### **Authoritarianism and the Evolution of West European Electoral Politics** Erik R. Tillman, 2021-07-22

Authoritarianism and the Evolution of West European Electoral Politics provides a novel explanation of rising Euroscepticism and right wing populism in Western Europe The changing political and cultural environment of recent decades is generating an ongoing realignment of voters structured by authoritarianism which is a psychological disposition towards the maintenance of social cohesion and order at the expense of individual autonomy and diversity High authoritarians find the values and demographic changes of the past several decades a threat to social cohesion which has created an opportunity for PRR parties to gain their support by campaigning against these perceived threats to national community posed by immigration values change and European integration The result is a worldview evolution in which party conflict is shaped by the rival preferences of high and low authoritarians Drawing on national and cross national survey data as well as an original survey experiment this book demonstrates how the relationship between authoritarianism and 1 attitudes towards the EU and 2 voting behaviour has evolved since the 1990s In doing so this book advances these literatures by providing an explanation for why certain voters are shifting towards PRR parties as electoral politics realigns *The New Walford* Ray Lester, 2005 Covers 15 broad subject groupings social sciences generic psychology sociology social work politics government law finance accountancy industries business education sport media information and tools for information professionals
