Me And We Gods New Social Gospel:

Me and We Leonard Sweet,2014-09-16 When Christians answer the clarion call to be missional too often it is primarily to feel good or to grow in their own faith But ultimately we remain unsatisfied because in the end it s still about me my church my faith my salvation Then sometimes inspiration dries up We forget that Jesus is the head of the Church which exists at God s pleasure and disposal God is birthing a new Social Gospel meant to reclaim mission and justice ministries as prime directives for the Church and not with the naive thinking of the 19th or 20th centuries What are the characteristics of this new Social Gospel There is an expectation that mission is with and not for others There is an acknowledgement that tolerance is not a dirty word and we have to find a peaceable way to live in our intercultural world It carries the Wesleyan impulse to change the world by working to build God s kingdom in this world It offers the grace and salvation of Christ to those in need believing that none are free unless all are free It means that we feed the hungry educate to poor and equip the powerless in tangible ways

A Field Guide to Methodist Fresh Expressions Michael Adam Beck,2020-03-23 According to Fresh Expressions U S a Fresh Expression is a form of church for our changing culture established primarily for the benefit of those who are not yet part of any church Fresh Expressions are introducing people to Jesus expanding the kingdom and revitalizing churches Congregations need a practical and theological resource that can help them cultivate Fresh Expressions As consultants who work nationwide and as innovative pastors authors Michael Beck and Jorge Acevedo awaken congregational leaders and ministry teams to a distinctive Wesleyan approach for the Fresh Expressions movement In Wesleyan Fresh Expressions they show congregations how to cultivate and customize fresh expressions that fit their local context They motivate ministry teams to take risks experiment and when necessary fail well On April 2 1739 John Wesley went to a field just outside what was then the city limits of Bristol England There he tried a missional innovation called field preaching Thousands of people showed up many of whom who had no connection with a church Today most Methodists and other Wesleyans don t know their own story Lost in the milieu of divisive issues that threaten to tear the church apart Wesleyans have forgotten their DNA as a renewal movement born not from doctrinal disputes but from a missional imperative In this sense the Fresh Expressions movement is the most Methodist thing in the denomination today This iteration of the Spirit is taking it to the fields again Wesleyan Fresh Expressions will help guide the way

An Ecumenical Field Guide For Fresh Expressions Michael Adam Beck,2024-08-20 Learn the essentials of fresh expressions for your church An Ecumenical Field Guide for Fresh Expressions is a practical manual for understanding and implementing Fresh Expressions for a church in any denominational setting The Fresh Expressions movement is a new way of thinking about the local church and a new way of doing church as a congregation It refers to new fresh iterations or types expressions of ministry usually outside the confines of the church building These iterations or types of ministries are formed intentionally but organically out in the community where people are They are based on shared activities or interests where people are

gathering already and where the people are open to or interested in learning about Jesus Christian people share their own stories of how Jesus is part of their lives Often these gatherings become regular and increasingly begin to adopt the practices of a church community like worship service study and giving Thus they become fresh expressions of the church from which they sprang

The Jesus Quotient Jennie A. Harrop, 2019-06-21 As leaders our capacity to hear is often muddled by an inability to acknowledge our own insufficiencies and emotions Jesus knew his God given purpose and emotional character so deeply that he was able to operate out of these foundations boldly and instinctively Jesus s infallible Intelligence Quotient IQ and Emotional Quotient EQ allowed him to focus on a third concept called Audience Quotient AQ an individual s ability to focus consistently completely and effectively on others As a church we are failing a twenty first century culture that is defined by an unprecedented interconnectedness and speed of information We are witnessing a scramble to manipulate and manage information that demands renewed integrity and yet the church is seen as hypocritical judgmental and irrelevant If we are going to earn a voice the future church cannot be about the components of church at all but instead the individual souls within the church pastors included The better we ground ourselves in the truth of who we were created to be IQ EQ and AQ the better able we will be to love God fully and love those around us as we love ourselves That after all is what Jesus commanded us to do

The Highest of All Mountains Samuel K. Sarpiya, 2021-03-18 This book is for people who believe that the gospel is a message of peace and this gospel of peace is relevant for our time Peacemaking is a core part of our Christian discipleship just as we learn how to pray just as we learn how to love our neighbors just as we learn how to feed the hungry We can also learn how to be peacemakers Sarpiya believes that peacemaking is central to the Christian faith and practice This book will serve as a guide that will offer a scriptural guide with practical stories and applications Readers will be challenged by Scripture to take the call to peacemaking into their communities The fact that numerous peace treaties have collapsed serves to show how difficult it is to transcend cycles of violence and foster a sustained durable peace The one place that one could look to for answers about how to move toward peace is within faith communities and sometimes not just one faith acting alone but working alongside other faiths in concert with other faiths taking an interreligious approach The Highest of All Mountains shows how Sarpiya s Christian peacemaking backed by the interreligious approach brings the monotheistic faiths together as they all agreed on one denominator to their faith s origin Abraham

