## **Open The Coffin A True Story Of The Supernatural:**

*Open the Coffin* Paul Casey, 2005-06 First in a dream then into my office came a centuries old ghost tapping on my desk with a fan The mother of emperors kings and queens herself sole sovereign over half the world for fifty one years Juana was Archduchess of Austria Queen of Castile Queen of Aragon Sicily Sardinia Naples Mexico Peru and all the lands to the west of Africa Yet Simon Schuster s great reference book *The Timetables of History* does not even mention her death in 1555 Two and a half centuries before the United States was born Juana the First of Spain attempted to establish a democratic government that would have spanned the Americas from pole to pole How could such a person simply vanish into a footnote of modern times Betrayed first by her husband then her father then her son Juana was declared insane Under iron clad secrecy she was committed to the horrors of a stone room without light for nearly a decade The answer seems all too sinister She was a young widow never trained to rule sitting on the throne of the greatest empire of the time She was a woman too passionate too outspoken too much trouble The dark secret for five hundred years was an international conspiracy She was made to disappear Juana s appearance in a Twentieth Century office building was independently perceived by other people at the same time And what is to be made of her odd Birth Card connections with the author *Supernatural* Cael Novak, 2019-10-14 From the successful book *Sobrenatural 300 Historias de Terror Misterio y Leyendas Urbanas* Comes the awaited English translation The universe is full of mysteries that we will never be able to solve you ll understand it sooner rather than later but even if we only focused on our planet Earth we would realize that countless extraordinary and inexplicable events have occurred around the centuries Intrigued by the mystery and the supernatural I undertook a research to investigate these types of cases my search led me to talk to many people who told me their stories and I wrote the cases that seemed most interesting in the form of a story in a book that I called my *Supernatural Diary* But that didn t seem enough to me so I investigated cases of missing persons that touched the impossible very strange cases related to the ouija dolls possessed by evil entities cursed objects urban legends from many parts of the world unsolved murders in addition to different UFO sightings that have not only one but multiple serious witnesses and many other stories and special cases that I wrote here since I consider they are worth sharing with you you can believe me when I tell you that this book is full of surprises You ll start reading quite soft stories but make sure to move forward since you will realize that the higher the count the stories will be getting a bit more disturbing each time and some will even reassess your beliefs So without further ado accompany me through 300 stories full of mystery suspense terror and much more *The supernatural? **Real Cities** Steve Pile, 2005-03-18 this is a book with an interesting thesis and a welcome contribution to the literature Pile has opened up a productive theoretical and empirical space for further study and exploration RGS IBG Urban Geography Research Group What is real about city life Real Cities shows why it is necessary to take seriously the more imaginary fantastic and emotional aspects of city life Drawing inspiration from the work of Walter Benjamin Sigmund Freud and Georg Simmel Pile explores the dream like and ghost like experiences of the city Such experiences are he argues best described as phantasmagorias The phantasmagorias of city life though commonplace are far from self evident and little understood This book is a path breaking exploration of urban phantasmagorias grounded empirically in a series of unusual and exciting case studies In this study four substantial phantasmagorias are identified dreams magic vampires and ghosts The investigation of each phantasmagoria is

developed using a wide variety of clear examples Thus voodoo in New York and New Orleans shows how ideas about magic are forged within cities Meanwhile vampires reveal how specific fears about sex and death are expressed within and circulate between cities such as London and Singapore Taken together such examples build a unique picture of the diverse roles of the imaginary fantastic and the emotional in modern city life What is real about the city has radical consequences for how we think about improving city life for all too often these are over looked in utopian schemes for the city Real Cities forcefully argues that an appreciation of urban phantasmagorias must be central to what is considered real about city life
