macabre bring the dead to life in this specially re vamped edition of the classic compilation every horror fan will want to sink their teeth into From an award winning editor who knows the genre backwards here is the very best in vampire fiction from tales of tempting sirens to contemporary serial killers from the dark origins of fairy tales to a modern reinterpretation of the King of the Undead himself Count Dracula This revised edition features over a dozen new stories including Tina Rath s *A Trick of the Dark* and Kim Newman s *Andy Warhol s Dracula* as well as classic novellas such as Hugh B Cave s *Stragella* and Chelsea Quinn Yarbro s *Investigating Jericho* There are contributions by Nancy Kilpatrick Christopher Fowler Paul McAuley Chelsea Quinn Yarbro Tina Rath Neil Gaiman Harlan Ellison and Kim Newman **The Long Night of Dark Intent** Irving Horowitz, 2017-07-05 The Cuban Revolution of 1959 was a benchmark of triumph and a harbinger of tragedy to come Rather than herald a new era of Cuba joining the world community of nations as a paragon of democracy as many fervently hoped and believed it would it became instead a new stage in authoritarian rule in the Western hemisphere For more than a half century since then Cuba has been defined by the capacity of a single family to command and determine the fate of a nation and to do so with a minimum of opposition Incredibly even those professing adherence to democratic norms have been ready to forgive the dictator his excesses This volume explains the theory and practice of this absence of internal opposition and the persistence of external support for the Castro family and its entourage *The Long Night of Dark Intent* is chronological in order with the author indicating major points in each of the five decades covered The volume covers five centers of system

analysis economics politics society military and ideology Who or what determines events and decisions is the stuff of real history It is precisely due to variability in causal chains in society that we have huge variance in levels of predictability The course of the Cuban Revolution gives strong support for such an approach to the Castro Era This is a unique unflinching account with a strong emphasis on the importance of U S policy decisions over time *Light Shining in a Dark Place* Jeff Sellars,2012-06-04 In *Light Shining in a Dark Place* Jeff Sellars has drawn together more than a dozen scholars around the theme of discovering theology through the moving medium of film The varied contributors in this collection explore through their particular lenses how theological ideas might be seen in and considered through one of the most popular of modern art forms From subjects of sin grace and forgiveness to violence science fiction fantasy and zombies *Light Shining in a Dark Place* assists the theologically interested film viewer in tracing the light that might be found in the filmic arts back to the source of all lights Contributors include Bruce L Edwards J Sage Elwell Michael Leary Peter Malone Kevin C Neece Simon Oliver Kim Paffenroth J Ryan Parker Travis Prinzi Megan J Robinson Scott Shiffer James H Thrall and Alissa Wilkinson