The Kingdom of God and the Yellow Barn Church Doug Hickerson, 2006 All his life author Doug Hickerson repeated Thy Kingdom come in the Lord s Prayer Yet God s kingdom seemed irrelevant to him even as a seminary student and a church layman Hickerson was a liberal Protestant active in a mainline denominational church and in community causes He became curious about spiritual paths to God beyond the Church While in his midfifties and still active in his church he started a spiritual journey that included exploring other religions and spirituality Steeped in the popular New Age spirituality of the 1990s he wrote about the coming new millennium He felt that humankind was evolving spiritually and was headed for an enlightened utopia the

Age of Aquarius His humanistic visions ended abruptly when he met families who belonged to the yellow barn church in his village In their fellowship it became clear that God not man is in control and lovingly rules our destiny He awakened to the Kingdom of God present now on earth with its fulfillment yet to come At age sixty eight Hickerson s life changing experience in the evangelical Church and in God s kingdom is deeply personal and grounded in the Bible and solid theology The warm and at times humorous narrative in The Kingdom of God and the Yellow Barn Church details God s providence and promptings over Hickerson s lifetime

Togetherness in South Africa J.M. Vorster,Nico Vorster,Jan A. du Rand,Riaan Rheeder,Dirk van der Merwe,Theuns Eloff,Ferdi P. Kruger,Reginald W. Nel,2017-11-24 Race and inequality have always been sensitive topics in South African society due to its colonial past diverse social composition and apartheid legacy of legal discrimination against people on the basis of their skin colour Racial tensions seem to be escalating in South African society and disturbing racialised rhetoric and slogans are re entering the political and social landscape Another disturbing phenomenon has been violent incidents of xenophobia against African immigrants The question probed by this book is What perspectives can theology offer in addressing the roots of racism inequality and xenophobia in South Africa and how can it and the church contribute to reconciliation and a sense of togetherness among South African citizens Various methodologies and approaches are used to address this question In chapter 1 Theuns Eloff employs a historical and socio analytical approach to describe the social context that has given rise and is still giving impetus to racism and other forms of intolerance in South African society Nico Vorster approaches the issue of distorted racial identity constructions from a theological anthropological perspective Utilising various empirical studies he attempts to provide conceptual clarity to the concepts of racism nationalism ethnocentrism and xenophobia and maps the various racisms that we find in South Africa His contribution concludes with a theological anthropological discussion on ways in which theology can deconstruct distorted identities and contribute to the development of authentic identities Koos Vorster provides a theological ethical perspective on social stratification in South Africa He identifies the patterns inherent to the institutionalisation of racist social structures and argues that many of these patterns are still present albeit in a new disguise in the South African social order Jan du Rand provides in chapter 4 a semantic discussion of the notions of race and xenophobia He argues that racist ideologies are not constructed on a factual basis but that racial ideologies use semantic notions to construct social myths that enable them to attain power and justify the exploitation and oppression of the other Du Rand s second contribution in chapter 5 provides Reformed exegetical and hermeneutic perspectives on various passages and themes in the Bible that relate to anthropology xenophobia and the imperative to xenophilia love of the stranger Dirk Van der Merwe s contribution analyses evaluates and compares both contemporary literature and ancient texts of the Bible to develop a model that can enable churches to promote reconciliation in society while Ferdi Kruger investigates the various ways in which language can be used as a tool to disseminate hate speech He offers an analytical description of hate language provides normative perspectives on the duty to

counter hate speech through truth speaking and phronesis wisdom and concludes with practical theological perspectives that might enable us to address problematic praxis Reggie Nel explores the Confessions of Belhar and the Declaration of Accra as theological lenses to provide markers for public witness in a postcolonial South African setting The volume concludes with Riaan Rheeder s Christian bioethical perspective on inequality in the health sector of sub Sahara Africa This book contains original research No part was plagiarised or published elsewhere The target audience are theologians ministers and the Christian community but social activists social scientists politicians political theorists sociologists and psychologists might also find the book applicable to their fields **What's the Matter with Preaching Today?** Mike Graves,2004-01-01

Seventy five years ago renowned preacher Harry Emerson Fosdick asked in Harper s Magazine what s the matter with preaching Fosdick s question is even more relevant today as both pastors and laity acknowledge the need for improvement in Sunday morning s sermons And who better for pastors and students to learn from than those who already do it well The contributors to this book are a some of the best and most thoughtful preachers in the church and classroom today In their essays they assess the state of preaching today identify a variety of issues that challenge effective preaching and offer helpful suggestions for what can be done to improve preaching In the process they help to define what effective preaching is

