## **Pastoral Counseling Looking For Solutions:**

Pastoral Counseling: Looking for Solutions Anthony Haire, 2011-11-01 This book will assist pastors in their efforts to counsel parishioners by moving from a problem focused approach to a solution focused approach. Clergy members have historically sought ways to improve their counseling methods. The practice of contemporary pastoral counseling has been profoundly impacted by 20th century secular psychological principles. Pastoral counselors have adopted and adapted many of these principles in an attempt to improve their counseling efforts. Parish based pastoral counselors have long been aware of the unique stressors and concerns that are associated with serving parishioners in a duality of professional roles. This book describes a research project that was initiated to introduce the clergy to the principles of a model of family therapy known as Solution Focused. The Solution Focused Family Therapy model was developed at the Brief Family Therapy Center, Milwaukee, Wisconsin. 1. The utility of the solution focused approach in family therapy is described. Of particular interest is the manner in which pastoral counselors may employ this unique variant of brief systemic therapy in parish based settings. A pastoral counseling adaptation of solution focused therapy emphasizes present and future solutions while minimizing the attention directed toward problematic behavioral sequences that can create negativity or stress for both pastor and client member. A main goal of a parish based pastoral usage of solution focused therapy is to provide brief and effective assistance to members while avoiding negativity, thereby maximizing the potential preservation of satisfactory ongoing clergy member relations. This book features the research method of Interpersonal Process Recall (IPR) and a narrative analysis of exemplars.

**Solution-focused Pastoral Counseling** Charles Allen Kollar, 1997 This groundbreaking book, now updated and expanded, further refines its original effective time saving approach that benefits pastors overtaxed by counseling demands. Dr. Charles Kollar presents a departure in pastoral counseling showing that counseling need not be long term or depend on psychological manipulation to produce dramatic results. In most cases, the solution lies with the counselees themselves. Using the tested methods found in *Solution Focused Pastoral Counseling*, pastors apart from counselors will be well equipped to help their counselees discover a solution and put it in motion speedily and productively. SFPC is short term, typically one to five sessions, in which the counselor seeks to create solutions with, not for, the counselee. The focus is on the possibility of life without the problem through an understanding of what is different when the problem does not occur or is less intrusive. The goal is healthy change sooner rather than later by helping the counselee see and work on the solution with God's activity already present in his or her life. The solution focused approach does not require the counselor to be a highly trained psychological expert. It requires biblically based sensitivity and common sense. Yet this approach also recognizes its limitations and understands that there are situations in which other professional and/or medical help is required.

counselling How may secular counselling both reinforce and challenge the Christian faith In answering these questions this book engages readers to navigate between two frames of reference one Eastern secular social scientific and modern the other Western Christian theological and traditional At levels of both theory and practice this book undertakes to integrate synthesize hybridize revise dichotomize and antagonize the two It proposes a revised presence centred counselling approach which may serve as a perspective that helps us to see things in more depth as we shuttle back and forth between the two frames This book thus negotiates a revised presence centred form of counselling that is theologically grounded social scientifically informed and cross culturally sensitive As the author s counselling practice proceeds mainly in societies where Chinese is the majority the cross cultural examinations and proposals offered in this book have been bred in a space where Chinese culture meets the Christian Protestantism in particular West This book is an outgrowth of the author s experience teaching Christian counselling courses for 17 years and his 30 year clinical practice experience in places where East meets West namely Hong Kong and South China Guangdong Province
