Money Transfer Business Plan:

Informal Funds Transfer Systems Mr.Samuel Munzele Maimbo,Mr.Mohammed El Qorchi,Mr.John F. Wilson,2003-08-18 Since the terrorist attacks of September 11 2001 there has been increased public interest in informal funds transfer IFT systems This paper examines the informal hawala system an IFT system found predominantly in the Middle East and South Asia The paper examines the historical and socioeconomic context within which the hawala has evolved the operational features that make it susceptible to potential financial abuse the fiscal and monetary implications for hawala remitting and hawala recipient countries and current regulatory and supervisory responses *Cash-transfer Programming in Emergencies* Pantaleo Creti,Susanne Jaspars,2006 In emergencies distributing cash in a targeted manner can often meet people s immediate needs more quickly and appropriately than the direct distribution of commodities such as food aid Cash gives people choices and thereby preserves their dignity Commodity distribution may pose logistical problems takes time and in the case of food aid may disrupt local markets if food is actually available within the affected country or region But among humanitarian agencies there are fears that cash transfers will pose security risks create inflation and fail to be used to meet basic needs In this guide the first of its kind Oxfam staff members present the rationale behind cash transfer programs considering the arguments for and against cash as an alternative to commodity distribution They also give guidance on when cash is the most appropriate intervention and how to assess this Different types of cash intervention are compared cash grants vouchers and cash for work and the guide uses checklists to explain the practical steps involved in implementing them They draw on the experience of Oxfam and other agencies of operating such programs including responses to the devastation caused by the Indian Ocean tsunami in December 2004 The guidelines are primarily intended for NGO personnel humanitarian program managers food security specialists public health engineers finance staff and logisticians Policymakers in donor organizations and international agencies will also find them relevant The sixteen cards contain key elements from the book to explain how to assess whether cash is the most appropriate response to any particular emergency The cards and the paperback are also available as a set **From Microfinance to Business Planning: Escaping Poverty Traps**

Roberto Moro Visconti,2014-06-01 This ground breaking book shows how innovative microfinance solutions can help billions to avoid poverty traps and escape atavistic misery While the success of microfinance has globally exceeded even the wildest expectations there are still many obstacles above all the lack of proper business planning on the side of the borrowers Here Moro Visconti s important book comes to aid offering bottom up development strategies for micro credit driven startups and beyond His forceful analysis of poverty traps and the practical guidelines given including business plan templates as Excel sheets are designed to help practitioners and analysts alike in understanding and reaching the true potential of microfinance
