## **Opening Heavens Door What The Dying Tell Us About Where Theyre Going:**

*Opening Heaven's Door* Patricia Pearson, 2015-05-19 Nearing Death Awareness is a phenomenon rarely discussed by those who have experienced it and often dismissed by our culture because it defies science or logic Yet roughly half of bereaved people as well as nurses and others who constantly observe the dying have stories of coincidental visions at the exact moment of a loved one's death comforting visits from a departed friend in an hour of need and observations of the uncanny precision with which the dying predict their own deaths even when they appear to the trained eye to be on the brink of recovery These surprisingly common occurrences point toward a larger spiritual reality and the reality of life or something else after death They also have the power to console and comfort us and to transform our understanding of mortality Prompted by her own family's experiences surrounding the deaths of her father and sister journalist Patricia Pearson examines the scientific and anecdotal evidence to challenge current assumptions regarding what we know and what we are still unable to explain about what happens to us at the threshold of death Adapted from publisher description

understood throughout history is absolutely fascinating James Martin SJ author of *Jesus A Pilgrimage* A smart and thought provoking cultural history of heaven What do we think of when we think about heaven What might it look like Who or what might be there Since humans began to huddle together for protection thousands of years ago these questions have been part of how civilizations and cultures define heaven the good place beyond this one From Christianity to Islam to Hinduism and beyond from the brush of Michelangelo to the pen of Dante people across millennia have tried to explain and describe heaven in ways that are distinctive and analogous unique and universal In this engrossing cultural history of heaven Catherine Wolff delves into how people and cultures have defined heaven over the centuries She describes how different faiths and religions have framed it how the sense of heaven has evolved and how nonreligious influences have affected it from the Enlightenment to the increasingly nonreligious views of heaven today Wolff looks deep into the accounts of heaven to discover what s common among them and what makes each conception distinct and memorable The result is *Beyond* an engaging thoughtful exploration of an idea that is central to our humanity and our desire to define an existence beyond death *Radical Transformation* Imants Barušs,2021-01-28 In *Radical Transformation* Imants Baru s leads the reader out of the receding materialist paradigm into an emerging post materialist landscape in which new questions present themselves If consciousness has nonlocal properties then how are boundaries between events established If consciousness directly modulates physical manifestation then what is the scope of such modulation If consciousness continues after physical death then how much interference is there from non physical entities As we face the threat of extinction on this planet is there anything in recent consciousness research that can help us Are there effective means of self transformation that can be used to enter persistent transcendent states of consciousness that could resolve existential and global crises The author leads the reader through discussions of meaning radical transformation and subtle activism revealing the unexpected interplay of consciousness and reality along the way **The Laws of the Spirit World** Khorshed Bhavnagri,2009-01-01 WITH A BRAND NEW LOOK ON FEBRUARY 22 1980 KHORSHED AND RUMI BHAVNAGRI S WORLD WAS SHATTERED ONE MONTH LATER A NEW ONE OPENED Khorshed and Rumi Bhavnagri lost their sons Vispi and Ratoo in a tragic car crash With both their sons gone the couple felt they would not survive for long They had lost all faith in God until a miraculous message from the Spirit World gave them hope and sent them on an incredible journey *Have You Ever Loved Someone Who Didn't Love You Back?* Beverly D.
