Envisioning a Critical Race Praxis in K-12 Education Through Counter-Storytelling Tyson E.J. Marsh, Natasha N. Croom, 2016-08-01 While critical race theory is a framework employed by activists and scholars within and outside the confines of education there are limited resources for leadership practitioners that provide insight into critical race theory and the possibilities of implementing a critical race praxis approach to leadership With a continued top down approach to educational policy and practice it is imperative that educational leaders understand how critical race theory and praxis can assist them in utilizing their agency and roles as leaders to identify and challenge institutional and systemic racism and other forms manifestations of oppression Stovall 2004 In the tradition of critical race theory we are charged with the task of operationalizing theory into practice in the struggle for and commitment to social justice Though educational leaders and leadership programs have been all but absent in this process given their influence and power educational leaders need to be engaged in this endeavor The objective of this edited volume is to draw upon critical race counter stories and praxis for the purpose of providing leaders in training and practicing K 12 leaders with tangible narratives that demonstrate how racism and its intersectionality with other forms of oppression manifest within K 12 schooling An additional aim of this book is to provide leaders with a working knowledge of the central tenets of critical race

theory and the tools that are required in recognizing how they might be complicit in the reproduction of institutional and systemic racism and other forms of oppression More precisely this edited volume intends to draw upon and center the lived experiences and voices of contributors that have experienced racism in K 12 schooling Through the use of critical race methodology and counter storytelling Sol rzano Yosso 2002 contributors will share and interrogate their experiences while offering current and future educational leaders insight in recognizing how racism functions within institutions and how they can address it The intended goal of this edited volume is to translate critical race theory into practice while emphasizing the need for educational leaders to develop a critical race praxis and anti racist approach to leadership

Microaggressions and Social Work Research, Practice and Education Michael S. Spencer, 2020-09-10 While blatant forms of racism and discrimination have largely been condemned in our society systematic oppression and racism can be manifested in a less obvious form as microaggressions The term originally developed in the 1970s by Chester Peirce to describe the ways in which Black people were put down by their White counterparts has since been expanded to describe both conscious and unconscious acts that reflect superiority hostility and racially inflicted insults and demeanors to marginalized groups of people This book provides a platform for social work researchers scholars and practitioners to present their research ideas and practices pertaining to ways in which microaggressions and other subtle but lethal forms of discrimination impact marginalized populations within social work and human services Contributors discuss the impact of microaggressions in social work as they relate to race gender and gender expression sexual orientation class and spirituality The book also examines curriculum pedagogy and the academic climate as targets for intervention in social work education This book was originally published as a series of special issues of the Journal of Ethnic and Cultural Diversity in Social Work

When Women Rule the Court Nicole Willms, 2017-08-28 For nearly one hundred years basketball has been an important part of Japanese American life Women s basketball holds a special place in the contemporary scene of highly organized and expansive Japanese American leagues in California in part because these leagues have produced numerous talented female players Using data from interviews and observations Nicole Willms explores the interplay of social forces and community dynamics that have shaped this unique context of female athletic empowerment As Japanese American women have excelled in mainstream basketball they have emerged as local stars who have passed on the torch by becoming role models and building networks for others **Killing the Model Minority Stereotype** Nicholas Daniel Hartlep, Brad J. Porfilio, 2015-06-01 Killing the Model Minority Stereotype comprehensively explores the complex permutations of the Asian model minority myth exposing the ways in which stereotypes of Asian Americans operate in the service of racism Chapters include counter narratives critical analyses and transnational perspectives This volume connects to overarching projects of decolonization which social justice educators and practitioners will find useful for understanding how the model minority

