Exam Revision Workbook Overview

These workbooks aim to help candidates revise for the AQA and OCR examinations in Biology and Chemistry. The workbooks cover the syllabus topic section-by-section. The content consists of concise revision notes which include keywords, definitions, examples, explanations, summary tables, hand-drawn diagrams and illustrations of biological structures. More topic-related advice can be found in exam watch points which provide tips and hints on how to answer exam questions appropriately to score high marks. Topic revision planners also help candidates to organise their time and stay on target with their revision.

As part of an active learning process, candidates can add their own notes and diagrams in the space provided for each topic. Each workbook also contains end-of-topic quizzes to aid recall of key knowledge. Integrated assessment charts offer a unique opportunity for candidates to record and monitor their progress.

Both the workbook and the free teacher's guide are supplied in PDF format and are ready to upload onto your intranet or VLE. Each workbook can be photocopied multiple times and distributed to your students.
