Foreign Relations of the United States United States. Department of State, 1958 **An Incredible War: IAF in Kashmir War 1947-1948** , 2013-10-15 If the Indian Air Force had not put our troops airlifted in the early hours of 27th October 1947 from Delhi on the ground at Srinagar which was menacingly threatened by Pakistan forces the history and map of India might well have been quite different In those momentous hours the Indian Army and Indian Air Force in a heroic joint operation began to roll back the blatant aggression of Pakistani military and save Jammu and Indian Army troops were moved by air under grave emergency conditions from Delhi to stem the enemy's advance From this point started the saga of the an almost forgotten war the first and the longest war independent India was forced to fight and where the fledgling air force emaciated by partition and preoccupied with relief and rescue operations following massive riots and demographic movements played a crucial role in India's defence Indian Air Force continued to play a vital role during that most incredible war and this book chronicles the history of its role where all the bits and pieces have been brought together by the painstaking persistence of the author to share the glorious record of the Indian Air Force The men in blue knowing the challenges of an aggressive military the weather and terrain of high altitude and the difficulties of supplying our troops working closely with the army knew that it executed one of most brilliant military campaigns in its history under the most daunting circumstances feats that it has continued to repeat ever since then But time and again the air force moved troops into critical battles and provided extensive combat support in uncharted areas to turn the tide Within the IAF the deeds of pilots engineers technicians and other personnel during that war became legend and inspired succeeding generations But little has been written or known in and outside the service about how our inheritance was shaped by so few This volume tells the story for the first time painstakingly put together from extensive research and interviews by the author **Western Strategic Interests in Saudi Arabia (RLE Saudi Arabia)** Anthony Cordesman, 2020-07-26 Saudi Arabia's strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force **American Foreign Policy, Current Documents** , 1967

Khomeini'S Warriors Mehran Riazaty,2016-05-11 This book analyzes Ayatollah Khomeinis ideology Irans official and unofficial armed forces and its allies throughout the world and provides photographs of the regimes predominant actors Since 1892 the Shia clergy has played a major role in Iran such as the tobacco boycott which led to the withdrawal of the concession given by the Shah to British citizens Irans Constitutional Revolution of 1906 as well as organizing opposition to the Shahs policies in the 1979 revolution Ayatollah Khomeini was a lecturer at Hawza Ilmiyya Shia seminary of traditional Islamic school of higher learning of Najaf and Qom for decades before he came on to the Iranian political scene In 1977 Khomeini assumed the mantle of leadership within the Islamist opposition after the death of Ali Shariati a leftist intellectual and one of the most influential Iranian Muslim thinkers of his generation In 1930 Shariati contributed a new line of thinking in Iran through his reinterpretation of jihad and shahadat martyrdom which was presented in his view of an authentic Islam Shariatis new authentic Islam centered on a reinterpretation of the story of Karbala where Imam Hussein was martyred in a battle refusing to pledge allegiance to Yazid the Umayyad caliph Shariati borrowed the Christian concept of martyrdom from the Crucifixion and Resurrection of Jesus as the basis of his new Islamic philosophy Shariati wrote that when faced with the possibility of ones own death one must adopt an attitude of freedom toward death and thereby experience authentic living In 1978 Ayatollah Khomeinis reinterpretation of Shia rituals removed the borders between the audience and the actors turning the entire country into a stage for his casting He imbued the old passion of the story of Karbala with a new passionate hatred for the Shahs unjust rule in Iran as well as Israels and the United States influences within the world Khomeinis memory of Dr Mohammed Mosaddegh whose government was toppled by the CIA in 1953 returning the Shah to Iran resulted in the rise of various political groups such as nationalists liberals secularists and Marxists These groups were essential in assisting Khomeinis overthrow of the Shah though they were soon stomped out by the creation of the Islamic Revolutionary Guard Corps IRGC in May 1979 in order to protect Khomeinis unique brand of a Shia Islamic Revolution The Iran Iraq War initiated the rapid expansion of the IRGCs size and capabilities In September 1980 the IRGC had only 30 000 men in lightly armed units Prior to the war the IRGC personnel were very young in age and had little to no military experience By the summer of 1981 the IRGC had organized basic training centers with experienced commanders and a select group of regular officers They also had 50 000 members and its strength would jump to 100 000 in 1983 and 250 000 in 1985 In order to meet all its manpower needs on the Iraq war front the IRGC then turned to its volunteer militia the Basij The Basij members provided more troops than the IRGC could arm The average Basij member came from Irans rural areas and can be described as poor uneducated and ranged in age from twelve to thirty years old Like the IRGC the Basij members are motivated by both religion and ideology After the Iran Iraq War the IRGC focused on external threats as the Basij increased its involvement in domestic affairs In past years the Basij militia has been active in controlling public gatherings and disrupting demonstrations by civil or student activists
