Corrupt Circles Alfonso W. Quiroz, 2008-11-10 The pervasiveness of corruption has been aided by the readiness of both Peruvians and the international community to turn a blind eye *Capitalism's Achilles Heel* Raymond W. Baker, 2005-08-05 For over forty years in more than sixty countries Raymond Baker has witnessed the free market system operating illicitly and corruptly with devastating consequences In *Capitalism's Achilles Heel* Baker takes readers on a fascinating journey through the global free market system and reveals how dirty money poverty and inequality are inextricably intertwined Readers will discover how small illicit transactions lead to massive illegalities and how staggering global income disparities are worsened by the illegalities that permeate international capitalism Drawing on his experiences Baker shows how Western banks and businesses use secret transactions and ignore laws while handling some 1 trillion in illicit proceeds each year He also illustrates how businesspeople criminals and kleptocrats perfect the same techniques to shift funds and how these tactics negatively affect individuals institutions and countries **The Agony of Argentine Capitalism** Paul H. Lewis, 2009-06-22 This diagnostic history of Argentina's economic prostration is full of timely lessons for readers in the United States about how an irresponsible capitalist elite and cynical politicians can lead a wealthy nation to throw it all away They say those who do not learn from history are bound to repeat it Thus the importance of this book *The Agony of Argentine Capitalism* From Menem to the Kirchners is the capstone of a magisterial trilogy exploring the reasons for Argentina's shocking reversal of development In the early 20th century Argentina was a rising star It was one of the world's ten richest countries on course to a place among the most advanced and prosperous liberal democracies in the world Then in 1929 Argentina fell into an economic coma from which no political or military shock treatment has been able to rouse it The collapse of Argentina's capitalist class has been so devastating that little support remains for free enterprise or free trade Her fate poses an intellectual challenge for First World capitalist countries As famed economist Paul Samuelson warned Argentina is the pattern no modern capitalist may face without crossing himself and saying There but for the grace of God **Corruption and Democracy in Latin America** Charles H. Blake, Stephen D. Morris, 2009-07-19 Corruption has blurred and in some cases blinded the vision of democracy in many Latin American nations Weakened institutions and policies have facilitated the rise of corrupt leadership election fraud bribery and clientelism *Corruption and Democracy in Latin America* presents a groundbreaking national and regional study that provides policy analysis and prescription through a wide ranging methodological empirical and theoretical survey The contributors offer analysis of key topics including factors that differentiate Latin American corruption from that of other regions the relationship of public policy to corruption in regional perspective patterns and types of corruption public opinion and its impact and corruption's critical links to democracy and governance Additional chapters present case studies on specific instances of corruption diverted funds from a social program in Peru Chilean citizens attitudes toward corruption the effects of interparty competition on vote buying in local Brazilian

El último peronista Walter Curia, 2012-02-01 Actualización y revisión de la biografía que había sido editada por primera vez cuando Kirchner era el presidente de los argentinos. El texto de Curia lejos está de ser complaciente. Consigue un libro equilibrado caluroso y arena donde deben estar. Certero en la crítica eficaz en el halago está escrito por un periodista que ha escuchado y escudriñado en todas las campañas. No hay rabia ni exaltación en esta obra. Solo información bien escrita y más que recomendable si se quiere conocer más a fondo quién es Néstor Kirchner. Sergio Moreno periodista del diario Página 12. Tras su inesperada muerte el personaje adquiere toda su dimensión. Colérico obsesionado por el dinero con una ambición que lo lleva a imaginar un plan para perpetuarse en el poder durante veinte años imprudente con su salud a tal punto que Eduardo Duhalde dijo de él que se estaba inmolando caprichoso como dicen que le reprochó su viuda la presidenta Cristina Fernández acariciando el fetiche. Curia afirma en estas páginas revisadas y actualizadas que en sus últimos días Kirchner se atormentaba tratando de imaginar un cambio de escenario político que garantizara la continuidad de su proyecto en las elecciones de 2011.
