Cupboards and drawers are bursting with dog biscuits, devices and gadgets. Yet more dog owners than ever are desperately trying to create some semblance of peace and order within their homes amidst their out-of-control canines. Something is clearly amiss in the world of dog ownership and training. In his new book, Don Sullivan inspires readers to wake up and recognize the insidious forces undermining the realization of dog owners' dreams and he empowers them with an unprecedented array of knowledge and understanding to launch them to instant success with their own dogs. At times controversial and continually enlightening, *Wake Up and Smell the Poop* proves that Don Sullivan's approach to training dogs is far from ordinary.

**The Particulars of Peter** Kelly Conaboy, 2020-12-08 This might be one of the month's if not the year's sweetest books, zaniest too. The Washington Post: A hilarious addition to the dogoír canon. People: Perhaps the greatest love story ever told. Refinery29: The feel-good book the world needs. PopSugar: From one of the Internet's most original voices, a hilarious journey through the odd corners of obsessive dog ownership and the author's own infatuation with her perfect dog, Peter. The author met Peter in the spring of 2017. He, calm puppy-eyed with the heart of a poet and the soul of also a poet, came to her first as a foster. He was unable to stay with his previously assigned foster for reasons that are none of your business but which we will tell you were related to frequent urination. The rescue needed someone free of the sort of responsibilities that would force her to regularly leave the house for either work or socializing and a writer was the natural choice. Thus began a love story for the ages. *The Particulars of Peter* is a funny exploration of the joy found in loving a dog so much it makes you feel like you're going to combust and the author's potentially codependent relationship with her own sweet dog, Peter. Readers will follow Peter and his owner to Woofstock, the largest outdoor festival for dogs in North America and accompany them to lessons in Canine Freestyle, a sport where dogs perform a routine set to music, creating the illusion that they're dancing with their owners. From learning about Peter's DNA to seeing if dogs can sense the presence of

ghosts The Particulars of Peter will give readers a smart entertaining respite from the harsh world of humans into the funny little world of dogs Readers will accompany this lovable duo through exciting trips lessons quiet moments of connection and probably a failure or two By fusing memoir and infotainment The Particulars of Peter promises to refresh the perennially popular dog lit category in a scrumptiously bighearted barnstormer of a book *Secret Service Dogs* Maria Goodavage,2017-10-31 In an age fraught with terrorism United States Secret Service canine teams risk their lives to safeguard the president vice president their families visiting heads of state and a host of others Unprecedented access to these heroic dog teams has allowed a fascinating first time ever look at a very special breed of heroes Wherever the president goes there will be dogs They ll be there no matter what the country or state They ll be there regardless of the political climate the danger level the weather or the hour If you let down your guard on the job says Special Agent Bill G canine program manager it can change the history of the world It s a burden Secret Service dog handlers take extremely seriously regardless of their specialty Tactical dog handlers on the White House lawn handlers whose dogs sniff for explosives around the world and those who walk their amiable floppy eared dogs up and down Pennsylvania Avenue all live one common mantra Not on my watch Or my dog s *Secret Service Dogs* immerses readers into the heart of this elite world of canine teams who protect first families popes and presidential candidates the selection of dogs and handlers their year round training their missions around the world and most important the bond the glue that holds the teams together and can mean the difference between finding bombs and terrorists or letting them slip by These animals will gladly run into a hail of gunfire says Stew a Secret Service ERT tactical canine unit supervisor All they ask in return is for their handlers to throw the ball with them pet them and talk to them in an embarrassingly high voice *Secret Service Dogs* celebrates the Secret Service s most unforgettable canine heroes It is a must read for fans of Maria Goodavage anyone who wants a rare inside view of the United States Secret Service or just loves dogs **Boys' Life** ,1999-11 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting **What the Dogs Taught Me About Being a Parent** Doggy Dan,2013-05-03 Charismatic dog trainer Doggy Dan shares his insights and tips into how working with dogs has helped him bring up his children Learn how to lead the way in your family without using fear or aggression Find out how to be clear and calm firm and yet fair in all your dealings with others Learn how to be confident and sensitive to those around you and how to make decisions for the good of everyone As Dan says this book is not rocket science it s a very practical and straightforward book with clear examples and lots of anecdotes that will change the way you think about your interactions with your children and in fact any other people This book will change your life forever **The Cocoa Plantations America'S Chocolate Secret Forced Child Labor, Rape, Sodomy, Abuse of Children, Child Sex Trafficking, Child Organ Trafficking, Child Sex Slaves** Raymond C. **The Secret History of Kindness** Melissa Holbrook Pierson, 2015-04-23 An intimate surprising look at man's best friend and what the leading philosophies of dog training teach us about ourselves. Years back Melissa Holbrook Pierson brought home a border collie named Mercy without a clue of how to get her to behave. Stunned after hiring a trainer whose immediate rapport with Mercy seemed magical, Pierson began delving into the techniques of positive reinforcement. She made her way to B F Skinner, the behavioral psychologist who started it all, the man who could train a pigeon to dance in minutes and whose research on how behavior is acquired has ramifications for military dolphin trainers, athletes, dancers and as he originally conceived, society at large. To learn more, Pierson met with a host of fascinating animal behaviorists going behind the scenes to witness the relationships between trainers and animals at the National Zoo in Washington DC and to the in depth seminars at a Clicker Expo where all the dogs but hers seemed to be learning new tricks. The often startling story of what became of a pathbreaking scientist's work is interwoven with a more personal tale of how to understand the foreign species with whom we are privileged to live. Pierson draws surprising connections in her exploration of how kindness works to motivate all animals including the human one.

Walking the Beket Esther Kershaw, 2011 Walking the Beket is a light hearted look at life from a dog's point of view, the dog being an Australian Kelpie Beket with maybe a touch of dingo, his tail always carried proudly aloft as the Leader of the Pack or the straightened to a lance equivalent when facing adversaries. Beket is highly intelligent, highly strung, aquiver with nervous energy and curiosity yet also accompanied with that true Aussie laid back attitude of 'she'll be right mate'. He is placed in a human family situation, our dog Beket to the Boss and Missus, young daughter Rhiannon and two household cats. His domestic life involves the interplay between dogs, humans and a very sensitive Missus, but his secret and interior life reveals an entirely different aspect of his telepathic interplay between dog and dogs, dogs and elephants and the forth dimension. The story is really a humorous commentary on humanity, politics, religion and international issues with a good dose of Doggy commonsense. Beket and his adventures, explorations and soliloquies with the Dog Clan reflect our own society's confrontations, i.e. Migrants, wanted or unwanted, Detainees behind wire fences, Animal welfare help for the underdog, Meditations, Tibetan wise reflections, Emergency Services and Fire Fighters. A Tale for Young and Old or anyone who loves animals.
