Hoogerwerf,2019-11-13 Have you ever wondered how it would look to live out a Christian sexual ethic amid the varied and confusing sexual messages that are part of modern culture Does the Christian tradition provide us with a way to think about and act on our natural God given sexual desires Honoring God with Body and Mind invites readers to consider these questions and some ways of answering them by guiding them into a conversational style of moral reflection Unlike many books about Christians and sex this one doesn t simply tell you what to do or not to do Instead you will be led to think about how the meaning of sex can provide sexual boundaries but also how the relational dimension of sex and the virtue of sexual integrity can provide a context for sexual decision making Informed by many years of conversations with college students the author also invites you to think about practical questions such as these Can men and women be friends without the complications of sexual attraction If I haven t always included Christian values in my sexual practices and carry some painful memories and regrets is there any hope of healing What is lust Is masturbation sinful Can virginity be reclaimed Women:

Dysfunction Anyone who has sojourned through congregations or denominations would agree that these are not immune to dysfunction These holy organizations often eschew the standards upheld by secular organizations It matters not that those profane or worldly processes accomplish those organizations missions and serve humanity well all within sound ethical boundaries Consequently many church organizations deny themselves the best practices of better organized entities Their

FAITH ADRIFT CHRISTIANITY Cecil W. Stalnaker, 2022-07-27 Faith Adrift Christianity is a biblical response to a devastating form of Christianity that has gripped the heart and soul of many Christians and their churches namely that of nominal Christianity This form of Christianity is counterfeit at its best and is one of the greatest challenges facing the church today whether Protestant Catholic or Orthodox It is estimated that an alarming 75% of professing Christians are living lifeless forms of their faith Although so many identify as Christians something is strangely wrong Sadly wavering in the Christian faith is more common than not Millions of professing Christians in America and Europe are adrift spiritually and indifferent to Jesus Christ and his church This deceptive form of Christianity is not only personally detrimental to the Christian but devastating to the life of the local church Being a weak form of Christianity the church loses its saltiness and its light dims It nullifies its penetrating and powerful outreach into society If not countered Christians will continue to drift toward the sea of nominally having nothing but a token relationship with God For this reason Faith Adrift Christianity is an indispensable guide because it reveals counters and provides answers from a biblical perspective to churches regarding those who profess Christ yet live lapsed Christian lives The uniqueness of Faith Adrift Christianity is its biblical analysis as to

why people manifest an aloofness regarding God Yet it does not merely cite the problems and leave the reader adrift for it offers effective means to combat this very troublesome challenge Ministerial Ethics Joe E. Trull,James E.

Carter,2004-03-01 Ministerial Ethics provides both new and experienced pastors with tools for sharpening their personal and professional decision making skills The authors seek to explain the unique moral role of the minister and the ethical responsibilities of the vocation and to provide a clear statement of the ethical obligations contemporary clergy should assume in their personal and professional lives Trull and Carter deal with such areas as family life confidentiality truth telling political involvement working with committees and relating to other church staff members First published in 1993 this edition has been thoroughly updated throughout and contains expanded sections on theological foundations the role of character confidentiality and the timely topic of clergy sexual abuse Appendices describing various denominational ministerial codes of ethics are included
