**Media Warfare** Melvin J. Lasky, 2007 *Media Warfare* is the concluding volume of Melvin Lasky's monumental *The Language of Journalism* a series that has been praised as a brilliant and original study in communications and contemporary language. Firmly rooted in the critical tradition of H L Mencken, George Orwell and Karl Kraus, Lasky's incisive analysis of journalistic usage and misuse gauges both the cultural and political health of contemporary society as well the declining standards of contemporary journalism. As in the first two volumes, Lasky's scope is cross cultural with special emphasis on the sometimes conflicting, sometimes mutually influential styles of American and British journalistic practice. His approach to changes in media content and style is closely keyed to changes in society at large. *Media Warfare* pays particular attention to the gradual easing and near disappearance of censorship rules in the 1960s and after and the attendant effects on electronic and print media. In lively and irreverent prose, Lasky anatomizes the dilemmas posed by the entrance of formerly unmentionable subjects into daily journalistic discourse whether for reasons of profit or accurate reporting. He details the pervasive and often indirect influence of the worlds of fashion and advertising on journalism with their imperatives of sensationalism and novelty and by contrast how the freeing of language and subject matter in literature, the novels of Joyce and Lawrence, the poetry of Philip Larkin have affected permissible expression for good or ill. Lasky also relates this interaction of high and low style to the spread of American urban slang, often with Yiddish roots and sometimes the occasion of anti-Semitic reaction into the common parlance of British, no less than American journalists. *Media Warfare* concludes with prescriptive thoughts on how journalism might still be revitalized in a post profane culture. Witty, timely and deeply learned, the three volumes of *The Language of Journalism* are a crowning achievement to a distinguished career. **Media Warfare**

Lasky, Hugely enjoyable and valuable I dropped everything else to read it A treasure Charles Wheeler senior foreign correspondent the BBC The newspaper is to the twentieth century what the novel was for the nineteenth century the expression of popular sentiment In the first of a three volume study of journalism and what it has meant as a source of knowledge and as a mechanism for orchestrating mass ideology Melvin J Lasky provides a major overview His research runs the gamut of material found in newspapers from the trivial to the profound from pseudo science to habits of solid investigation The volume is divided into four parts The first attacks deficiencies in grammar and syntax with examples from newspapers and magazines drawn from the German as well as English language press The second examines the key issues of journalism accuracy and authenticity Lasky provides an especially acute account of differences between active literacy and passive viewing or the relationship of word and picture in defining authenticity The third part emphasizes the problem of bias in everything from racial reporting to cultural correctness This is the first systematic attempt to study racial nomenclature identity labeling and literary discrimination Lasky follows closely the model set by George Orwell a half century earlier The final section of the work covers the competition between popular media and the redefinition of pornography and its language The volume closes with an examination of how the popular culture both influenced and was influential upon literary titans like Hemingway Lawrence and Tynan Melvin J Lasky was the editor of Encounter in England from 1958 until its close in 1990 It was viewed as the most brilliant European periodical of its time Lasky served as foreign correspondent for the New York Times and The Reporter and has written for many of the intellectual journals from Partisan Review to Commentary He is the author of The Hungarian Revolution Africa for Beginners Utopia and Revolution On the Barricades and Off and Voices in a Revolution
