Me Llamo Rigoberta Menchu Y Asi Me Nacio La Conciencia Historia Inmediata:

Me llamo Rigoberta Menchú y así me nació la conciencia Elisabeth Burgos-Debray, 1985 Rigoberta naci en San Miguel Uspant n El Quich Guatemala Aprendi castellano cuando ten a veinte a os sin libros maestros ni escuela Lo aprendi con su voluntad feroz por romper el silencio en el que viven los indios de Am rica Latina Se apropi el lenguaje del colonizador no para integrarse a una historia que nunca la incluy sino para hacer valer mediante la palabra una cultura que es parte de esa historia

Me Llamo Rigoberta Menchú Y Así Me Nació la Conciencia Elisabeth Burgos, 2005 [The Maya Art of Speaking Writing](#) Tiffany D. Creegan Miller, 2022-05-24 Challenging the distinctions between old and new media and narratives about the deprecation of orality in favor of inscribed forms The Maya Art of Speaking Writing draws from Maya concepts of tz'ib recorded knowledge and tz'ij ch'ol'oj and ch'ow'en orality to look at expressive work across media and languages Based on nearly a decade of fieldwork in the Guatemalan highlands Tiffany D Creegan Miller discusses images that are sonic pictorial gestural and alphabetic She reveals various forms of creativity and agency that are woven through a rich media landscape in Indigenous Guatemala as well as Maya diasporas in Mexico and the United States Miller discusses how technologies of inscription and their mediations are shaped by human editors translators communities and audiences as well as by voices from the natural world These texts push back not just on linear and compartmentalized Western notions of media but also on the idea of the singular author creator scholar or artist removed from their environment The persistence of orality and the interweaving of media forms combine to offer a challenge to audiences to participate in decolonial actions through language preservation The Maya Art of Speaking Writing calls for centering Indigenous epistemologies by doing research in and through Indigenous languages as we engage in debates surrounding Indigenous literatures anthropology decoloniality media studies orality and the digital humanities

Unwriting Maya Literature Paul M. Worley, Rita M. Palacios, 2019-05-07 Unwriting Maya Literature provides an important decolonial framework for reading Maya texts that builds on the work of Maya authors and intellectuals such as Q'anjob'al Gaspar Pedro González and Kaqchikel Irma Otzoy Paul M Worley and Rita M Palacios privilege the Maya category ts'ib over constructions of the literary in order to reveal how Maya peoples themselves conceive of artistic creation This offers a decolonial departure from theoretical approaches that remain situated within alphabetic Maya linguistic and literary creation As ts'ib refers to a broad range of artistic production from painted codices and textiles to works composed in Latin script as well as plastic arts the authors argue that texts by contemporary Maya writers must be read as dialoguing with a multimodal Indigenous understanding of text In other words ts'ib is an alternative to understanding writing that does not stand in opposition to but rather fully encompasses alphabetic writing placing it alongside and in dialogue with a number of other forms of recorded knowledge This shift in focus allows for a critical reexamination of the role that weaving and bodily performance play in these literatures as well as for a nuanced understanding of how Maya writers articulate decolonial Maya aesthetics in their works Unwriting Maya Literature places

contemporary Maya literatures within a context that is situated in Indigenous ways of knowing and being Through ts ib the authors propose an alternative to traditional analysis of Maya cultural production that allows critics students and admirers to respectfully interact with the texts and their authors Unwriting Maya Literature offers critical praxis for understanding Mesoamerican works that encompass non Western ways of reading and creating texts **Telling and Being Told** Paul M. Worley,2013-10-10 Through performance and the spoken word Yucatec Maya storytellers have maintained the vitality of their literary traditions for more than five hundred years Telling and Being Told presents the figure of the storyteller as a symbol of indigenous cultural control in contemporary Yucatec Maya literatures Analyzing the storyteller as the embodiment of indigenous knowledge in written and oral texts this book highlights how Yucatec Maya literatures play a vital role in imaginings of Maya culture and its relationships with Mexican and global cultures Through performance storytellers place the past in dynamic relationship with the present each continually evolving as it is reevaluated and reinterpreted Yet non indigenous actors often manipulate the storyteller in their firsthand accounts of the indigenous world Moreover by limiting the field of literary study to written texts Worley argues critics frequently ignore an important component of Latin America s history of conquest and colonization The fact that Europeans consciously set out to destroy indigenous writing systems making orality a key means of indigenous resistance and cultural continuity Given these historical factors outsiders must approach Yucatec Maya and other indigenous literatures on their own terms rather than applying Western models Although oral literature has been excluded from many literary studies Worley persuasively demonstrates that it must be included in contemporary analyses of indigenous literatures as oral texts form a key component of contemporary indigenous literatures and storytellers and storytelling remain vibrant cultural forces in both Yucatec communities and contemporary Yucatec writing **Teaching and Testimony** Allen Carey-Webb,Stephen Benz,1996-07-03 By utilizing the testimonial narrative of Rigoberta Mench a Mayan Quich of Guatemala and winner of the 1992 Nobel Peace Prize teachers in this volume engage students in vital and relevant cross cultural learning in a variety of locations disciplines and levels Teaching and Testimony tells teachers stories of using Menchu s testimonial in their classrooms and invites reflection on the transformative possibility of integrating previously marginalized voices Energized by the teaching of Menchu s testimonial narrative I Rigoberta Mench these teachers let their guard down wrestle with the immediate difficulties and possibilities of multicultural teaching and speak with passion about the importance of what they and their students are learning *Circuits of the Sacred* Carlos Ulises Decena,2023-01-04 In *Circuits of the Sacred* Carlos Ulises Decena examines transnational black Latinx Caribbean immigrant queer life and spirit Decena models what he calls a faggotology the erotic in the divine as found in the disreputable and the excessive as foundational to queer black critical and expressive praxis of the future Drawing on theoretical analysis memoir creative writing and ethnography of Santer a Lucum in Santo Domingo Havana and New Jersey Decena moves between languages locations pronouns and genres to map the itineraries of blackness as a circuit a multipronged and multisensorial
