*Activist* Carmel McConnell, 2022-04-20 This book is for anyone wanting to make change happen in their life, in their workplace or community, and possibly for a better world. It shows how social activists ask better questions, take baby steps to move to the next level. From green campaigns to building profitable, trusted teams to Government policy, Carmel offers practical tools and strategies in your personal and professional life. Rather than tune out or hope someone else will create the best options, Change Activists use passion, purpose, and a compelling plan to move forward. Change activists ask better questions: what am I passionate about? what change do I want to see in the world? how can I make big things happen fast in my life? If you are interested in values-led change for yourself and across any kind of organization, this will help. There is power in being true to yourself in doing the right thing. And it is your life, so don't be plastic about it. The book describes how to navigate the ups and downs of making change happen, from start-up to scale-up to winning backers and allies. Through interviews with global change leaders including Big Issue co-founder Lord John Bird, Kenyan education leader Qabale Duba, and Indian vaccination activist Varsha Vanugobal, Carmel unpacks the elements of successful change. Activists suggest we are all capable of more if we take action. This is a practical guide. Carmel wants everyone to find and play their part in a better future.

**The Passion Factor** Peter B. Kaoma, 2011-11-23 The Passion Factor takes a new approach to helping one to learn how to handle his/her innate potential. Many are endowed with great talents but are devoid of the essential quality to provide vivacity to life. Lack of this essential element accounts for the misery that has assailed humanity in every sphere of activity. Peter B. Kaoma calls that innate power from within passion. He ably demonstrates that when that element is set ablaze, we are propelled to reach great heights in any human endeavor. Everyone, rich or poor, can live a remarkable, fulfilled life. You have within your hands a powerful tool that will enable you to live the life you have always wanted.

Intuition Daisy Torres-Petrovich, 2012-02-21 Ever since humankind gained the concept of time, dreamers have sought a way to travel within its limitless shores. They fantasized about the ability to go back in time to right an injustice or go forward in time to explore humanity's potential, but for most, it remained just that: a fantasy. For these rare few, those dreams become an obsession. For there are no boundaries within the varied dimensions that are part of this wonder. However, none of these attempts has been successful because of the lack of spirituality necessary to conquer this skill. To be able to will the spirit long enough to exist outside of the physical body until now. Esperanza Mia is content with her life; that is, until she is introduced to an experiment that changed the world she knew. On that day, she learns of her special gift, spectacular abilities she never imagined possessing. She is on the verge of learning the secret that had been zealously kept for many generations. A blue-eyed stranger

appeared to ensure her success in fulfilling her destiny and with him a torrent of emotions invaded her soul What is the meaning of the spiritual walkers arrival How will her choices determine the fulfillment of prophecies written throughout human history Few beings have discovered how to bend or squeeze time Fewer have learned the consequences of doing so Will Esperanza be able to do both and survive
