politics They took up questions of human dignity liberty reason tolerance civil society democracy and violence In Enlightenment on the Eve of Revolution Elizabeth Suzanne Kassab offers a groundbreaking analysis of the tanwir debates and their import for the 2011 uprisings Kassab locates these debates in their local context as well as in broader contemporary political and intellectual Arab history She argues that the enlightenment they advocated was a form of political humanism that demanded the right of free and public use of reason By calling for the restoration of human dignity and seeking a moral compass in the wake of the destruction wrought by brutal regimes they understood tanwir as a humanist ideal Kassab connects their debates to the Arab uprisings arguing that their demands bear a striking resemblance to what was voiced on the streets of Egypt and Syria in 2011 Enlightenment on the Eve of Revolution is the first book to document these debates for the Anglophone audience and to analyze their importance for contemporary Egyptian and Syrian intellectual life and politics

The Ethics of Exile Ashwini Vasanthakumar, 2021 Exiles have long been transformative actors in their homelands they foment revolution sustain dissent and work to create political identities back home Rather than focus on what exiles mean for the countries they enter this book recognises their political and moral agency and explores their relationship to the communities they have left

Syrian Gulag Jaber Baker, Ugur Ümit Üngör, 2023-10-05 Shortlisted for the 2024 British Kuwait Friendship Society Prize An estimated 300 000 people have been detained or have died in prison since the Syrian uprising broke out Syrians can be arrested for liking a post on Facebook or for the political activities of a distant relative They are imprisoned without trial and tortured and starved often to death This book is the first to expose the worst prisons in the Middle East if not the world In previous years it had been too dangerous to undertake research on this subject but the enormous numbers of Syrians taking refuge in neighbouring countries and Europe has allowed unprecedented access to their stories Based on interviews with both the victims and perpetrators survivors memoirs and notes as well as leaked regime archives leaked photos and leaked intelligence files the book is a testament of the internment and imprisonment system in Syria under the rule of the Assads father and son 1970 2020 A harrowing account of the machinery of the Assad dynasty Syrian Gulag is also an urgent expos on Syria today

The Dread Heights Basit Kareem Iqbal, 2025-09-02 Muslim charities and community organizations have assumed a significant role in refugee support since the Syrian catastrophe in Jordan and Canada as elsewhere they deliver food aid house orphans and organize remedial education But Islam is more than just a resource for humanitarian projects The Dread Heights details how the Islamic tradition guides refugees relief workers and religious scholars in a world of brutal sieges and mass displacement Through an ethnography of religious imagination and theological argumentation Iqbal demonstrates what is at stake beyond secular frames for migration and relief Even as refugees become objects of humanitarian concern suspended between national orders The Dread Heights brings another suspension into view a form of life whose gestures are illuminated by the Quranic figure of the Heights Iqbal's ethnography pursues an unsentimental lucidity across the search for refuge the trials of creational existence and the

ultimately enigmatic divine decree In the shadow of war beyond humanitarian order Islam offers an orientation to the devastation of the present *Crimes in Archival Form* Prof. Dr. Ken MacLean,2022-03-01 *Crimes in Archival Form* explores the many ways in which human rights facts are produced rather than found Using Myanmar as his case study Ken MacLean examines the fact finding practices of a human rights group two cross border humanitarian agencies an international law clinic and a global NGO led campaign Foregrounding fact finding in critical yet constructive ways prompts long overdue conversations about the possibilities and limits of human rights documentation as a mode of truth seeking Such conversations are particularly urgent in an era when the perpetrators of large scale human rights violations exploit misinformation weaponize disinformation and employ outright falsehoods including deepfakes to undermine the credibility of those who document abuses and demand accountability in the court of public opinion and in courts of law MacLean compels practitioners and scholars alike to be more transparent about how human rights fact production works why it is important and when its use should prompt concern *Opération César* Garance Le Caisne,2015-10-07 Jamais des preuves aussi accablantes de crimes de guerre et de crimes contre l humanit n avaient t divulgu es alors qu un conflit se poursuit En Syrie un homme l a fait Son nom de code C sar Ce photographe de la police militaire a risqu sa vie pour exfiltrer pendant deux ans 45 000 photos et documents de d tenus tortur s mort Il n est jamais apparu devant des m dias En janvier 2015 dans le magazine am ricain *Foreign Affairs* le pr sident Bachar el Assad a affirm que ce photographe militaire n existait pas Qui a pris ces photos Qui est il Personne ne sait Aucune v rification de ces preuves n a t faite Ce sont des all gations sans preuves C sar existe L auteur de ce livre a pass des dizaines d heures avec lui Son t moignage est exceptionnel L enq te sur le fonctionnement de la machine de mort syrienne qui taye son r cit est une plong e dans l indicible *Syria Betrayed* Alex J. Bellamy,2022-09-06 The suffering of Syrian civilians caught between the government s barrel bombs and chemical weapons and religious fanatics beheadings and mass killings shocked the world Yet despite international law and political commitments proclaiming a responsibility to protect civilians from mass atrocities world actors stood aside as Syria burned Again and again neighboring states global powers and the United Nations opted for half measures or made counterproductive choices that caused even more harm Alex J Bellamy provides a forensic account of the world s failure to protect Syrian civilians from mass atrocities Drawing on interviews with key players documents from the United Nations and other international organizations and sources from the Middle East and beyond he traces the missteps of the international response to Syria s civil war Bellamy systematically examines the various peace processes and the reasons they failed highlighting potential alternative paths He details how and why key actors prioritized their own national interest geopolitical standing regional stability local rivalries counterterrorism goals or domestic politics rather than the welfare of Syrians Some governments settled on unrealistic strategies founded on misguided assumptions while others pursued naked ambition the United Nations descended into irrelevance and even complicity Shedding new light on the decisions that led to a vast

calamity Syria Betrayed also draws out lessons for more effective responses to future civil conflicts **Opa(c)Ration**
