**At the Ocean's Edge** Margaret Conrad, 2020-07-09 At the Ocean's Edge offers a vibrant account of Nova Scotia's colonial history situating it in an early and dramatic chapter in the expansion of Europe Between 1450 and 1850 various processes sometimes violent often judicial rarely conclusive transferred power first from Indigenous societies to the French and British empires and then to European settlers and their descendants who claimed the land as their own This

book not only brings Nova Scotia's struggles into sharp focus but also unpacks the intellectual and social values that took root in the region. By the time that Nova Scotia became a province of the Dominion of Canada in 1867 its multicultural peoples including Mi'kmaq, Acadian, African, and British had come to a grudging, unequal and often contested accommodation among themselves. Written in accessible and spirited prose, the narrative follows larger trends through the experiences of colourful individuals who grappled with expulsion, genocide and war to establish the institutions, relationships and values that still shape Nova Scotia's identity.

Observing the Outports Jeff A. Webb, 2015-10      *Observing the Outports* Jeff Webb, 2016-01-27

The years after Newfoundland's confederation with Canada were ones of rapid social and economic change as provincial resettlement and industrialization initiatives attempted to transform the lives of rural Newfoundlanders. At Memorial University in St. John's a new generation of faculty saw the province's transformation as a critical moment. Some hoped to solve the challenges of modernization through their rural research. Others hoped to document the island's traditional culture before it disappeared. Between them they created the field of Newfoundland studies. In *Observing the Outports* Jeff A. Webb illustrates how interdisciplinary collaborations among scholars of lexicography, history, folklore, anthropology, sociology and geography laid the foundation of our understanding of Newfoundland society in an era of modernization. His extensive archival research and oral history interviews illuminate how scholars at Memorial University created an intellectual movement that paralleled the province's cultural revival.
