Handbook of Research on Transmedia Storytelling, Audience Engagement, and Business Strategies Hernández-Santaolalla, Víctor, Barrientos-Bueno, Mónica, 2020-04-24 As media evolves with technological improvement, communication changes alongside it. In particular, storytelling and narrative structure have adapted to the new digital landscape, allowing creators to weave immersive and enticing experiences that captivate viewers. These experiences have great potential in marketing and advertising, but the medium's methods are so young that their potential and effectiveness is not yet fully understood. *Handbook of Research on Transmedia Storytelling, Audience Engagement, and Business Strategies* is a collection of innovative research that explores transmedia storytelling and digital marketing strategies in relation to audience engagement. Consumer Behavior Senay Sabah, 2017-11-21 No time in the history of consumption is considered to be as important as in today's world. It defines who we are, how well we perform our multiple roles within the society, buying the most expensive clothes means being the best mom, for instance, what symbolic meanings we attribute to our belongings, and how rich, clever, fashionable, conscious, or innovative we are. Due to the multidisciplinary and multimethod character of the concept of consumer behavior, it is appropriate to study it accordingly in order to understand the subject with its different aspects and holistically. Especially with the cultural, social, and technological changes within today's world, this issue becomes prominent. This book is a modest try for that end.
