Offering Lisa Frieden:

The Offering Lisa Frieden, 2020-05-30 What do you get when you cross Sydney Bristow of Alias with Buffy the Vampire Slayer Carla Deville She s a kick ass CIA operative who relies on the power of logic and reason to always get her man But now she s up against the Illuminati a shadowy occult organization that has abducted her sister and plans to launch a nuclear terrorist attack To make matters worse Mark Lyons the arrogant rich boy she once loved and lost keeps turning up in the wrong places Can she believe him when he claims to still love her or is he simply carrying out some part of the Illuminati s evil plan

Dialysis: a Memoir Lisa Frieden, 2020-05-30 A compelling story about coping with a serious illness offering lessons in the value of slowing down and appreciating life in the moment Kirkus Reviews Dialysis a Memoir portrays how a young woman s life is changed forever when her kidneys fail From hospitalization through hemodialysis and peritoneal dialysis and finally to transplant the memoir explores how her experience of illness is at odds with the world around her the buoyant and youthful atmosphere of the San Francisco Bay Area during the dotcom bubble of the 1990 s The memoir describes how she learns to make sense of what happened and how she ultimately overcomes the physical and emotional challenges of kidney failure to thrive in her new life Dialysis Second Edition includes a new Introduction and an updated Afterword twenty years later

Finding Clarity Lisa Frieden, 2020-05-30 A romantic thriller with echoes of Deliverance and Wild Love and hate opposite emotions propel Zoe and Jason into the rugged backcountry of Humboldt County Zoe has always had to look out for her little sister Clarity When Zoe learns Clarity is in trouble with a marijuana cult she rushes to the rescue not realizing what might happen As she leaves San Francisco and drives north Zoe leaves behind all she knows and ventures into a mysterious world of prehistoric redwoods and brutal drug runners Jason works narcotics with the SFPD but when he s offered the chance to avenge his kid sister s death he has to take it Now he s returned to the land where he grew up working undercover inside a marijuana cult to bust the notorious drug trafficker he blames for killing her Love and hate force Zoe and Jason together but can they survive the dangerous wilds of the Emerald Triangle and find the clarity to let their pasts go and finally be free

The Wholehearted Wife Erin Smalley, Greg Smalley, Gary Smalley, 2014-06-20 Although it takes two to have a great marriage an important truth for any marriage partner to realize is that he or she can really change no one other than him or herself Nevertheless changes in just one person can have an amazing impact on a marriage relationship Instead of focusing on How do I have a better marriage this book embraces that truth and helps women ponder the question How can I be the best wife I can be It provides every woman with skills information and encouragement to make a positive difference to this and future generations by wholeheartedly investing in her marriage and her relationship with her husband today The Wholehearted Wife is written by Erin and Greg Smalley along with Gary Smalley the creator and presenter of Keys to a Loving Relationship one of the best selling video series of all time Recognizing that most if not all married women have either experienced a time when her marriage felt lifeless or sat with another female friend or family member who was experiencing

