## **Modernist Fiction Modernist Fiction:**

Modernist Fiction and Vagueness Megan Quigley, 2015-02-02 Modernist Fiction and Vagueness marries the artistic and philosophical versions of vagueness linking the development of literary modernism to changes in philosophy This book argues that the problem of vagueness language's unavoidable imprecision led to transformations in both fiction and philosophy in the early twentieth century Both twentieth century philosophers and their literary counterparts including James Eliot Woolf and Joyce were fascinated by the vagueness of words and the dream of creating a perfectly precise language Building on recent interest in the connections between analytic philosophy pragmatism and modern literature Modernist Fiction and Vagueness demonstrates that vagueness should be read not as an artistic problem but as a defining quality of modernist fiction

**Publishing Modernist Fiction and Poetry** Lise Jaillant, 2019-02-06 Publishing houses are nearly invisible in modernist studies Looking beyond little magazines and other periodicals this collection highlights the importance of book publishers in the diffusion of modernism It also participates in the transnational turn in modernist studies demonstrating that book publishers created new markets for modernist texts in the United States Europe and the rest of the world Modernist Fiction R.W. Stevenson, 2014-09-11 In the revised edition of this popular text Randall Stevenson has expanded re emphasised and amended his work to make it even more relevant to today's student studying the Modernist period in literature The book covers a wide range of modernist novelists and novels and also provides an invaluable guide to key developments in the genre Stevenson has developed his text by adding a discussion of Conrad's Heart of Darkness which is now taught more regularly than Lord Jim In addition he takes a fresh look at the politics of the Modernists in conjunction with the politics of their texts pointing out the drawbacks of politically progressive readings of many modernist novels Finally in the section on gender Stevenson includes discussions of such significant figures as Djuna Barnes HD Katherine Mansfield and Rebecca West as well as expanding the reference to Gertrude Stein throughout The revisions in this updated text serve to make the authors arguments sharper and allow the text to remain central to the discussion of modernism modernity and the novel

*Microscopy, Magnification and Modernist Fiction* Patrick Armstrong, 2024-12-26 Exploring how modernism registered shock experiences of the microscopic and extended vision in prose fiction through the work of four modernist writers D H Lawrence Marcel Proust Virginia Woolf and Samuel Beckett this book is the first substantial study of the interrelations between microscopy and modernist fiction Illustrating ways in which optical instruments had the capacity to change displace and reframe ideas of what the world is like this book argues that encounters with the microscopic are often depicted as thresholds between the human and the non human in ways that reverberate through modernist fiction Exploring a period of significant developments in microscopical tools and techniques from the light microscope to the electron microscope this book traces a shift that reconfigured the limits of the observable

## **The Persistence of Realism in Modernist Fiction**

Paul Stasi, 2022-10-06 Form vs content aesthetics vs politics modernism vs realism these entrenched binaries tend to

structure work in early 20th century literary studies even among scholars who seek to undo them The Persistence of Realism demonstrates how realism's defining concerns sympathy class social determination animate the work of Henry James James Joyce Virginia Woolf Samuel Beckett and Ralph Ellison In contrast to the oft told tale of an aesthetically rich modernism overthrowing realism's social commitments along with its formal structures Stasi shows how these writers engaged with realism in concrete ways The domestic novel naturalist fiction novels of sentiment and industrial tales are realist structures that modernist fiction simultaneously preserves and subverts Putting modernist writers in conversation with the realism that preceded them The Persistence of Realism demonstrates how modernism's social concerns are inseparable from its formal ones

The Self as Object in Modernist Fiction Timo Müller, 2010 **Narrative Personae and Desire in Modernist Fiction** Kevin Ohi, 2025-09-25 Examining modernist fiction in the context of a longer tradition of narrative impersonality Narrative Personae and Desire in Modernist Fiction explores how narrative language renders subjective states of interiority and desire Inspired by linguistic analyses of the speakerless sentences of narrative language and their unoccupied centers of perception Kevin Ohi argues that modernist texts are populated by quasi persons narrative voices that are impersonal while trailing effects of personality and characters whose personhood is suspended the incisive rendering of psychology and desire produced by externalizations of consciousness Certain first person texts highlight the constitutive tension between the functions of narrator and character joined in that first person while in third person texts a charismatic or impervious central voice can be shown nevertheless to hold the psychologies it empties from the characters it describes At stake is the particular way that modernist narrative responds to the question of literature's capacities for addressing psychic life In Virginia Woolf's *Jacob's Room* William Faulkner's *As I Lay Dying* Ford Madox Ford's *The Good Soldier* Eudora Welty's *The Golden Apples* Ronald Firbank's *Concerning the Eccentricities of Cardinal Pirelli* and James Purdy's *Mourners Below* this volume finds a paradoxical merger a humanizing effect achieved by narrative depersonalization and its evocations of psychology and desire **Modernist Fiction, Cosmopolitanism and the Politics of Community** Jessica

