Media Edge Media Logic And Social Reality:

Media Edge David L. Altheide, 2014-11-17 This book challenges social science to address the most important social change since the industrial revolution the mediated communication order More of our everyday lives and social institutions reflect the compelling media logic that resonates through conversation interaction marketing as well as social programs issues and foreign policy We are beyond the time when people take into account media matters rather media matters are now incorporated as a kind of social form in routine and extraordinary activities This thesis was first laid out in Media Logic co authored with Robert P Snow in 1979 mediated communication is increasingly about media performances and individual selection to promote identity Media Logic(s) Revisited Caja Thimm, Mario Anastasiadis, Jessica

Einspänner-Pflock, 2017-12-12 This volume provides new approaches to the concept of media logics developed by Altheide and Snow by drawing on theoretical and empirical perspectives from international scientists working in the field of communications media political science and sociology In an increasingly digitized and globalized world powerful media structures and technologies influence our daily lives in many respects It is not only mass media but poly media channels that become more and more contextualized in everyday lives Therefore it is necessary to revisit the theory of media logics which focuses on the strong intercorrelation of media technologies media institutions and media power Media Logic s Revisited attends to this by critically reflecting on the idea of media logic a much needed input in light of current developments and strong cultural embedding of media in various social contexts The Media Syndrome David Altheide, 2016-05-05 Over the

past 45 years award winning sociologist David L Altheide has illuminated how media formats and media logic affect our understanding of social issues of how political decisions are made and of how we relate to each other In this masterful summative work Altheide describes the media syndrome how these factors shape our expectations of and reactions to both public and personal events Ideal for courses on mass media and political communication the book provides a detailed description of the media syndrome and its impact on daily life uses historical and contemporary examples from Watergate to Edward Snowden includes the changes in the ecology of communication from mass media to social media and its social impact

Schneider, 2024-10-31 Policing and Social Media Social Control in an Era of Digital Media investigates various public aspects of the management use and control of social media by police agencies in Canada This book aims to illustrate the process by which information technology namely social media and related changes in communication formats have affected the public face of policing and police work Christopher J Schneider argues that police use of social media has altered institutional public police practices in a manner that is consistent with the logic of social media platforms policing is changing to include new ways of conditioning the public cultivating self promotion and expanding social control Every chapter in this second edition has been updated with contemporary examples and analysis Each case study presented here focuses on a different social media platform or format while at the same time developing suitable analytical and methodological approaches for understanding contemporary policing practices on social media sites

Gonzo Governance

David L. Altheide, 2022-10-24 Drawing on social science and

communications theory Gonzo Governance offers a new interpretation of presidential power that shifts focus to the media dynamics that surrounded Donald Trump The former president s unhinged behavior and skilled media and digital manipulations changed the nature and process of significant governance at the federal and state levels including denying election results and restricting voting opportunities He went Gonzo promoting himself without regard for conventional norms and practices and blasted ideological fault lines into explosive political fragments resulting in so much dissensus that numerous legislators would not recognize the newly elected President Biden nor would they agree to take a potential life saving vaccine because it had been associated with a politicized virus COVID 19 Nurtured by media logic and a communications ecology that has wedded people to digital technologies and formats that govern the structure grammar form expectations and meanings of messages that can entertain enlighten and disinform this form of governance alters the fundamental way that information is communicated David L Altheide emphasizes how these changes informed Donald Trump s electoral strategies as well as the insurrection attempt on the U S Capitol on January 6 2021

Emotional Lives , **Docu-Fictions of War** Tatiana Prorokova,2019-05-01 Historical writing and fiction are not the same thing though historians often creatively manipulate material in imposing plot structures selecting starting and ending points and fashioning compelling literary characters from historical figures In Docu Fictions of War Tatiana Prorokova argues that the opposite is also true war fiction offers a kind of history that both documents its subjects and provides a snapshot of the cultural representation of the United States most recent military involvements She covers a largely neglected body of cinematic and literary texts about the First Gulf War the Balkan War the Afghanistan War and the Iraq War to open a fresh analysis of cultural texts on war Prorokova contends that these texts are not pure fiction but docu fictions works of imagination that can document their subjects while disclosing the social political and historical link between war and culture during the last three decades Docu Fictions of War analyzes how these representational narratives have highlighted a humanitarian rationale behind American involvement in each war whether the stated goals were to free the oppressed from tyranny stop genocide or rid the world of terrorism The book explores the gap between history what allegedly happened and the cultural mythology that is both true and inexact tangible and sensed recognized and undocumented

Emotional Lives E. Doyle McCarthy,2017-05-04 Emotional Lives explores the changes in emotional cultures that have taken place during the last half century and continue to affect people s identities today These changes are driven by the culture of consumerism in contemporary post industrial society and by the emergence of new ideas about public and private life in a time when media culture generates new forms of social relationships and deep personal attachments to celebrity figures McCarthy shows that people are drawn to public life not only for entertainment and pleasure

but also for its dramas for memorializing events like disasters acts of violence and victimhood McCarthy's cultural sociological approach provides new insights about emotions as social things and reveals how today's mass media is an important force for cultural change including changes in people's relationships identities and emotions

The Lure of Communication Andrea Lombardinilo, 2024-02-29 This book addresses the convergence of sociology communication and rhetoric with particular reference to the contemporary expressive and social patterns of mass communication Using rhetoric as a meta conceptual apparatus for the sociology of communication this book offers an original and comprehensive critique of historical social theory alongside 20th century communication researchers The author demonstrates the symbiotic relationship between the rhetorical structures of the media sphere and the new narrative formats in which cultural representation merges into social and civil observation This book will be of interest to academics and students studying sociology communication and cultural studies
