No Ordinary Work Larry Snyder, 2021-06-17

With so many church planters seeking to be successful, many of the ways we measure success can lead to personal disappointment, frustration, comparisons, and even depression. This can result in church planters who quit and churches that close even before they really get started, potentially ruining a witness to an entire community. What if we redefined and clarified the biblical metrics for church planting in a way that replaces frustration with fire and replaces disappointment with direction? What if we stopped the comparisons to steroid growth and replaced them with a better understanding of kingdom growth? In this lighthearted and encouraging book, we will highlight each extraordinary aspect to church planting and detail the biblical metrics that can infuse in each planter a better understanding of success.