Berman, 2001-08-13 In *Modernist Fiction Cosmopolitanism and the Politics of Community* first published in 2001 Jessica Berman argues that the fiction of Henry James Marcel Proust Virginia Woolf and Gertrude Stein engages directly with early twentieth century transformations of community and cosmopolitanism Although these modernist writers develop radically different models for social organization their writings return again and again to issues of commonality shared voice and exchange of experience particularly in relation to dominant discourses of gender and nationality The writings of James Proust Woolf and Stein she argues not only inscribe early twentieth century anxieties about race ethnicity nationality and gender but confront them with demands for modern cosmopolitan versions of community This study seeks to revise theories of community and cosmopolitanism in light of their construction in narrative and in particular it seeks to reveal the ways that modernist fiction can provide meaningful alternative models of community **The Cambridge Companion to the**

**Modernist Novel** Morag Shiach, 2007-04-19 The novel is modernism's most vital and experimental genre With a chronology and guide to further reading this 2007 Companion is an accessible and informative overview of the genre

**Modernist Literature** Mary Ann Gillies, Aurelea Mahood, 2007 An engaging critical assessment of British literature produced between 1900 and 1945

Sotirova, 2013-05-09 This stylistic study of consciousness in the Modernist novel explores shifts across different viewpoints and the techniques through which they are dialogically interconnected The dialogic resonances in the presentation of character consciousness are analysed using linguistic evidence and evidence drawn from everyday conversational practices

Modernist Literature Vicki Mahaffey, 2007-01-05 This inclusive guide to Modernist literature considers the high Modernist writers such as Eliot Joyce Pound and Yeats alongside women writers and writers of the Harlem Renaissance Challenges the idea that Modernism was conservative and reactionary Relates the modernist impulse to broader cultural and historical crises and movements Covers a wide range of authors up to the outbreak of World War II among them Oscar Wilde Joseph Conrad Henry James Langston Hughes Samuel Beckett HD Virginia Woolf Djuna Barnes and Jean Rhys Includes coverage of women writers and gay and lesbian writers

*The New Modernist Novel* Elizabeth Pender, 2024-09-30 Considers relationships between modernist literature and literary criticism and argues that new modernist fiction can bring with it new modes of reading Considers how close reading may change as the study of modernism changes to include recently recovered fiction Asks what reading meant for selected critics of modernist literature around 1930 and around 1960 Offers readings of three new modernist novels Djuna Barnes's *Nightwood* John Rodker's *Adolphe* 1920 and Mina Loy's *Insel* Considers key cultural moments of the novels composition and reception Extends the questions about reading raised by these novels to Samuel Beckett's *Comment c'est* How It Is and Jean Rhys's short stories Since the late twentieth century new understandings of modernism have come with new attention to a range of writers Yet if the academic study of modernism took shape around an older narrower selection of writers and works how can its modes of reading be relevant to newly recovered modernist writing This book considers how close reading may change as the subjects of literary study change Elizabeth Pender asks what reading meant for critics of modernist literature around 1930 and around 1960 and then what close reading might look like now for three new modernist novels Djuna Barnes's *Nightwood* John Rodker's *Adolphe* 1920 and Mina Loy's *Insel* tend to resist some of the strategies of reading that helped construct a narrowed modernist canon at mid century such as the pursuit of coherence These novels offer new thinking about the temporality of reading style and the ethics of narration Reading these novels now suggests that other new modernist fiction too may require revisions to vocabularies with which modernist literature has sometimes been read

