Gary P. Gershman

Opposing Viewpoints Series The Death Penalty Paperback Edition:

The Death Penalty Paul A. Winters, 1997 Opposing viewpoints debate death penalty issues Includes critical thinking activities *Capital Punishment* C. Cliff, 2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence With such politically flammable and ethically challenging issues hanging over it capital punishment is a vitally important issue to understand To help facilitate that study this book assembles a carefully selected and substantial listing of literature focussing on the death penalty Anyone researching this area of criminal justice will find this book an important tool as it offers easy access to the most relevant works about capital punishment Following the bibliography further access is provided with author title and subject indexes The Death Penalty Jenny Cromie, Lynn Marie Zott, 2013 Each title in the highly acclaimed Opposing Viewpoints series explores a specific issue by placing expert opinions in a unique pro con format the viewpoints are selected from a wide range of highly respected and often hard to find publications This title explores whether the death penalty is just and ethical whether the death penalty serves the public good whether the death penalty is applied fairly and whether the death penalty should be abolished or reformed Each volume in the Opposing Viewpoints Series could serve as a model not only providing access to a wide diversity of opinions but also stimulating readers to do further research for group discussion and individual interest Both shrill and moderate th Standard Catalog for High School Libraries H.W. Wilson Company, 2002 Each vol is divided into 2 parts 1st 7th ed Dictionary catalog and Classified catalog 8th 9th ed have 3rd part Directory of publishers Capital Punishment Joseph A. Melusky, 2024-10-17 This authoritative balanced and accessible reference resource provides readers with a wide ranging survey of capital punishment in America including its history its legal and cultural foundations and racial and economic factors in its application This carefully crafted primer on the history and present state of capital punishment in the United States examines cultural political and legal factors and developments as well as key figures groups and movements by consolidating a wide variety of material into a single convenient source Utilizing a rich and varied array of scholarship and primary sources this work examines historical political cultural and legal factors and developments that have shaped the contours of capital punishment throughout American

history It examines key figures and organizations who have played pivotal roles in debates over the death penalty provides readers with illuminating coverage of laws cases and the people involved discusses the experiences of death row inmates and explores questions and controversies revolving around the socioeconomic factors that influence the use of capital punishment

Great Books Written by Africans across the Academic Disciplines Emmanuel D. Babatunde, Abdul Karim

Bangura, 2022-07-04 This volume is the first text to provide a comprehensive account of the great books across the academic disciplines written by Africans born in the continent and those who became naturalized citizens of African countries These great books are those that have had a powerful important or affecting influence on the author of a chapter in this book as an individual and on society The books included here are mostly of the storytelling type and thus not representative of most of the academic disciplines This volume allows each contributor to write a chapter on a discipline showcasing five great books written by African authors Each selection is appraised and suggestions made by other experts in a discipline while every chapter entails an introduction to the topic a conceptual discussion of the discipline a book by book review of the five books and a conclusion and recommendations for research using the selected books

The Leviathan's Choice James Michael Martinez, William D. Richardson, William Donald Richardson, D. Brandon Hornsby, 2002 One of the broadest and most balanced accounts of the capital punishment debate The Leviathan's Choice explores the death penalty from four distinct perspectives philosophical theological social science and legal and includes scholarly essays on both sides of the debate An ideal reader for students and policy makers this book is essential for everyone following the arguments surrounding the death penalty

Death Penalty on Trial Gary P. Gershman, 2005-04-19 An extensive survey of the pros and cons evolution and current issues surrounding one of the hottest topics in today's social debates Death Penalty on Trial A Handbook with Cases Laws and Documents sifts through the rhetoric politics and emotion that characterize one of the most highly discussed yet least understood issues facing the United States today Placing the death penalty in a historical perspective with an emphasis on the last 50 years this case driven volume explains the legal theory that has perpetuated it and the judicial reasoning both pro and con behind such landmark Supreme Court cases as Furman v Georgia and The United States of America v Alan Quinones From the first Massachusetts Bay Colony execution and the inventions of the electric chair and gas chamber to DNA testing of inmates readers will learn how and why capital punishment continues to be so controversial

Hard Time Blues Sasha Abramsky, 2002-01-22 In 1980 300 000 Americans were in prisons across the country In 2000 that number is nearing 2 million Hard Time Blues investigates the culture of incarceration and the astonishing growth of the American prison system over the past 20 years

Death Penalty Cases Barry Latzer, 2010-10-27 Death Penalty Cases presents significant verbatim excerpts of death penalty decisions from the United States Supreme Court The first chapter introduces the topics discussed throughout the book It also includes a detailed history of the death penalty in the United States After this introduction the remaining eighteen chapters are divided into five parts Foundational Cases Death Eligible

