Prince2 for Beginners : For Certification and Study Guide for Project Management Paul Holdbrook,2016-04-26 PRINCE2 Projects IN Controlled Environments is a widely

used method for managing projects particularly in the United Kingdom as well as in other countries I wrote this book to develop the reader's working knowledge of all aspects of PRINCE2 with the goal of providing a truly useful self study manual for the PRINCE2 Foundation qualification The book is based on the most recent revisions to the method made in 2009 so it's as current as any other resource on the market today I have written this guide as an efficient self study manual that presents what you need to grasp the fundamentals of PRINCE2 and understand it as a logical system It is specifically aimed at readers who are studying for the Foundation qualification and want to get the most out of their study time Although anything in this book can appear on the examination certain parts of the method show up repeatedly so at the end of the chapter you will find a list of the concepts you should review more intensively along with study tips and tricks In the second part of the book you will find 75 sample test questions followed by a separate section giving the answers and which element of the method each question is taken from This way you can focus on a particular area of PRINCE2 where you need to do more work