that situation this book is also a wonderful resource for those times **Telling Time** Lisa Frieden,2020-06-01 Telling Time is a scholarly book that explores how novelists wrote about AIDS during the first decade of the epidemic when HIV and AIDS were considered death sentences and most often associated with homosexuality and the gay community The book explores the different narrative strategies used by novelists to represent the temporality of AIDS looking at Paul Reed s Facing It a Novel of AIDS David Feinberg s Eighty Sixed and Spontaneous Combustion and Paul Monette s Afterlife and Halfway Home and how a few novels did manage to resist the apocalyptic dominant rhetoric of AIDS The book also discusses the difficulties of publishing AIDS novels by people of color and such writers as E Lynn Harris and Steve Corbin Telling Time includes a comprehensive annotated bibliography of all American AIDS novels published from 1982 1992 as a reference guide for further reading **Regulating Capital** David Andrew Singer,2015-11-15 Financial instability threatens the global economy The volatility of capital movements across national borders has led many observers to argue for a reformed global financial architecture a body of consistent rules and institutions to prevent financial crises Yet regulators have a decidedly mixed record in their attempts to create global standards for the financial system David Andrew Singer seeks to explain the varying pressures on regulatory agencies to negotiate internationally acceptable rules and suggests that the variation is largely traceable to the different domestic political pressures faced by regulators In Regulating Capital Singer provides both a theory of the effects of domestic pressures on international regulation and a detailed analysis of regulators attempts at international rulemaking in banking securities and insurance Singer addresses the complexities of global finance in an accessible style and he does not turn away from the more dramatic aspects of globalization he makes clear the international implications of bank failures and stock market crashes the rise of derivatives and the catastrophic financial losses caused by Hurricane Katrina and the events of September 11 **Bisexual Men in Culture and Society** Erich W Steinman,Brett Genny Beemyn,2014-05-01 Gain a fresh perspective on this misunderstood sexual orientation From invisible to pathological the literary cultural and theoretical representations of male bisexuality have been almost uniformly negative Bisexual Men in Culture and Society provides a clear rational analysis of the negative stereotypes and the underlying reasons for them The bisexual is the brutal father the abusive husband the violent rapist all familiar figures of male heterosexual power but he is also the simpering oral sadistic mama s boy found in psychoanalytic accounts of homosexuality Bisexuals are queers with straight privilege straights with gay chic Jonathan David White s caustic summary of bisexual men as seen in David Lynch s film Blue Velvet also applies to many of the representations of male bisexuality in popular and high culture The original essays in Bisexual Men in Culture and Society deconstruct that dangerous image with blistering force and accuracy Bisexual Men in Culture and Society offers thoughtful insightful examinations of the cultural meanings of bisexuality including the recurring figure of the predatory immoral bisexual man in the novels of E Lynn Harris the overlooked bisexual themes in James Baldwin s classic novels Another Country and Giovanni s Room the murderous bisexual men in such films as Blue

Velvet and American Commandos the portrayal in women s magazines of the bisexual husband as a promiscuous deceitful AIDS carrier the conflicts within sexual identity politics between gay men and bisexual men the focus on bisexual orientation rather than sexual behavior as a risk factor for AIDS Continuing the tradition of Bisexuality in the Lives of Men Facts and Fictions Bisexual Men in Culture and Society offers a brilliant analysis of the lives of bisexual men and their precarious position within a racist sexist and homophobic society

Dialysis Lisa Frieden,2020-03-31 Lisa Frieden was a young professional with a bright future ahead of her in high tech public relations when tragedy struck Dialysis a Memoir describes the year she spent on dialysis from her initial hospitalization with kidney failure through the months on hemodialysis and peritoneal dialysis to her successful transplant operation Her experience of illness was at odds with the wildly buoyant atmosphere of the San Francisco Bay Area where she lived and worked during the dotcom bubble of the late 1990 s The memoir explores how she learned to make sense of what happened and how she ultimately overcame the physical and emotional challenges of kidney failure to thrive in her new life

I Just Like to Make Things Lilla Rogers,2013-02 This is a dazzling colorful volume of career and personal advice for artists filled with ideas playsheets as opposed to worksheets case studies and tools for staying inspired and creative

Black Poetic Feminism: The Imagination of Toi Derricotte Niama Leslie Williams,2006-12-06 Sexual abuse happens Domestic violence happens We know it happens We have child protective services We watch Law and Order SVU We are surrounded by sex in our media and we are surrounded by sexual violence in our media Yet I have turned to the work of Toi Derricotte because we are not surrounded by sexual violence in our literary criticism because we are not discussing sexual violence in our college classrooms because the work of a poet like Derricotte a poet who reveals the long difficult trajectory of the emergence of voice of the emergence of a healthy vibrant bisexual self is largely ignored by those of us in the academy who contribute articles to that grand behemoth otherwise known as the Modern Language Association s International Bibliography The Black poetic feminism of Toi Derricotte works on this silence in a variety of ways Read on and perhaps learn a great deal from her journey