Modern American Philosophers John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers anda large number of female and minority thinkers whose work has been neglected It includes those intellectualsinvolved in the development of psychology pedagogy sociology anthropology education theology politicalscience and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas abibliography of writings and suggestions for further reading While all the major post Civil War philosophers arepresent the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern AmericanPhilosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought *Walking the Stations* Donald Heinz,2025-02-17 In a time when Catholic piety is often fixed on the Good Friday stations of the cross and evangelical piety is associated with an

imaginary what would Jesus do and much of Protestant religion has slimmed Jesus down from the fully dimensioned Christology of the Gospels and contemporary Christianity misses a Christ who has moved into the neighborhood John 1 14 and fully engaged the world and its peoples and touring liberals tout how little a Christian actually needs to believe this book chooses fourteen episodes from Jesus entire life and makes them way stations on a pilgrimage on which we gather to meet Jesus in person share him in community and follow him to a fully realized discipleship Such way stations may recall the medieval imitation of Christ or the notion of a Christian pilgrimage during which we make the way by walking Historically pilgrimage is meant to evoke I want to be in that number Yet identifying these stations is fully congruent with contemporary New Testament scholarship whether liberal or historically orthodox The significance of this book is that it sets forth a process of adult Christian education today that is rich with all the dimensions of Jesus life from birth to death and resurrection with all the happenings in between And most important it turns adult Christian education into a compelling Bible study in community and one that attracts participation like walking a labyrinth Through such engagement it recovers for lively practice today the mostly forgotten medieval imitatio Christi and inserts this into the nearly forgotten but once vividly realized practice of pilgrimage overdue today as a way of imprinting the Christian walk onto the culture and onto individual believers and their communities Finally it follows contemporary Gospel scholarship back to the historical Jesus through visionary Holy Land tours or a modern walking the way stations that constitute Jesus own life and our immersion in it that would constitute true discipleship *Chinese Affairs ...* ,1922 *Chinese Recorder and Missionary Journal* ,1922

The Congregationalist ,1929 Who or What is God? John Hick,2009-08-01 In Who or What is God John Hick reflects on questions of the nature and the accessibility of God in the context of Christianity and other faith traditions The essays in this book cover a wide range of issues centered on the search for truth justice and peace This search concerns the ultimate reality to which the world s great religions point involving discussion of religious experience religious language the relations between religions death and Christian belief The book does not focus on theology of religions or religious pluralism for which Hick is so well known but on different nevertheless related areas as the nature and accessibility of God God s relevance for the meaning of life and eschatology the reconstruction of Christian theology under contemporary conditions and finally the need to combine spirituality with the search for social justice *The Survey* ,1912 **Rings of Fire** Leonard Sweet,2019 What Lies Ahead for Christians and the World If you follow the works of bestselling authors Malcolm Gladwell Faith Popcorn Daniel Pink and other trend forecasters you ll appreciate learning about the more than 25 rings of fire that lie ahead for Christians and the world In the face of eruptive and disruptive changes in technology communications bioethics and beyond how do we fight fire with fire not only catching up to our culture but also leading our friends and neighbors toward God No one has done more to startle the church from its slumber than Len Sweet and no one has equipped the church as effectively This is a benchmark book from a seminal leader of the modern evangelical movement More than 25 game changing and

century defining rings of fire Stimulating questions for reflection and discussion from scholar and pastor Mark Chironna
The Northwestern Lutheran ,1928 **1 and 2 Timothy, Titus, and Philemon** H. A. Ironside,1947 Devotional practical and Christ centered the Ironside Expository Commentary Series offers insightful and practical comments that bring out the essential truths of God s Word All volumes present the unabridged text in a newly typeset edition A perfect resource for preaching and teaching from the English text of the Bible these commentaries also provide the general reader with an excellent resource for personal study and spiritual growth How God Became King Tom Wright,2012-04-12 It has been slowly dawning on me over many years that there is a fundamental problem deep at the heart of Christian faith and practice as I have known them we have all forgotten what the four Gospels are about With that surprising assertion Tom Wright launches this ground breaking work in which he helps us to see the gospel story in radically a new light and to acknowledge that for many generations the Church has been avoiding its full impact and holding back from proclaiming its full meaning Classic Wright clear accessible robust engaging and challenging Paula Gooder in Third Way Scholarly accessible insightful and provocative Christianity Wright argues compellingly that the twin themes of kingdom and cross are inseparably linked This is a much needed reorientation The book makes its case for rethinking cogently and deserves widespread attention
