last several decades as well as shows where there is room for growth in the political arena By taking a pertinent topic for the era and placing it in the context of history Nordin successfully chronicles the roles of race and race relations in American politics
