Ons koninkrijk in Amerika, West-Indië Bertram Johannes Otto Schrieke, Abraham Arnold Lodewijk Rutgers, 1947 For review see F Oudschans Dentz in Het Indisch Nieuws 26 I 1946 B de Gaay Fortman in De West Indische Gids jrg 29 1948 p 235 236 Maandelijks Bulletin Cara bische Commissie jrg 1 no 8 1947 p 26 Afro-American Folk Culture: The West Indies, Central, and South America John F. Szwed, Roger D. Abrahams, 1978 **Dictionary Catalog of the History of the Americas** New York Public Library. Reference Department, 1961 **Notes on the herpetofauna of Surinam IV** M.S. Hoogmoed, 2012-12-06 Although biological exploration in Surinam started about 300 years ago a thorough account of the Surinam herpetofauna has not hitherto been published Several publications on the subject have been issued see below but none of them was comprehensive However there are several papers dealing with a part of the Surinam lizards The main reason for the absence of a complete review of the Surinam lizards and for that matter of the entire herpetofauna has been the scarcity of the material available in museum collection although some of the more common species reached museums in considerable numbers Until about 1900 the interior of Surinam was virtually terra incognita and most collecting took place in a restricted cultivated area along the coast and the farthest inland point reached was Berg en Dal on the Suriname River From 1900 exploration of the interior was actively encouraged by the Dutch Government and under the auspices of the Koninklijk Nederlandsch Aard rijkskundig Genootschap several geographical expeditions explored the main river systems Although the main purpose of these expeditions was to map the visited areas usually the physician accompanying the expedition was entrusted also with the collecting of zoological and botanical specimens Interesting material from the interior started to reach the Dutch museums in ever increasing numbers after the late nineteen thirties when Dr D C GEIJSKES arrived in Surinam The Surinam Expedition 1948 49 in which Dr GEIJSKES and Mr P H The Statesman's Year-Book S. Steinberg, 2016-12-28 The classic reference work that provides annually updated information on the countries of the world **Dictionary Catalog of the History of the Americas** New York Public Library. Reference Dept, 1961 *Enumeration of the Herbarium Specimens of a Suriname Wood Collection Made by Prof. G. Stahel* Gerda Jane Hillegonda Amshoff, 1948 **Frontier Society** R.A.J. van Lier, 2024-01-22 This classic study was originally published in 1949 in Dutch as *Samenleving in een grensgebied* This English translation is based on a second revised Dutch edition from 1971 The point of departure is J S Furnivall's concept of plural society to sketch the historical development of Suriname The author focuses on the social relations that determined life in the colony In the final part discussing the period from the abolition of slavery to World War II relatively more attention is given to the Creoles or Afro Surinamese than to the populations of Asian descent because the influence exercised by the Creole group during that period was predominant **Frontier Society** R.A.J. Lier, Maria J.L. Yperen, 2013-12-01 The Dutch version of *Frontier Society Samenleving in een Grens gebied* first appeared in 1949 A second Dutch edition of this work has been published in 1971 in the text of which a number of minor improvements have been made

and a few passages added here and there though on the whole the work has remained unchanged The English translation presented here is of the Dutch text for the second impression It is more than twenty years since the book was first published There have been no publications since which have induced me to introduce major corrections or additions to the original work and although further research in the Public Record Office in The Hague has brought more material to light this did not give cause for altering the picture presented or the examples given either This is due in the first place to the character of the work being an attempt at presenting a structural and historical analysis of the development of an exploitation colony based on slavery into the type of society found in many parts of the world outside Europe in the period preceding decolonization But it is probably also a consequence of the paucity of historical publications about a country on which there is such a wealth of material available