Crisis in the Red Zone Richard Preston,2020-04-03 NEW YORK TIMES BESTSELLER An urgent wake up call about the future of emerging viruses and a gripping account of the doctors and scientists fighting to protect us told through the story of the deadly 2013 2014 Ebola epidemic Crisis in the Red Zone reads like a thriller That the story it tells is all true makes it all more terrifying Elizabeth Kolbert Pulitzer Prize winning author of The Sixth Extinction From the 1 bestselling author of The Hot Zone now a National Geographic original miniseries This time Ebola started with a two year old child who likely had contact with a wild creature and whose entire family quickly fell ill and died The ensuing global drama activated health professionals in North America Europe and Africa in a desperate race against time to contain the viral wildfire By the end as the virus mutated into its deadliest form and spread farther and faster than ever before 30 000 people would be infected and the dead would be spread across eight countries on three continents In this taut and suspenseful medical drama Richard Preston deeply chronicles the

pandemic in which we saw for the first time the specter of Ebola jumping continents crossing the Atlantic and infecting people in America Rich in characters and conflict physical emotional and ethical Crisis in the Red Zone is an immersion in one of the great public health calamities of our time Preston writes of doctors and nurses in the field putting their own lives on the line of government bureaucrats and NGO administrators moving often fitfully to try to contain the outbreak and of pharmaceutical companies racing to develop drugs to combat the virus He also explores the charged ethical dilemma over who should and did receive the rare doses of an experimental treatment when they became available at the peak of the disaster Crisis in the Red Zone makes clear that the outbreak of 2013 2014 is a harbinger of further more severe outbreaks and of emerging viruses heretofore unimagined in any country on any continent In our ever more interconnected world with roads and towns cut deep into the jungles of equatorial Africa viruses both familiar and undiscovered are being unleashed into more densely populated areas than ever before The more we discover about the virosphere the more we realize its deadly potential Crisis in the Red Zone is an exquisitely timely book a stark warning of viral outbreaks to come

Constructing the International Economy Rawi Abdelal, Mark Blyth, Craig Parsons, 2015-10-27 Focusing empirically on how political and economic forces are always mediated and interpreted by agents both in individual countries and in the international sphere *Constructing the International Economy* sets out what such constructions and what various forms of constructivism mean both as ways of understanding the world and as sets of varying methods for achieving that understanding It rejects the assumption that material interests either linearly or simply determine economic outcomes and demands that analysts consider as a plausible hypothesis that economies might vary substantially for nonmaterial reasons that affect both institutions and agents interests *Constructing the International Economy* portrays the diversity of models and approaches that exist among constructivists writing on the international political economy The authors outline and relate several different arguments for why scholars might attend to social construction inviting the widest possible array of scholars to engage with such approaches They examine points of terminological or theoretical confusion that create unnecessary barriers to engagement between constructivists and nonconstructivist work and among different types of constructivism This book provides a tool kit that both constructivists and their critics can use to debate how much and when social construction matters in this deeply important realm Contributors Rawi Abdelal Harvard Business School Jacqueline Best University of Ottawa Mark Blyth Brown University Mlada Bukovansky Smith College Jeffrey M Chwieroth London School of Economics Francesco Duina Bates College Charlotte Epstein University of Sydney Yoshiko M Herrera University of Wisconsin Madison Paul Langley Northumbria University Craig Parsons University of Oregon Catherine Weaver University of Texas at Austin Wesley W Widmaier Saint Joseph's University Cornelia Woll CERI Sciences Po Paris **Velhagen & Klasings Monatshefte**, 1921 *The Decline and Rise of Democracy* David Stasavage, 2021-08-24 Historical accounts of democracy's rise tend to focus on ancient Greece and pre Renaissance Europe The Decline and Rise of Democracy draws from global evidence to show

that the story is much richer democratic practices were present in many places at many other times from the Americas before European conquest to ancient Mesopotamia to precolonial Africa Delving into the prevalence of early democracy throughout the world David Stasavage makes the case that understanding how and where these democracies flourished and when and why they declined can provide crucial information not just about the history of governance but also about the ways modern democracies work and where they could manifest in the future Velhagen & Klasings Monatshefte Theodor Hermann Pantenius, Robert Koenig, Paul von Szczepanski, Hanns von Zobeltitz, Paul Oskar Höcker, 1905

