Of Stones And Strength:

Of Stones and Strength Steve Jeck, Peter Martin, 1996-01-01 **The Silent Strength of Stones** Nina Kiriki Hoffman, 2016-11-01

Finalist for the Nebula and World Fantasy Awards A lonely teenager hides in the forest concealing his own magic until a battle for survival makes hiding impossible Summer has come to Sauterelle Lake a vacation community in the Oregon Cascades and seventeen year old Nick Verrou would rather roam the woods than work in his father's general store His curiosity and connection with nature have him dodging his job at every opportunity When he meets mysterious vacationer Willow and her family and their unnerving pet wolf Nick discovers that others share the powers he has tried to suppress But Nick soon learns that nature's magic can be more dangerous than he ever imagined Now the real trick will be surviving until autumn

The Silent Strength of Stones is the second novel by the author of *A Red Heart of Memories* and other acclaimed works A startling new voice in contemporary fantasy Locus Nina Kiriki Hoffman writes about magic creatively and with great feeling Kirkus Reviews

The Silent Strength of Stones is the 2nd book in the Chapel Hollow Novels but you may enjoy reading the series in any order This ebook includes the bonus story *Words of Farewell*

Strength of Stones Greg Bear, 2014-04-01

Artificially intelligent cities rise up against humanity in this excellent novel It came on me as a surprise and it knocked me out Harlan Ellison In a theocratic world far into the future cities control their own movements and organization Constantly moving growing and decaying taking care of every need their inhabitants might think of the cities have decided that humans are no longer a necessary part of their architecture casting them out to wander in the wilderness and eke out a meager subsistence To the exiled humans the cities represent a paradisiacal Eden a reminder of all they cannot attain due to their sinful and unworthy natures But things are beginning to change People are no longer willing to allow the cities to keep them out choosing instead to force an entry and plunder at will The cities are starting to crumble and die because they have no purpose or reason to continue living without citizens One woman called mad by some and wise by others is the only human allowed to inhabit a city From her lonely and precarious position at the heart of one of the greatest cities ever she must decide the fate of the relationship between human society and the ancient strongholds of knowledge while making one last desperate attempt to save the living cities
