Optimum Nutrition Company Swot Analysis:

Innovative product packaging. How can packagings contribute to the business process, marketing and profit?

Shruti Choudhary, 2019-05-23 Doctoral Thesis Dissertation from the year 2015 in the subject Business economics Offline Marketing and Online Marketing grade A Sir Padampat Singhania University Singhania university course management language English abstract The present study aims to know the role of innovative packaging in today's world. There are still many hurdles which hinder the growth of packaging. To overcome this problem, this thesis focuses on various strategies that the companies should follow. This study serves to inform the companies that there are still many gaps in proper packaging. On the other hand, the thesis focuses on various other aspects of packaging like innovative packaging trend, customer's preference regarding or specific packaging materials. The purposes of packaging are protection, suspension, information, and convenience. Innovative packaging not only conserves the food quality but also meaningfully contributes to a business process. Innovative packaging also has secondary functions such as marketing and sales blurb. On the other hand, the main job of food packaging is to gain safeguarding and safe supply of food product until consumption. During allocation, the quality of food may deteriorate biologically, chemically, and physically. Therefore, a noble and innovative packaging donates to extend the shelf life and preserves the quality of the product. Second, it was found that now companies use packaging as a promotional tool. It has become a very significant factor of decision making. New advanced technologies are used and implemented by the companies to gain competitive advantage and reduce cost, as well as researchers study the attitude and preference level of customer and find the deficiency in existing system so that it helps companies to generate more profits. A survey method was employed and the data was drawn from customers, retailers, and company executives who were belong to Delhi and Haryana. Data collected from the 730 questionnaires that were distributed in which 500 responses gained from customer, 250 from retailers, and 30 from company executives. This study provides recommendation to the companies to improve their current packaging strategies and overcome the gap of customer and retailer preferences. Limitations and recommendation is discussed so that future research can take it into consideration.
