Publisher,2005-01-03 Pharmacology for the Primary Care Provider - E-Book Marilyn Winterton Edmunds,Maren Stewart
Mayhew,2009-02-26 Written by and for nurse practitioners this practical textbook focuses on what primary care providers
need to learn and practice drug therapy With an overall emphasis on patient teaching and health promotion you will learn
how to provide effective patient teaching about medications and how to gain patient compliance Drug coverage focuses on

key drugs rather than prototype drugs so you can find important information about the most commonly used drugs rather than the first drug in each class You will also find discussions on the legal and professional issues unique to nurse practitioners and other primary care providers The 3rd edition also features an expanded emphasis on established clinical practice guidelines and evidence based practice plus two new chapters that cover drugs for ADHD and drugs for dementia

UNIQUE Written specifically for nurse practitioners with an overall emphasis on patient teaching and health promotion

UNIQUE Covers specific topics such as prescriptive authority role implementation and writing prescriptions Presents comprehensive coverage of the drugs most commonly prescribed in and the issues most relevant to primary care practice

UNIQUE Identifies the Top 200 drugs in chapter openers with a special icon and covers them in depth to familiarize you with the most important need to know drug information Uses a consistent heading scheme for each prototype drug discussion to make it easier to learn and understand key concepts Includes an introductory chapter on Design and Implementation of Patient Education that highlights content on patient teaching and compliance Includes specific Patient Education sections in each drug chapter Provides extensive coverage of drug therapy for special populations to alert you to special considerations based on age pregnancy race and other factors A separate chapter on Complementary and Alternative Therapies discusses the available complementary and alternative modalities including detailed information on actions uses and interactions of commonly used herbs Drug Overview tables at the beginning of each chapter outline the classifications of drugs discussed and provide a handy reference of drug classes and subclasses generic names and trade names Clinical Alerts highlight essential information that primary care providers must remember in order to avoid serious problems including cautions for prescribing information about drug interactions or warnings about particularly ominous adverse effects An entire unit covers drugs for health promotion to introduce you to drugs commonly seen in outpatient primary care settings and to prepare you for practice in a society increasingly focused on health promotion and disease prevention Includes separate chapters on Immunizations and Biologicals Weight Management Smoking Cessation Vitamins and Minerals Over the Counter Medications and Complementary and Alternative Therapies
