*Blog Love Omega Glee* Wred Fright, 2012-07-19

Two bloggers fall in love while the world falls apart in *Blog Love Omega Glee*, a comedic story set in 2012 with each chapter taking place on a different day counting down to the end of the Mayan calendar on 21 December 2012, when the world either ends or continues on much the same as before. The two central characters are Jake Falls, a twenty-five-year-old unemployed man living with his parents who spends most of his time blogging about pro wrestling, and Francine Apple, a twenty-nine-year-old barely employed woman who has dropped out of the American Dream to blog about various conspiracy theories. Other characters abound as well, including Jake's cats, family, and friends, and Francine's coworkers, housemates, and neighbors. The story is set in Cleveland, a decaying industrial city in the northern part of the USA, and its suburbs on the shores of Lake Erie. It's year 12 of a fascist regime, and a severed head named Dick, with a soft drink vending machine for a body, is president dictator, but no one much notices because they're too busy watching television and obsessing over their personal lives to worry about wars overseas, the government swindling taxpayers, and the rich stuffing their already stuffed pockets further with rapidly depreciating currency. Some people find this worrisome, but most people just change the channel. Regardless, even though in many ways for the average person life is still better than ever before in the history of human existence, since Eden, most people feel a vague sense of unease as if the delicate stitching of society is about to come undone at any moment, pouring forth a centuries-long buildup of too many human beings, anarchy in the streets, environmental collapse, and lots and lots of really bad coffee. Between existential dread, economic worries, presidential electioneering, electronic domineering, and large sweaty men in tights touching one another as entertainment, there's *Blog Love Omega Glee*.

*Blog Love Omega Glee* was originally published on Wred Fright's Blog as a blognovel or a blovel. Unlike most blognovels and blovels, this one actually was finished instead of being abandoned. Since the story has four parts depending on how you look at it, it's either one really long novel or a series of four novels. After being serialized on the blog and as a zine to a few select zinesters, Fright trades with the novel was
