Doak,2007-07 An exploration of the causes and effects of the stock market crash of 1929 F. Scott Fitzgerald in Context Bryant Mangum,2013-03-18 Explores many of the important social historical and cultural contexts surrounding the life and works of F Scott Fitzgerald **The Coming of the American Behemoth** Michael Joseph Roberto,2018-10-22 A primer on the history of American fascism Most people in the United States have been trained to recognize fascism in movements such as Germany s Third Reich or Italy s National Fascist Party where charismatic demagogues manipulate incensed vengeful masses We rarely think of fascism as linked to the essence of monopoly finance capitalism operating under the guise of American free enterprise But as Michael Joseph Roberto argues this is exactly where fascism s embryonic forms began gestating in the United States during the so called prosperous 1920s and the Great Depression of the following decade Drawing from a range of authors who wrote during the 1930s and early 1940s Roberto examines how the driving force of American fascism comes not from reactionary movements below but from the top namely Big Business and the power of finance capital More subtle than its earlier European counterparts writes Roberto fascist America s racist top down quashing of individual liberties masqueraded as real democracy upholding the Constitution and the pressure to be 100 Percent American The Coming of the American Behemoth is intended as a primer to forge much needed discourse on the nature of fascism and its particular forms within the United States The book focuses on the role of the capital labor relationship during the period between the two World Wars when the United States became the epicenter of the world capitalist system Concentrating on specific processes which he characterizes as terrorist and non terrorist alike Roberto argues that the interwar period was a fertile time for the incubation of a protean more salable form of tyranny a fascist behemoth in the making whose emergence has been ignored or dismissed by mainstream historians This book is a necessity for anyone who fears America tipping ever closer in this era of Trump to full blown fascism Go West, Young Women! Hilary Hallett,2013-01-15 In the early part of the twentieth century migrants made their way from rural homes to cities in record numbers and many traveled west Los Angeles became a destination Women flocked to the growing town to join the film industry as workers and spectators creating a New Woman Their efforts transformed filmmaking from a marginal business to a cosmopolitan glamorous and bohemian one By 1920 Los Angeles had become the only western city where women outnumbered men In *Go West Young Women* Hilary A Hallett explores these relatively unknown new western women and their role in the development of Los Angeles and the nascent film industry From Mary Pickford s rise to become perhaps the most powerful woman of her age to the racist moral panics of the post World War I years that culminated in Hollywood s first sex scandal Hallett describes how the path through early Hollywood presaged the struggles over modern gender roles that animated the century to come The USA and The World 2019-2020 ,2019-09-25 Instant interpretive history is a difficult and demanding task and certainly more of an art than some
