visits from 2008 through 2020 to estimate the effects of visits on vote choice and turnout both among individual voters and within counties He finds that campaign visits do not usually influence voting behavior but when they do most often it is by persuading undecided voters as was the case for John McCain in 2008 and even Donald Trump in 2020 Challenging the recent emphasis on candidates playing to their base this book suggests that persuasion is still a viable campaign strategy in which candidate visits may play a major role I m Here to Ask for Your Vote is an authoritative and engaging analysis designed for scholars strategists students and other readers interested in understanding how campaign visits and campaigns more broadly shape presidential election outcomes
