Pathways Novellas And Stories Of New York:

Pathways: Novellas and Stories of New York Jeff Lawenda, 2015-10-23 SECURING HAPPINESS is far from a given and the pathway to it often winding and vulnerable to ambush *Pathways* delves into the lives of six ordinary New Yorkers as diverse as the city itself While unknown to one another they all share a sense of loss and intentionally or not embark on a journey to find elusive contentment Each protagonist also shares a connection to historic Madison Square Park the six acre sanctuary located in Manhattan's Flatiron district The park and New York are more than locations in *Pathways* They are key characters revealed in depth Within two novellas and four short stories readers will meet and become engaged with Michael a young man obsessed with Melinda an older woman Steven a television executive and victim of the Great Recession Gina a nurse in an Alzheimer's unit with attachment issues Terry a former New York Yankee pitcher who could have been a Hall of Famer Jimmy a criminal lawyer who visits Jake his estranged dying father and retired NYPD detective and Chella a translator who arrives in New York from Colombia to hide from the Cali Cartel and begin a new life These disparate New Yorkers suffer from emotional wounds inflicted by past events While attempting to survive in perhaps the world's most challenging city they are confronted by a choice to remain in a damaged state or to turn the corner and move on Powerful forces including colorful secondary characters influence their decisions and are at the heart of each journey

Unexpected Routes Tabea Alexa Linhard, 2023-07-11

Routes and Roots Elizabeth DeLoughrey, 2009-12-31 Elizabeth DeLoughrey invokes the cyclical model of the continual movement and rhythm of the ocean tidalectics to destabilize the national ethnic and even regional frameworks that have been the mainstays of literary study The result is a privileging of alter native epistemologies whereby island cultures are positioned where they should have been all along at the forefront of the world historical process of transoceanic migration and landfall The research determination and intellectual dexterity that infuse this nuanced and meticulous reading of Pacific and Caribbean literature invigorate and deepen our interest in and appreciation of island literature Vilsoni Hereniko University of Hawai i Elizabeth DeLoughrey brings contemporary hybridity diaspora and globalization theory to bear on ideas of indigeneity to show the complexities of native identities and rights and their grounded opposition as indigenous regionalism to free floating globalized cosmopolitanism Her models are instructive for all postcolonial readers in an age of transnational migrations Paul Sharrad University of Wollongong Australia Routes and Roots is the first comparative study of Caribbean and Pacific Island literatures and the first work to bring indigenous and diaspora literary studies together in a sustained dialogue Taking the tidalectic between land and sea as a dynamic starting point Elizabeth DeLoughrey foregrounds geography and history in her exploration of how island writers inscribe the complex relation between routes and roots The first section looks at the sea as history in literatures of the Atlantic middle passage and Pacific Island voyaging theorizing the transoceanic imaginary The second section turns to the land to examine indigenous epistemologies in nation building literatures Both sections are particularly attentive to the ways in which the metaphors of routes and roots are gendered exploring how masculine travelers are naturalized through their voyages across feminized lands and seas This methodology of charting transoceanic migration and landfall helps elucidate how theories and people travel positioning island cultures in the world historical process In fact DeLoughrey demonstrates how these tropical island cultures helped constitute the very metropolises that deemed them peripheral to modernity Fresh in its ideas original in its approach Routes and Roots engages broadly with history anthropology and feminist postcolonial Caribbean and Pacific literary and cultural studies It productively traverses diaspora and indigenous studies in a way that will facilitate broader discussion between these often segregated disciplines
