## **Mona Lisa A Life Discovered:**

Mona Lisa Dianne Hales, 2014-08-05 The book rests on the premise that the woman in the painting Mona Lisa is indeed the person identified in its earliest description Lisa Gherardini 1479 1542 wife of the Florence merchant Francesco del Giocondo Dianne Hales has followed facts from the Florence State Archives to the squalid street where Mona Lisa was born to the ruins of the convent where she died **Mona Lisa and her mysteries** Beatriz M. Mikusinski Zawislak, 2022-08-25 This book tells the story of Leonardo Da Vinci's Mona Lisa based on a pedagogical approach in order to present information accessibly even for those who do not have a background in History or History of Art On the other hand the book brings well documented information based on testimonials of some of the most renowned researchers who have studied the subject Before addressing the subject of the book the author presents the stories of the first three portraits painted by Leonardo Da Vinci the portrait of Ginevra de Benci the portrait known as The lady with an Ermine and the portrait of La Belle Ferronni re aiming to use these three paintings to observe Leonardo's evolving creative process in portrait painting non religious paintings before painting his iconic Mona Lisa which is thoroughly analyzed in many aspects *Mona Lisa* Ric Haynes, 1986

*Mona Lisa* Dianne Hales, 2014 A genius immortalized her A French king paid a fortune for her An emperor coveted her No face has ever captivated so many for so long Every year more than nine million visitors trek to her portrait in the Louvre Yet while everyone recognizes her smile hardly anyone knows her story This book rests on the premise that the woman in the Mona Lisa is indeed the person identified in its earliest description Lisa Gherardini 1479 1542 wife of the Florence merchant Francesco del Giocondo Dianne Hales has followed facts wherever she could find them from the Florence State Archives to the squalid street where she was born to the ruins of the convent where she died Lisa Gherardini was a quintessential woman of her times caught in a whirl of political upheavals family dramas and public scandals Descended from ancient nobles she gave birth to six children and died at age sixty three Her life spanned the most tumultuous chapters in the history of Florence decades of war rebellion invasion siege and conquest and of the greatest artistic outpouring the world has ever seen Her story creates an extraordinary tapestry of Renaissance Florence inhabited by larger than legend figures such as Leonardo Michelangelo and Machiavelli *Mona Lisa A Life Discovered* takes readers beyond the frame of Leonardo's masterpiece and introduces them to a fully dimensional human being The Mona Lisa Vanishes Nicholas Day, 2025-09-09 The tale of a stunning art heist with a contagious love of stranger than fiction true stories Steve Sheinkin Newbery Honor winning author of *Bomb* The true story of how Leonardo da Vinci's masterpiece became the most famous painting in the world after being stolen from the Louvre written as a witty thriller The New York Times and featuring black and white illustrations throughout SIBERT MEDAL WINNER BOSTON GLOBE HORN BOOK AWARD WINNER ONE OF THE BEST BOOKS OF THE YEAR Publishers Weekly School Library Journal Booklist Kirkus Reviews NPR The New York Public Library The Chicago Public Library The Bulletin of the Center for Children's Books On a hot August day in Paris just over a century ago a desperate

guard burst into the office of the director of the Louvre and shouted *La Joconde c'est partie* The Mona Lisa she's gone No one knew who was behind the heist Was it an international gang of thieves Was it an art hungry American millionaire Was it the young Spanish painter Pablo Picasso who was about to remake the very art of painting Travel back to an extraordinary period of revolutionary change turn of the century Paris Walk its backstreets Meet the infamous thieves and detectives of the era And then slip back further in time and follow Leonardo da Vinci painter of the Mona Lisa through his dazzling wondrously weird life Discover the secret at the heart of the Mona Lisa the most famous painting in the world should never have existed at all

Mona Lisa Martin Kemp, Giuseppe Pallanti, 2017-05-26 Read this book and the world's most famous image will never look the same again For the world's greatest cultural icon still has secrets to reveal not the silly secrets that the Leonardo loonies continue to advance but previously unknown facts about the lives of Leonardo his father Lisa Gherardini the subject of the portrait and her husband Francesco del Giocondo From this factual beginning we see how the painting metamorphosed into a universal picture that became the prime vehicle for Leonardo's prodigious knowledge of the human and natural worlds We learn about the new money of the ambitious merchant who married into the old gentry of Lisa's family We discover Lisa's life as a wife and mother her association with sexual scandals and her later life in a convent We meet for the first time previously undiscovered members of Leonardo's immediate family and discover new information about his early life The tiny hill town of Vinci is placed before us with its widespread poverty We find out about the career and possessions of his father a notable lawyer in Florence The meaning of the portrait that resulted from these human circumstances is vividly illuminated though Renaissance love poetry and verses specifically dedicated to Leonardo We come to understand how Leonardo's sciences of optics psychology anatomy and geology are embraced in his poetic science of art Recent scientific examinations of the painting disclose how it evolved to assume its present appearance in Leonardo's experimental hands Above all we cut through the suppositions and the myths to show that the portrait is a product of real people in a real place at a real time This is the book that brings back a sense of reality into the creation of the portrait of Lisa del Giocondo And the actual Mona Lisa it turns out is even more astonishing and transcendent than the Mona Lisa of legend

Nelson,2020-11-17 This volume is the first in depth analysis of how infirm bodies were represented in Italy from c 1400 to 1650 Through original contributions and methodologies it addresses the fundamental yet undiscussed

relationship between images and representations in medical religious and literary texts Looking beyond the modern category of disease and viewing infirmity in Galenic humoral terms each chapter explores which infirmities were depicted in visual culture in what context why and when By exploring the works of artists such as Caravaggio Leonardo and Michelangelo this study considers the idealized body altered by diseases including leprosy plague goitre and cancer In doing so the relationship between medical treatment and the depiction of infirmities through miracle cures is also revealed The broad chronological approach demonstrates how and why such representations change both over time and across different forms of media Collectively the chapters explain how the development of knowledge of the workings and structure of the body was reflected in changed ideas and representations of the metaphorical allegorical and symbolic meanings of infirmity and disease The interdisciplinary approach makes this study the perfect resource for both students and specialists of the history of art medicine and religion and social and intellectual history across Renaissance Europe
