Opening The Quran Introducing Islams Holy Book:

Opening the Qur'an Walter H. Wagner, 2010-07-02 Opening the Qur'an can be a bewildering experience to non Muslim English speaking readers Those who expect historical narratives stories or essays on morals are perplexed once they pass the beautiful first Surah often shocked and then bogged down by Surah 2 and even offended by Surah 3 s strictures against nonbelievers Walter H Wagner opens the Qur'an by offering a comprehensive and extraordinarily readable step by step introduction to the text making it accessible to students teachers clergy and general readers interested in Islam and Islam s holy Book Wagner first places the prophet Muhammad the Qur'an and the early Muslim community in their historical geographical and theological contexts This background is a basis for interpreting the Qur'an and understanding its role in later Muslim developments as well as for relationships between Muslims Jews and Christians He then looks in detail at specific passages moving from cherished devotional texts to increasingly difficult and provocative subjects The selected bibliography serves as a resource for further reading and study Woven into the discussion are references to Islamic beliefs and practices Wagner shows great sensitivity toward the risks and opportunities for non Muslims who attempt to interpret the Qur'an and sympathy in the long struggle to build bridges of mutual trust and honest appreciation between Muslims and non Muslims

Prophets in the Qur'ān and the Bible Daniel S. Baeq, Sam Kim, 2022-05-24 The theme of prophets and prophecy is a central area of theological research and discussion in both Christianity and Islam While academic researches on the prophets of Islamic tradition do exist it is rare to find studies which compare them with the biblical accounts based on evangelical theology This book provides theological analysis of the biblical prophets which appear in the Qur'an and the Islamic literature The selection of prophets includes Adam Nuh Noah Ibrahim Abraham Yusuf Joseph Musa Moses Dawud David Ezekiel Dhul Kifl Zakariya Yahya John the Baptist and Mary the Mother of Jesus The contributors are a distinguished group of international scholars who combine impressive academic credentials with extensive ministry among Muslims Moreover the

international nature of the contributors lends credibility to the work as an exercise in global theology This book lays a good foundation for the comparison of scriptural and theological traditions of two world major religions and for generating further discussions

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Religion and Violence Dominic Arcamone, 2016-02-25 The aim of Religion and Violence is to engage dialectically key symbols of religiously motivated violence through the insights of Bernard Lonergan Sociologists and psychologists argue the link between religion and violence but religion is viewed more as part of the problem and not part of the solution to violence Bernard Lonergan's insights have helped the author arrive at a number of conclusions regarding the link between religion and violence He argues that there is a difference between distorted religion and genuine religion between authenticity and inauthenticity of the subject Distorted religion has the capacity to shape traditions in ways that justify violence while genuine religion heals persons helps them make different moral decisions when confronted with situations of conflict and aims to explore new ways of understanding themselves as shaping history toward progress

Who Was Muhammad? Doug Hardt, 2016-04-20 Whether we will admit it or not it happens all the time We often judge individuals families churches and other organizations based on a lack of information We hear something negative about a teenager in our child's class and assume that the parents are slacking off we get reprimanded by the church greeter for our attire and assume that the whole church is unfriendly and cold we listen to the news about a greedy CEO and assume the whole company is out to rip us off Following this train of thought what do you think of when you hear the name Muhammad Do you think of a prophet of God sent to the Arabs or do you think of a leader who formed a blood thirsty religion Your perception will most likely be skewed by what you know about Muslims today But that begs the question What do you really know about Muhammad and Islam Are you willing to study and learn about his life and teachings Are you willing to reach across the divide and get to know the
