Opstand In Het Paradijs:

Empire, Colony, Genocide A. Dirk Moses, 2008 In 1944 Raphael Lemkin coined the term genocide to describe a foreign occupation that destroyed or permanently crippled a subject population This text is a world history of genocide that highlights what Lemkin called the role of the human group and its tribulations **Post-Colonial Immigrants and Identity** Formations in the Netherlands Ulbe Bosma, 2012 In this book Ulbe Bosma explores the experience of immigrants in the Netherlands over sixty years and three generations Looking at migrants from all countries Bosma teases out how their ethnic identities are informed by Dutch culture and how these immigrant identities evolve over time Fascinating comprehensive and historically grounded this essential volume reveals how the colonial past continues to shape multicultural Dutch society It is an important counterpart to work on France Britain and Portugal Andrea Smith Lafayette College Rethinking Histories of Indonesia Sadiah Boonstra, Bronwyn Anne Beech Jones, Katharine McGregor, Ken M.P. Setiawan, Abdul Wahid, 2025-08-21 Rethinking Histories of Indonesia Experiencing Resisting and Renegotiating Coloniality provides a critical evaluation of histories of Indonesia from the formal period of colonisation to the present day The volume approaches Indonesian history through the lens of coloniality or the structures of power and control that underpin colonisation and which persist into the present Bringing together seventeen authors from across the world the volume offers an alternative conceptualisation of Indonesian history and lays bare the enduring legacies of and processes that reproduce coloniality This is a significant and exciting volume in terms of its scale the range of disciplines approaches and topics included and ultimately for its contribution to the field of Indonesian history and historiography and Indonesian studies and decolonial studies more broadly The contributors to this book do a great service to students of Indonesian history its cultures society and politics offering new sources voices approaches and perspectives Overall they provide a fresh and vital critique of not only Indonesia's colonial history but its continuing lived influences on present day Indonesia and beyond Jemma Purdey Australia Indonesia Centre Monash University De garoeda en de ooievaar Herman Burgers, 2010-01-01 Deze nieuwe beschrijving van het wordingsproces van de Indonesische staat gaat ervan uit dat die staat zijn ontstaan niet alleen dankt aan de nationale vrijheidsbeweging maar ook aan de Nederlandse heerschappij waar die beweging zich tegen keerde Daarom gaat het boek uitdrukkelijk in op voornaamste ontwikkelingen van het door Nederland in de kolonie Nederlands Indi gevoerde beleid Hier sluiten hoofdstukken op aan over de Indonesische nationale beweging en over de Japanse bezetting van de kolonie in 1942 1945 Die bezetting maakte de weg vrij voor de proclamatie van de Indonesische onafhankelijkheid en de stichting van de Republiek Indonesi in augustus 1945 Het daarop ontbrande conflict tussen deze Republiek en Nederland kwam in 1949 tot een onvolledige oplossing waarna het geschil over West Irian nog tot een dertien jaar durende nasleep leidde Meer dan de helft van het boek is gewijd aan een kroniek van dit conflict en zijn nasleep Daarbij gaat ook ruime aandacht uit naar denkbeelden en sentimenten die het beleid hebben be nvloed The Postcolonial Low Countries Elleke Boehmer, Sarah De

