Gender and Identity in Franz Grillparzer's Classical Dramas Alicia E. Ellis, 2021-06-10 In this provocative work Alicia E Ellis provides readings of Franz Grillparzer's dramas as proto feminist formulations of female figures who refuse the gendered constraints of the ancient world The revisionist perspectives of the tragedies recover a latent feminist impulse in the stories of Sappho Medea and Hero as identities marked by linguistic refusals Activating new ideas of narrative experience Ellis transports the figure of the female to the seat of language testimony and presence Inflected by a taut impasse with a culture not produced to include female speech Ellis shows how Grillparzer's adaptations of classical materials offer a working theory about the ways in which new forms of language highlight female energy around autonomy and agency providing a corrective to previous cultural practices A failure to comply with social and political norms demonstrates how the three assessed and then resolved exclusionary acts through rebellious discursive performances that frame how contested identities can be thought and reformulated Readings in this study draw from the work of Sara Ahmed and Judith Butler on cultural framing and cultural translation in contemporary feminist critique Ahmed and Butler direct attention to the language of the texts what they mean and how they produce that meaning

Hegel and Greek Tragedy Martin Thibodeau, 2013 This study is concerned with the different interpretations of Greek tragedy proposed by G W F Hegel While Hegel's philosophical interest in tragedy as an art form is well known the motivation for his preoccupation with this art form needs to be further explored Indeed why would Hegel a pivotal figure of German idealism be inclined to concern himself with a form of poetry that reached its peak in the 5th century B C Precisely this question forms the core of this book It articulates what the primary stakes are and thereby develop and defend the thesis that Hegel's examination of Greece and tragedy is one that has a direct bearing on the fate of politics in the modern world
