Teaching the Tough Issues Jacqueline Darwin, 2015-04-24 This book introduces a groundbreaking teaching method intended to help English social studies and humanities teachers address difficult or controversial topics in their secondary classrooms Because these issues are rarely addressed in teacher preparation programs few teachers feel confident facilitating conversations around culturally and politically sensitive issues in ways that honor their diverse students voices and lead to critical transformative thinking The author describes a four step method to help teachers structure discussions and written assignments while concurrently assisting them in addressing Common Core State Standards Designed to aid students in both developing their own viewpoints on contentious issues and in actively critiquing those of their teachers and peers these practices will enhance any humanities curriculum

The Invisible Family Pasquale De Marco, 2025-05-08 The Invisible Family explores the hidden world of the invisible We meet people who have been rendered invisible by society and we learn about the challenges they face We also explore the ethical implications of invisibility and we ask ourselves what it means to be truly seen The invisible world is not just a place of suffering It is also a place of hope and resilience The people

we meet in this book are survivors They have overcome great adversity and they have found ways to live meaningful and fulfilling lives Their stories are a reminder that we are all connected and that we all have a responsibility to care for one another We can no longer afford to ignore the invisible world It is time to shine a light on the darkness and to make the invisible visible The Invisible Family is a call to action It is time to make the invisible visible It is time to challenge the systems that oppress and marginalize people It is time to create a more just and equitable world for all In this book we will explore the many different ways that people can become invisible We will meet homeless people immigrants refugees the poor the disabled and LGBTQ people We will learn about the challenges they face and we will discuss the ethical implications of invisibility We will also explore the future of invisibility What will happen as technology advances and we become increasingly able to control what others see and don't see How will this affect our society and what will it mean for the invisible people among us The Invisible Family is a must read for anyone who wants to understand the hidden world of the invisible It is a book that will challenge your assumptions open your eyes to the suffering of others and inspire you to make a difference in the world If you like this book write a review on google books

The Reform of Renewal Benedict C.F.R. Groeschel, 2011-04-11 This clear and unequivocal call for personal reform as the basis of authentic renewal in society and in the Church is rooted in several sources The work of an internationally recognized Biblical scholar Rudolph Schnackenburg is woven in with the observations of contemporary social critics as well as behavioral scientists The author does not spare anyone's feelings in an attempt at a critical and objective analysis of the serious problems of the Catholic Church and mainstream religious denominations in America This book definitively places the onus for reform on the individual Christian striving to follow the Gospel in our materialistic and selfish culture Because of its roots in Scripture and in the long history of reform in the Church this book offers the reader a well founded hope that the first signs of real renewal in the Church are beginning to appear Includes index Father Groeschel has written the book for the Church in the 90's He is right on target He has said clearly and prophetically what must be said before it is too late namely that all true Christian renewal must be rooted in personal ongoing conversion I found reading the book as valuable as making a retreat Father Richard Roach S J Marquette University By his frequent use of appealing concrete examples and comparisons Groeschel shows conclusively that true lasting renewal in the Church can only happen by continual repentance and reform in our individual lives Father Kenneth Baker Editor Homiletic and Pastoral Review