Mul, 2012-06-01 The Postcolonial Low Countries is the first book to bring together critical and comparative approaches to the emergent field of neerlandophone postcolonial studies The collection of essays ranges across the cultures and literatures of the Netherlands and Belgium and establishes an encounter between postcolonial theoretical discourses from both within and without the region Each one of the contributions puts under pressure the definitive concepts of postcolonial studies in its more conventional anglophone or francophone formation as well as perceptions of the Low Countries Belgium and the Netherlands as lying outside or to the side of the postcolonial domain In the Low Countries local and regional issues concerning multiculturalism and colonial belatedness have raised important questions about the possible grounds on which postcolonial critical concepts might be not only translated but also generated afresh to suit these paradoxically new contexts As The Postcolonial Low Countries incisively demonstrates the Low Countries demand a careful rearticulation of such postcolonial readymades as hybridity accommodation and creolization Gathering together contributions from both internationally renowned scholars and newly established researchers in the field The Postcolonial Low Countries maps previously underexplored national and transnational literary critical trajectories. The book challenges in boundary shifting wavs current readings of the so described multicultural and postcolonial Netherlands and Belgium Empire's Violent End Thijs Brocades Zaalberg, Bart Luttikhuis, 2022-07-15 In Empire's Violent End Thijs Brocades Zaalberg and Bart Luttikhuis along with expert contributors present comparative research focused specifically on excessive violence in Indonesia Algeria Vietnam Malaysia Kenya and other areas during the wars of decolonization In the last two decades there have been heated public and scholarly debates in France the United Kingdom and the Netherlands on the violent end of empire Nevertheless the broader comparative investigations into colonial counterinsurgency tend to leave atrocities such as torture execution and rape in the margins The editors describe how such comparisons mostly focus on the differences by engaging in guilt ranking Moreover the dramas that have unfolded in Algeria and Kenya tend to overshadow similar violent events in Indonesia the very first nation to declare independence directly after World War II Empire's Violent End is the first book to place the Dutch Indonesian case at the heart of a comparison with focused thematic analysis on a diverse range of topics to demonstrate that despite variation in scale combat intensity and international dynamics there were more similarities than differences in the ways colonial powers used extreme forms of violence By delving into the causes and nature of the abuse Brocades Zaalberg and Luttikhuis conclude that all cases involved some form of institutionalized impunity which enabled the type of situation in which the forces in the service of the colonial rulers were able to use extreme violence The Pacific War Christina Twomey, Ernest Koh, 2014-09-15 The Pacific War is an umbrella term that refers collectively to a disparate set of wars however this book presents a strong case for considering this assemblage of conflicts as a collective singular war It highlights the genuine thematic commonalities in the legacies of war that cohere across the Asia Pacific and shows how the wars both individually and collectively wrought dramatic change to the geo political makeup of the region This book

discusses the cultural political and social implications of the Pacific War and engages with debates over the war s impact legacies and continuing cultural resonances Crucially it examines the meanings and significance of the Second World War from a truly international perspective and the contributors present fascinating case studies that highlight the myriad of localised idiosyncrasies in how the Pacific War has been remembered and deployed in political contexts The chapters trace the shared legacy that the individual wars had on demographics culture and mobility across the Asia Pacific and demonstrate how in the aftermath of the war political borders were transformed and new nation states emerged. The book also considers racial and sexual tensions which accompanied the arrival of both Allied and Axis personnel and their long lasting consequences as well as the impact returning veterans and the war crime trials that followed the conflict had on societies in the region In doing so it succeeds in illuminating the events and issues that unfolded in the weeks months and indeed decades after the war This interdisciplinary volume examines the aftermaths and legacies of war for individuals communities and institutions across South Southeast and East Asia Oceania and the Pacific world As such it will be welcomed by students and scholars of Asian history modern history and cultural history as well as by those interested in issues of memory and commemoration Opstand in het paradijs James Mossman, 1961 Post-Colonial Immigrants and Identity Formations in the Netherlands Ulbe Bosma, 2025-10-01 This book explores the Dutch post colonial migrant experience within the context of a wider European debate Over 60 years and three generations of migration history is presented while also surveying an impressive body of post colonial literature much of which has never reached an international audience While other research focuses on one or at most two groups post colonial migrants are treated here as a distinct analytical category with a unique relationship to the receiving society After all over 90 per cent were Dutch citizens before even reaching the Netherlands as they did in huge waves between 1945 and 1980 Together they constitute 6 per cent of today's Dutch population So how did they form their identities What were relationships with locals like How have second and third generations responded Post Colonial Immigrants and Identity Formations in the Netherlands offers the germane scholarship on one particular country with a particularly rich history to readers worldwide Decolonization and Conflict Martin Thomas.Gareth Curless, 2017-06-15 Insurgency based irregular warfare typifies armed conflict in the post Cold War age For some years now western and other governments have struggled to contend with ideologically driven guerrilla movements religiously inspired militias and systematic targeting of civilian populations Numerous conflicts of this type are rooted in experiences of empire breakdown Yet few multi empire studies of decolonisation s violence exist Decolonization and Conflict brings together expertise on a variety of different cases to offer new perspectives on the colonial conflicts that engulfed Europe's empires after 1945 The contributors analyse multiple forms of colonial counter insurgency from the military engagement of anti colonial movements to the forced removal of civilian populations and the application of new doctrines of psychological warfare Contributors to the collection also show how insurgencies their propaganda and methods of action were inherently

