MCQs in Preventive and Social Medicine Singh, 2008 The purpose of this book is to guide students in answering MCQs which are a part of examination in various universities postgraduate entrance test and other competitive examinations About the Author GPI Singh Professor and Head Department of Community Medicine Dayanand Medical College and Hospital Ludhiana Punjab India Sarit Sharma is Assistant Professor Department of Community Medicine Dayanand Medical College and Hospital Ludhiana Punjab India

The Neuropsychology of Women Elaine Fletcher-Janzen, 2008-12-19 The Diversity in Clinical Neuropsychology series is designed to highlight cultural and moderator variables involved in the study of brain behavior relationships Historically the study of psychology and neuropsychology has focused on the male brain being the standard to which all or most variables are considered The study of sex differences is perhaps the most provoking and far reaching aspect of diversity because frequently women have unique assessment and treatment needs For example frontal lobe functioning tends to be more contextual for women than for men These brain functions have behavioral counterparts that directly relate to how interventions may be tailor made to suit the female rather than male patient The goal in neuropsychology is always to improve diagnosis and treatment outcomes and a cohesive summary of the neuropsychology of the female brain would raise awareness and cultural competency of clinicians in neuropsychology Authors will focus on sex differences in the neuropsychological cognitive and development literature ethnic and socioeconomic variables affecting diagnosis and treatment of women and social emotional and behavioral manifestations of neuropsychological sex differences

Employability Skills MCQ Manoj Dole, EMPLOYABILITY SKILLS MCQ is a simple Book for ITI Subject EMPLOYABILITY SKILLS Revised NSQF Syllabus It contains objective questions with underlined bold correct answers MCQ covering all topics including all about the latest Important about English literacy module to understand the application of skills like pronunciation functional grammar greeting introduction etc I T Literacy This module covers the topics like Basics of computer MS Word MS Excel Internet and Emailing etc The IT literacy has two sections theory and exercise The theory section covers the basic information and application of computers Communication Skills This module is covering the topics like verbal communication non verbal communication listening self awareness and behavioural skill etc The communication skills module has two sections theory and exercise The theory section helps the trainee to understand the need of the skill practical application and any other relevant information Entrepreneurship Skills It is intended for the aspiring youths who undergo technical trainings in various trades and wish to take up entrepreneurship as a career opportunity Productivity is about how well people combine resources to produce goods and services like raw material labour skills capital equipment land intellectual property managerial capability and financial capital Occupational Safety Health and Environment Education