myth functions to uphold white supremacy and how complicity has a damaging impact in its perpetuation The book adds a timely contribution to the model minority discourse The contributors to this book demonstrate that the insidious model minority stereotype is alive and well At the same time the chapters carefully and powerfully examine ways to deconstruct and speak back to these misconceptions of Asian Americans Hartlep and Porfilio pull together an important volume for anyone interested in how racial and ethnic stereotypes play out in the lives of people of color across various contexts Vichet Chhuon University of Minnesota Twin Cities This volume presents valuable additions to the model minority literature exploring narratives challenging stereotypes in a wide range of settings and providing helpful considerations for research and practice David W Chih University of Illinois at Urbana Champaign Asian Pacific Islander adolescents and young adults are especially impacted by the model minority stereotype and this volume details the real life consequences for them and for all communities of color The contributors provide a wide ranging critique and deconstruction of the stereotype by uncovering many of its manifestations and they also take the additional step of outlining clear strategies to undo the stereotype and prevent its deleterious effects on API youth *Killing the Model Minority Stereotype Asian American Counterstories and Complicity* is an essential read for human service professionals educators therapists and all allies of communities of color Joseph R Mills LICSW Asian Counseling and Referral Service Seattle WA *Chinese-Heritage Students in North American Schools* Wen Ma,Guofang Li,2016-03-02 This comprehensive look at Chinese heritage students academic sociocultural and emotional development in the public schools examines pertinent educational theories complex even inconvenient realities learning practices in and outside of schools and social cultural and linguistic complications in their academic lives across diverse settings homes and communities Chinese heritage students are by far the largest ethnic group among Asian American and Asian Canadian communities but it is difficult to sort out their academic performance because NAEP and most state province databases lump all Asian students results together To better understand why Chinese heritage learners range from academic role models to problematic students in need of help it is important to understand their hearts and minds beyond test scores This book is distinctive in building this understanding by addressing the range of issues related to Chinese heritage K 12 students languages cultures identities academic achievements and challenges across North American schools

Making Space for Justice Michele Moody-Adams,2022-07-05 Longlist 2023 Edwards Book Award Rodel Institute From nineteenth century abolitionism to Black Lives Matter today progressive social movements have been at the forefront of social change Yet it is seldom recognized that such movements have not only engaged in political action but also posed crucial philosophical questions about the meaning of justice and about how the demands of justice can be met Michele Moody Adams argues that anyone who is concerned with the theory or the practice of justice or both must ask what can be learned from social movements Drawing on a range of compelling examples she explores what they have shown about the nature of justice as well as what it takes to create space for justice in the world Moody Adams considers progressive social

movements as wellsprings of moral inquiry and as agents of social change drawing out key philosophical and practical principles Social justice demands humane regard for others combining compassionate concern and robust respect Successful movements have drawn on the transformative power of imagination strengthening the motivation to pursue justice and to create the political institutions and social policies that can sustain it by inspiring political hope Making Space for Justice contends that the insights arising from social movements are critical to bridging the gap between discerning theory and effective practice and should be transformative for political thought as well as for political activism

Deterritorializing/Reterritorializing Nancy Ares,Edward Buendía,Robert Helfenbein,2017-05-10 This volume features scholars who use a critical geography framework to analyze how constructions of social space shape education reform In particular they situate their work in present day neoliberal policies that are pushing responsibility for economic and social welfare as well as education policy and practice out of federal and into more local entities States cities and school boards are being given more responsibility and power in determining curriculum content and standards accompanied by increasing privatization of public education through the rise of charter schools and for profit organizations incursion into managing schools Given these pressures critical geography s unique approach to spatial constructions of schools is crucially important Reterritorialization and deterritorialization or the varying flows of people and capital across space and time are highlighted to understand spatial forces operating on such things as schools communities people and culture Authors from multiple fields of study contribute to this book s examination of how social political and historical dimensions of spatial forces especially racial ethnic and other markers of difference shape are shaped by processes and outcomes of school reform Journal of International Students, 2016 Vol. 6 No. 2 Krishna Bista,2016-12-31 The Journal of International Students JIS is a quarterly publication on international education JIS is an academic interdisciplinary and peer reviewed publication Print ISSN 2162 3104 Online ISSN 2166 3750 indexed in major academic databases The journal publishes scholarly peer reviewed articles on international students in tertiary education secondary education and other educational settings that make significant contributions to research policy and practice in the internationalization of education worldwide We encourage the submission of manuscripts from researchers and practitioners around the world from a myriad of academic fields and theoretical perspectives including international education comparative education human geography global studies linguistics psychology sociology communication international business economics social work cultural studies and other related disciplines