transnational and inter connected The resulting study is a vital contribution to our understanding of contested decolonization It emphasises the global connections at work and reveals the contemporary resonances of both anti colonial insurgencies and the means devised to counter them It is essential reading for students and scholars of empire decolonization and asymmetric warfare Colonial Counterinsurgency and Mass Violence Bart Luttikhuis, A. Dirk Moses, 2018-10-24 Whether out of historical interest romantic identification with the colonized or as models for contemporary counter insurgency experts the mass violence of insurgency and counter insurgency in the post war decolonization of the European empires has long exerted an intense fascination In the main the dramas in French Algeria and British Kenya in the 1950s have dominated the scene overshadowing the equally violent events that unfolded in the Dutch Belgian and Portuguese empires Colonial counterinsurgency and mass violence is the first book in English to treat the intense conflict that occurred during the Indonesian revolution the decolonization struggle of the Dutch East Indies between 1945 and 1949 This case is particularly significant as the first episode of post war colonial violence indeed one with global reverberations International opinion was ranged against the Dutch and the nascent United Nations condemned its euphemistically termed police actions to reclaim the archipelago from Indonesian nationalists after defeat by the Japanese in 1942 As this book makes clear however intra Indonesian violence was no less prevalent as rival independence visions vied for control and villagers were caught between the fronts Taking a multi perspectival approach eighteen authors examine the origins of the conflict as well as its representational and memory dimensions Colonial counterinsurgency and mass violence will appeal to scholars of imperial history mass violence and memory studies alike This book is based on a special issue of the Journal of Genocide Research

the fight against the Dutch but also on the precarious rise of the Republic After the horrors of the Japanese occupation the Republican leaders needed to somehow build a new state From the Dutch side they had to deal with short sighted politicians and warmongering soldiers On its own side the Republic was confronted with wayward and combative youths autonomous military leaders conservative federalists revolutionary communists and radical Muslims Coup d tats a civil war and two Dutch military attacks threatened the survival of the Republic That is why the victory finally achieved by the Indonesian leaders is the revolution s greatest miracle Bersiap!: opstand in het paradijs H. Th Bussemaker, 2005 Indonesia Patricia Tjiook-Liem, 2025-10-01 The Chinese played a vital part in the Dutch colonial economy and their economic role has remained important throughout the centuries Starting in the early 1900s China also influenced their socio political life After the Chinese in the Dutch East Indies managed to shed most discriminatory regulations in the first decades of the twentieth century they again had to strive for their rights in the new Republic of Indonesia This proved to be a difficult process filled with tension surrounding the issues of culture ethnicity and nationality In this book Patricia Tjiook Liem puts Chinese Indonesians at the centre of Dutch colonial and Indonesian history and takes you through the most important periods in this often underexposed history A Safe Arrival Sonja Southwell, 2018-02-23 In A Safe Arrival author Sonja Southwell tells the unforgettable story of her parentsRyer and Johanna van Kralingenattending particularly to the period of their service as Salvation Army officers in Holland and in the Netherlands East Indies now Indonesia from the 1930s through to the 1950s It includes the harrowing period of their internment by the Japanese during World War II Sonjas beautifully rendered and meticulously researched memoir biography adds an important untold chapter to published histories of the Asia Pacific and Indonesian Independence Wars It also offers a timely and poignant reminder of the brutal realities of war and its often life long traumatic sequelae in the lives of those it touches But above everything else this is a deeply moving and inspiring account not just of human survival but of the triumph of Love over Fear It is a story of remarkable spiritual faith and calling that compel and enable two ordinary people to perform extraordinary acts of bravery and compassionate service to others Throughout their lives Sonjas parents took the essence of a Dutch proverb to heart God has not promised us a calm journey but a safe arrival This is the story of Ryer and Johannas often turbulent voyage and their ultimately safe arrival Opstand in het paradijs Ketoet Tantri, Jan Beerens, 1995 Herinneringen van een Engels Amerikaanse vrouw die sinds 1933 als inlandse leefde op Bali en zich na 1945 inzette als propagandiste voor de onafhankelijke Indonesische Republiek tegen het Nederlandse koloniale gezag Drie eeuwen Depok Jan-Karel Kwisthout, 2024-01-19 Cornelis Chastelein 1657 1714 werd in Amsterdam geboren en stamde uit een Hollandse regentenfamilie die oorspronkelijk uit Dordrecht kwam Na het overlijden van zijn ouders vertrok hij als jongeman naar Indi Daar maakte hij snel carri re in dienst van de Verenigde Oost Indische Compagnie VOC en in Batavia ontwikkelde hij zich tot een eigenzinnig visionair en gerespecteerd VOC bestuurder Chasteleins missie werd om Indi om te vormen van een wingewest tot een duurzame kolonie waarin de lokale bevolking meer
