Old Masters, New World Cynthia Saltzman, 2008-08-14 A spellbinding account of the rapacious pursuit of the most exquisite paintings in the world In the Gilded Age newly wealthy and culturally ambitious Americans began to compete for Europe s extraordinary Old Master pictures causing a major migration of art across the Atlantic Old Masters New World is a backstage look at the cutthroat competition financial maneuvering intrigue and double dealing often involved in these purchases not to mention the seductive power of the ravishing paintings that drove these collectors including financier J Pierpont Morgan

Caring for Old Master Paintings Matthew Moss,1994 This guide is designed for anyone responsible for the care of paintings The book offers guidance to the owner or collector with one or more painting museum curators art dealers art consultants scholars and art historians Artists and art suppliers picture framers lighting experts security and naturally art restorers and conservators will find this book invaluable **Look Again** Ossian Ward,2019-05-14 An approachable guide to Old Master paintings from a new perspective that offers a simple aid to looking at and demystifying the often obscure strategies of the greatest painters of all time This book engages with some of history s greatest art from the spectacular theatrics of Bosch to the luminous scenes of Giotto and starts with the idea that the art of the past can and should be seen from the viewpoint of a contemporary observer of visual culture rather than just an elitist academic interpretation Ossian Ward s simple ten step guide acts as an aid to looking at and breaking down the often obscure strategies of the Old Masters into intuitive categories from Art as Honesty to Art as Vision Just as contemporary art should be judged by how it moves us cajoles our senses and envelops us so too can the great paintings of history be seen as immersive captivating and even participatory experiences Look Again does not deny the specific complexities and barriers associated with looking at art from other eras instead it offers methods that not only provide the viewer with the tools to interpret the art but also assumes that we intuitively hold some of this knowledge within ourselves already *Collection for a King* Dulwich Picture Gallery,1985

The Mystery of an Old Master Painting

Madonna of Divine Love Painting by Raffaello Sanzio Da Urbino Carla N., 2016-12-19 The Mystery of the Madonna of Divine Love is written with the purpose of clarifying the story believed for centuries of a painting on wood created in 1518 by a pupil of Raffaello Raphael although everybody knew that the master had painted the original on canvas in 1514

Unfortunately the original disappeared for 471 years from the time of the 1544 Vasari description to 2015 and until there is an exhibit side by side of the two paintings there will be only this story to reveal the truth

Portrait Painting Atelier

Suzanne Brooker, 2010-03-09 The art of portraiture approached its apex during the sixteenth century in Europe with the discovery of oil painting when the old masters developed and refined techniques that remain unsurpassed to this day The ascendance of nonrepresentational art in the middle of the twentieth century displaced these venerable skills especially in academic art circles Fortunately for aspiring artists today who wish to learn the methods that allowed the Old Masters to achieve the luminous color and subtle tonalities so characteristic of their work this knowledge has been preserved in hundreds of small traditional painting ateliers that persevered in the old ways in this country and throughout the world Coming out of this dedicated movement Portrait Painting Atelier is an essential resource for an art community still recovering from a time when solid instruction in art technique was unavailable in our schools Of particular value here is a demonstration of the Old Masters technique of layering paint over a toned ground surface a process that builds from the transparent dark areas to the more densely painted lights This method unifies the entire painting creating a beautiful glow that illuminates skin tones and softly blends all the color tones Readers will also find valuable instruction in paint mediums from classic oil based to alkyd based the interactive principles of composition and photograph based composition and the anatomy of the human face and the key relationships among its features Richly illustrated with the work of preeminent masters such as Millet Gericault and van Gogh as well as some of today s leading portrait artists and featuring seven detailed step by step portrait demonstrations Portrait Painting Atelier is the first book in many years to so comprehensively cover the concepts and techniques of traditional portraiture
