## **Partner To The Poor A Paul Farmer Reader:**

**Partner to the Poor** Paul Farmer, 2010 Dr Paul Farmer is one of the most extraordinary people I've ever known. *Partner to the Poor* recounts his relentless efforts to eradicate disease, humanize health care, alleviate poverty, and increase opportunity and empowerment in the developing world. It will inspire us all to do our parts. William J. Clinton. If the world is curious about Paul Farmer, there is a reason for that. No one has done more than he has in bringing modern medicine to the poor across the globe, and no one has exceeded him in making us appreciate the diverse barriers that prevent proper medicine from reaching the underdogs of the world. In this wonderful collection of essays putting together Paul Farmer's writings over more than two decades, we can see how his far-reaching ideas have developed and radically enhanced the understanding of the challenges faced by healthcare in the uneven world in which we live. This is an altogether outstanding book. Amartya Sen, Nobel Laureate Economics. To delve into these pages is to join one of the world's great explorers on an epic life journey to grapple with culture, poverty, disease, health care, ethics, and ultimately our common humanity in the Age of AIDS. Paul Farmer is a pioneer, guide, and inspiration at a time of unprecedented contrasts between wealth and poverty, power and powerlessness, health and disease, compassion and neglect. His medical expertise, anthropological vision, and unflinching decency have helped to recharge our world with moral purpose. Jeffrey D. Sachs, Columbia University. Wow. Perfect for teaching. This is more than vintage Farmer. Editor Haun Saussy knows Farmer's work inside out and has assembled and organized 25 classic articles that project the heart of Farmer's brilliant, radical, inspiring, eminently practical, and dare I say genuinely subversive work. Philippe Bourgois, author of *Righteous Dopefiend*. If they gave Nobel Prizes for raising moral awareness, Paul Farmer would have won his a long time ago. For several decades now, his work has posed a challenge to anyone who dares say that radically improving the health of the world's poor can't be done. This splendid compilation of the best of his work allows us to follow a restless, creative, compassionate mind in action in and out of prisons and barrios and mud huts and hospital wards from Haiti to Rwanda to Moscow, never taking no for an answer. Adam Hochschild, author of *Bury My Heart at the Gates*. Paul Farmer is a deep scholar of Haitian society, a formidable medical anthropologist, an implacable theorist of structural violence, and health as a human right, and an ethicist for whom the place of social justice in medicine and in the world is an existential need. This book is the platform of interconnected intellectual, academic, and practical engagements upon which the amazing world-transforming life of Farmer stands. Arthur Kleinman, author of *What Really Matters: Living a Moral Life amidst Uncertainty and Danger*. This collection shows the impressive catalytic effects of original scholarship when combined with action, activism, and a commitment to social justice in health. Paul Farmer and his PIH colleagues have twice changed World Health Organization policies; they continue to have a lasting impact on the global health movement and on the lives of the poor. Peter Brown, Emory University. [The United States of War](#) David Vine, 2021-09-07. 2020 L.A. Times Book Prize Finalist. History. A provocative examination of how the U.S. military has shaped our entire world from today's costly

endless wars to the prominence of violence in everyday American life The United States has been fighting wars constantly since invading Afghanistan in 2001 This nonstop warfare is far less exceptional than it might seem the United States has been at war or has invaded other countries almost every year since independence In *The United States of War* David Vine traces this pattern of bloody conflict from Columbus's 1494 arrival in Guantanamo Bay through the 250 year expansion of a global U S empire Drawing on historical and firsthand anthropological research in fourteen countries and territories *The United States of War* demonstrates how U S leaders across generations have locked the United States in a self-perpetuating system of permanent war by constructing the world's largest ever collection of foreign military bases a global matrix that has made offensive interventionist wars more likely Beyond exposing the profit-making desires, political interests, racism, and toxic masculinity underlying the country's relationship to war and empire *The United States of War* shows how the long history of U S military expansion shapes our daily lives from today's multi-trillion dollar wars to the pervasiveness of violence and militarism in everyday U S life The book concludes by confronting the catastrophic toll of American wars which have left millions dead, wounded, and displaced while offering proposals for how we can end the fighting

***Fighting to Breathe*** Nicole Fabricant, 2022-12-13 Industrial toxic emissions on the South Baltimore Peninsula are among the highest in the nation Because of the concentration of factories and other chemical industries in their neighborhoods residents face elevated rates of lung cancer and other respiratory illnesses in addition to heart attacks, strokes, and cardiovascular disease all of which can lead to premature death *Fighting to Breathe* follows a dynamic and creative group of high school students who decided to fight back against the race and class-based health disparities and inequality in their city For more than a decade student organizers stood up to unequal land use practices and the proposed construction of an incinerator and instead initiated new waste management strategies As a Baltimore resident and activist scholar Nicole Fabricant documents how these young organizers came to envision, design, and create a more just and sustainable Baltimore

***The Spirit Ambulance*** Scott Stonington, 2020-08-25 *The Spirit Ambulance* is a journey into decision-making at the end of life in Thailand where families attempt to craft good deaths for their elders in the face of clashing ethical frameworks from a rapidly developing universal medical system to national and global human rights politics to contemporary movements in Buddhist metaphysics Scott Stonington's gripping ethnography documents how Thai families attempt to pay back a debt of life to their elders through intensive medical care followed by a medically assisted rush from the hospital to home to ensure a spiritually advantageous last breath The result is a powerful exploration of the nature of death and the complexities arising from the globalization of biomedical expertise and ethics around the world

***All I Eat Is Medicine*** Ippolytos Kalofonos, 2021-08-24 *All I Eat Is Medicine* charts the lives of individuals and the operation of institutions in the thick of the AIDS epidemic in Mozambique during the global scale-up of treatment for HIV/AIDS at the turn of the twenty-first century Even as the AIDS treatment scale-up saved lives it perpetuated the exploitation and exclusion that was implicated in the propagation of the epidemic in the first