**The Modernist Novel** Stephen Kern, 2011-06-23 Leading scholar Stephen Kern offers a probing analysis of the modernist novel encompassing American British and European works Organized thematically the book offers a comprehensive analysis of the stunningly original formal innovations in novels by Conrad Joyce Woolf Proust Gide Faulkner Dos Passos Kafka Musil and

others Kern contextualizes and explains how formal innovations captured the dynamic history of the period reconstructed as ten master narratives He also draws briefly on poetry and painting of the first half of the twentieth century The Modernist Novel is set to become a fundamental source for discussions of the genre and a useful introduction to the subject for students and scholars of modernism and twentieth century literature *Travel and Modernist Literature* Alexandra Peat,2012-03-28 Through close readings of works from Henry James to W E B Du Bois and from Virginia Woolf to Jean Rhys this book discusses how fictional travelers negotiate and adapt various tropes of travel such as quest expatriation displacement and exile as models for their own journeys Specifically Peat considers the ethical dimensions of modernist travel from two distinct vantages The first focuses on the relationship between the secular and the sacred in modernist travel literature arguing that the recurrent narrative of secular travel is haunted by a desire for spiritual transcendence The second posits modernist travel fiction as a potentially positive example of transcultural relations consciously arguing against the received notion that travel during an imperial era is always by nature itself imperialist Throughout particular attention is paid to the transnational nature of modernism and the various global flows traced by modernist literature *A Companion to Modernist Literature and Culture* David Bradshaw, Kevin J. H. Dettmar,2008-04-15 The Companion combines a broad grounding in the essential texts and contexts of the modernist movement with the unique insights of scholars whose careers have been devoted to the study of modernism An essential resource for students and teachers of modernist literature and culture Broad in scope and comprehensive in coverage Includes more than 60 contributions from some of the most distinguished modernist scholars on both sides of the Atlantic Brings together entries on elements of modernist culture contemporary intellectual and aesthetic movements and all the genres of modernist writing and art Features 25 essays on the signal texts of modernist literature from James Joyce's *Ulysses* to Zora Neale Hurston's *Their Eyes Were Watching God* Pays close attention to both British and American modernism *Modernist Literature* Mary Ann Gillies,2007-03-19 This engaging textbook provides a critical assessment of British modernist literature produced between 1900 and 1945 Each chapter focuses on a single decade a distinct genre and a specific theme the 1900s the short story gender and sexuality the 1910s poetry war technology and propaganda the 1920s the novel new modes of literary expression the 1930s the documentary political engagement A final chapter covers the 1940s and beyond looking at new literary and artistic movements and other modernisms Covering canonical texts and lesser known works *Modernist Literature* introduces students to current debates in Modernism and a range of literature in its historical and aesthetic contexts Features Examines four distinct genres the short story poetry novel and documentary decade by decade Combines close readings with cultural and political analyses of British modernism Includes a Chronology and Further Readings with each chapter *Consciousness in Modernist Fiction* V. Sotirova,2013-05-09 This stylistic study of consciousness in the Modernist novel explores shifts across different viewpoints and the techniques through which they are dialogically interconnected The dialogic resonances in the presentation of

character consciousness are analysed using linguistic evidence and evidence drawn from everyday conversational practices

**Modernist Literature** Rachel Potter, 2012-04-02 Introduces students to a wide range of modernist writers and critical debates in modernism studies Discussing canonical modernist writers such as James Joyce and T S Eliot alongside less familiar writers such as Mina Loy and Djuna Barnes the guide takes students through a wide ranging modernist literary landscape It considers how the publishing networks and collaborative projects which connected writers in the period were central to the creation of English language modernism It also introduces students to recent critical debates in modernism studies with separate chapters on modernism and the writing of geography and exile the relationship between modernism obscenity and literary censorship and modernism and mass culture with a particular focus on the modernist interest in film and modernism and politics The book also considers the changing meaning of the word modernism through twentieth and twenty first century criticism

*Wittgenstein and Modernist Fiction* Greg Chase, 2022-02-08 The early decades of the twentieth century were a period of major economic and cultural upheaval across Europe and America Scholars have typically held that novelists responded to these shifts by questioning language s capacity to picture the world accurately But even as modernist novels move away from a view of language as a means of gaining knowledge they also underscore its capacity to grant acknowledgment they treat words as tools for recognizing and responding to the inner lives of others This book brings out this crucial feature of modernism by engaging with the philosophy of Ludwig Wittgenstein and with Stanley Cavell s pioneering interpretation of Wittgenstein s thought The book shows how Wittgenstein s interest in acknowledgment emerges over the course of his career long effort to grapple with the same disorienting conditions of modern life that the experimental fiction of this period registers including world wars industrialization and new conceptions of sexuality It then argues that modernist novels by E M Forster Virginia Woolf Nella Larsen William Faulkner and others exhibit a similar interest in language s capacity to grant acknowledgment These novels offer readers a way of hearing what Wittgenstein calls the silent soliloquy of others giving us words by which we might acknowledge the otherwise unvoiced inner lives of socially marginalized figures
