Curing the Dread of Death Rachel E. Menzies, Ross G. Menzies, Lisa Iverach, 2018-08-30 The dread of death has appeared throughout recorded human history in art literature song myth and ritual In both ancient and modern societies the spectre of death has always been with us stalking the terrified living who seek to avoid its inevitable arrival Our attempts to respond to the finitude of life range from ancient burial customs such as

mummification to computerised chatbots which imitate the personality of those who have departed Such efforts speak to the uniqueness of humans in their awareness of their own mortality Yet death is not to be feared Indeed it may hold the key to living a vital authentic life The many authors of this volume argue persuasively that we cannot live fully without complete acceptance of the fragility and finiteness of life This unique book explores the dread of death and its management from a wide range of perspectives with researchers and writers from a variety of cultures academic traditions and disciplines across the globe The fields covered are broad including palliative care and grief psychodynamic theory social developmental and clinical psychology sociology and anthropology counselling practice as well as history art and philosophy Not only is this book a fascinating journey into the very core of the human psyche it is also a guide to our psychological health The challenge we all face is to discover pathways to an acceptance of death that enables a life of significance and meaning Read learn and explore what an examination of the dread of death can bring to one's life