Worker Identity, Agency and Economic Development Elizabeth Hill, 2010 More than nine out of every ten working women in India are employed in the informal economy unprotected by labour laws and excluded from basic forms of social security They work as daily labourers in the fields small producers and industrial outworkers in their own homes and as vendors on the streets These workers typically receive very low wages and experience extreme forms of social economic and political marginalisation This book examines what types of interventions can improve the well being of women working in the Indian informal economy Using the case study of the Self Employed Women s Association Worker Identity Agency and Economic Development argues that work life reform for informal women workers has moral and social dimensions as well as economic Drawing on the work of social philosopher Axel Honneth the book argues that worker agency is critical to the process of work life reform in the informal economy Using empirical data collected amongst SEWA members the study shows that there is a positive and developmental relationship between a worker s identity or psychological integrity and her actual capacity to engage in the political economy for constructive change The study shows that membership based organisations can promote the social foundations of recognition and respect that are critical to identity and agency as well as provide worker s with real opportunities to develop alternative non exploitative economic institutions that deliver improved wages and social security But in organizing informal workers for collective action the existing distribution of power and wealth as well as gender privilege are challenged The result is social conflict and sometimes violence Conflict of this nature is endemic to the development process but is often overlooked in development literature and policy design The book will be of interest to development scholars and practitioners as well as those interested in the dynamics of women s empowerment and socio economic change for informal economy workers

Decolonising Conflicts, Security, Peace, Gender, Environment and Development in the Anthropocene Úrsula Oswald Spring, Hans Günter Brauch, 2021-01-25 In this book 25 authors from the Global South 19 and the Global North 6 address conflicts security peace gender environment and development Four parts cover I peace research epistemology II conflicts families and vulnerable people III peacekeeping peacebuilding and transitional justice and IV peace and education Part I deals with peace ecology transformative peace peaceful societies Gandhi s non violent policy and disobedient peace Part II discusses urban climate change climate rituals conflicts in Kenya the sexual abuse of girls farmer herder conflicts in Nigeria wartime sexual violence facing refugees the traditional conflict

The Martindale-Hubbell Law Directory ,1999 **Russia in the Time of Cholera** John P. Davis,2018-03-09 As the nineteenth century drew to a close and epidemics in western Europe were waning the deadly cholera vibrio continued to wreak havoc in Russia outlasting the Romanovs Scholars have since argued that cholera eventually fell prey to better sanitation and strict quarantine under the Soviets citing as evidence imperial mismanagement a backward tsarist medical system and physicians anachronistic environmental interpretations of the disease Drawing on extensive archival research and the so called material turn in historiography however John P Davis here demonstrates that Romanov era physicians environmental approach to disease was not ill grounded nor a consequence of neo liberal or populist political leanings but born of pragmatic scientific considerations The physicians confronted cholera in a broad and sophisticated way essentially laying the foundations for the system of public health that the Soviets successfully used to defeat cholera during the New Economic Policy 1922 1928 By focusing for the first time on the conclusion of the cholera epoch in Russia Davis adds an indispensable layer of nuance to the existing conception of Romanov Russia and its complicated legacy in the Soviet period

European Responses to Globalization and Financial Market Integration A. Verdun,2000-02-17 This book investigates the perceptions of political actors towards the creation of Economic and Monetary Union EMU in Europe The research is largely based on personal interviews conducted with key informants in central banks finance ministries employers organizations and trade unions in Britain France and Germany It examines why actors perceived EMU to serve or frustrate their interests It concludes that actors favoured EMU for a variety of reasons The book contributes to the literature of European integration and incorporates economic political and historical facts