Crimes and Persons The Death Penalty Trial Post Conviction Review and Execution Issues The first part consisting of five chapters talks about the mandatory death penalty mitigating evidence and racial bias The next part covers death eligible crimes such as rape and other crimes that do not involve homicide and murder The middle part presents the trial process from choosing the appropriate decision makers through the sentencing decision Followed by this is a chapter focusing on the aftermath of conviction such as claims of innocence The book concludes by exploring issues related to execution such as not executing insane convicts Finally execution methods are presented Provides the most recent case material no need to supplement Topical organization of cases provides a more logical organization for structuring a course Co authors with different perspectives on the death penalty assures complete impartiality of the material Provides the necessary historical background a clear explanation of the current capital case process and an impartial description of the controversies surrounding the death penalty Provides the latest statistics relevant to discussions on the death penalty Clearly explains the different ways in which the states process death penalty cases with excerpts of the most relevant statutes

Peculiar Institution David Garland, 2011-02-01 The U S death penalty is a peculiar institution and a uniquely American one Despite its comprehensive abolition elsewhere in the Western world capital punishment continues in dozens of American states a fact that is frequently discussed but rarely understood The same puzzlement surrounds the peculiar form that American capital punishment now takes with its uneven application its seemingly endless delays and the uncertainty of its ever being carried out in individual cases none of which seem conducive to effective crime control or criminal justice In a brilliantly provocative study David Garland explains this tenacity and shows how death penalty practice has come to bear the distinctive hallmarks of America s political institutions and cultural conflicts America s radical federalism and local democracy as well as its legacy of violence and racism account for our divergence from the rest of the West Whereas the elites of other nations were able to impose nationwide abolition from above despite public objections American elites are unable and unwilling to end a punishment that has the support of local majorities and a storied place in popular culture In the course of hundreds of decisions federal courts sought to rationalize and civilize an institution that too often resembled a lynching producing layers of legal process but also delays and reversals Yet the Supreme Court insists that the issue is to be decided by local political actors and public opinion So the death penalty continues to respond to popular will enhancing the power of criminal justice professionals providing drama for the media and bringing pleasure to a public audience who consumes its chilling tales Garland brings a new clarity to our understanding of this peculiar institution and a new challenge to supporters and opponents alike

Invitation to an Execution Gordon Morris Bakken, 2010-11-16 Until the early twentieth century printed invitations to executions issued by lawmen were a vital part of the ritual of death concluding a criminal proceeding in the United States In this study Gordon Morris Bakken invites readers to an understanding of the death penalty in America with a collection of essays that trace the history and politics of this highly charged moral legal and cultural issue Bakken has

solicited essays from historians political scientists and lawyers to ensure a broad treatment of the evolution of American cultural attitudes about crime and capital punishment Part one of this extensive analysis focuses on politics legal history multicultural issues and the international aspects of the death penalty Part two offers a regional analysis with essays that put death penalty issues into a geographic and cultural context Part three focuses on specific states with emphasis on the need to understand capital punishment in terms of state law development particularly because states determine on whom the death penalty will be imposed Part four examines the various means of death from hanging to lethal injection in state law case studies And finally part five focuses on the portrayal of capital punishment in popular culture **Library Media**

Connection ,1999 *Executing Justice* Lloyd H. Steffen,2006-03-14 This compelling book incisively analyzes every philosophical and humanitarian argument about the death penalty It is a searching study of the ultimate invalidity of all the arguments advanced to justify the ultimate power of the state The last chapter is a powerful treatment of the reasons why Christianity must logically be opposed to the death penalty No one is entitled to be heard in the fractious debate about the death penalty until that person has pondered the material discussed in this indispensable book Robert F Drinan SJ Professor of Law Georgetown University Law Center Lloyd Steffen has powerfully explored the moral reasoning of the death penalty By utilizing the case of Willie Darden he brings an abstract argument home on a personal level Finally he poses what this means for those of us who are Christians What will be your answer This book provides an excellent consideration of all the available options Rev Joseph B Ingle Nobel Peace Prize nominee for his ministry to persons on death row We have by now a shelf of books that offer empirical constitutional or political discussions of the death penalty What we don t have is a comprehensive accessible and persuasive evaluation of the death penalty in our society from the moral point of view Thanks to Lloyd Steffen s new book that need has been met He enables us to see in patient detail just how difficult if he is right how impossible it is to defend the death penalty on moral grounds May his argument reach and persuade many Hugo Adam Bedau editor of *The Death Penalty in America Current Controversies* There is no moral legal or ethical justification for the death penalty and *Executing Justice* makes this abundantly clear Steffen makes a compelling case that America can lift itself into the league of nations that long ago abandoned this barbaric practice Morris Dees cofounder and chief trial counsel of the Southern Poverty Law Center Federal Probation ,1998 **The Death Penalty** Mary E. Williams,2002 Presents differing opinions on the death penalty discussing such topics as the death penalty as a deterrent to crime wrongful executions and if the death penalty is cruel and unusual punishment **The Living Age** ,1893 *Death Penalty* Syd Golston,2009-06-12 The highest recorded number of executions in the U S occurred in 1999 when 98 executions were performed This compelling resource presents a discussion on the death penalty covering topics such as arguments for the death penalty objections against the death penalty and how the United States differs from other countries in handling the issue Context is introduced through an examination of court cases and historical background **Topical Bibliography** ,1985 Death is Different Hugo Adam
