The belief that medical interventions could redeem women children and the nation is what O Brien refers to as salvation though surgery As operations acquired racial and religious significances Indigenous Afro Mexican and mixed race people s bodies became sites for surgical experimentation Even during periods of Church state conflict O Brien argues the religious valences of experimental surgery manifested in embodied expressions of racialized and often coercive medical science Lawyers' Reports Annotated ,1899 The Pacific Reporter ,1929 Pacific States Congressional Record United States, Congress, 1917 The Congressional Record is the official record of the Reports ,1912 proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional
