**Past Midnight** Ranae Rose, 2016-05-26 Peyton knows better than to get involved with a cop When Officer Elijah Bennett responds to the robbery of her island boutique she couldn't care less what he looks like in uniform let alone out of it In fact she can't wait for him to leave and doesn't bother to hide it So why does he come back to help her when no one else will Protecting and serving paradise isn't easy When helping an independent woman caught in a tough situation sparks a smoldering attraction Elijah can't get her out of his head He can't get her to trust him either at least not at first And when her walls finally come down the truth they reveal is staggering She has every reason to hate him He has every reason to walk away It's still not enough to keep them apart but when the unexpected strikes it threatens everything he's ever wanted including his connection with her Book 2 in the South Island PD Series Hard Love MMA Ranae Rose, 2015-12-30 Scarred body scarred mind life is rough and fighting in a cage is the easy part USMC veteran Ryan Moore survived an IED blast but every day in the civilian world is a brutal struggle MMA fighting is the only thing he has to fall back on and the only thing he cares about until he meets female fighter Ally Rivera Ally isn't afraid to step into the ring but she can't fight her way out of the trouble her brother's gang has brought down on her family Finding love is the last thing on her mind but the new guy at her gym makes it difficult to resist a hard body and fighting spirit For a shot at overcoming their demons they'll have to fight hard love harder and embrace risks they can't afford to take This 2 book set contains the full length novels Battered Not Broken and Rough Around the Edges Battered Not Broken is her side of the story and Rough Around the Edges is his These novels are stand alone companion books to each other and can be read in either order They are not sequential books in a series or different stories just different points of view Every story has two sides and this set is for readers who want both

Officer Next Door Ranae Rose, 2015-12-29 How can anyone resist temptation when it's right next door Riley County North Carolina has a lot to offer coastal views as far as the eye can see and men in uniform who are even more gorgeous Home to the most notorious prison in the state Alicia's new hometown is crawling with men who carry their own handcuffs and know how to use them like Officer Liam Alexander her one and only neighbor After catching him out of uniform she can't resist pausing to enjoy the show When Liam's Southern charm drives him across the property line life gets hotter than the Carolina summer could possibly account for Unfortunately there's a dark side to life in the coastal haven even with an officer next door Coordinating special events at a historic and supposedly haunted plantation is enough to have Alicia questioning her senses and her sanity but the spirits of the past take a backseat to a pair of escaped convicts who blaze a trail of mayhem across Riley County Not even the most intense chemistry can survive the perils that make a sunny seaside town a dangerous place to be after dark can it Book 1 in the Lock and Key Series *California. each year Tobacco use also creates considerable economic costs from greater spending on health care to treat the diseases it brings on in users and those exposed to tobacco smoke to the lost productivity resulting from the premature deaths it causes Of all the many interventions for reducing tobacco use a significant increase in tobacco product taxes and prices has been demonstrated to be the single most effective and cost effective intervention particularly among the poor and the young At the same time because of the inelasticity of demand for tobacco products in most countries and the low share of tax in price in many significant increases in tobacco taxes generate significant increases in the revenues generated by these taxes This technical manual aims to help governments achieve both objectives by identifying a set of best practices for tobacco taxation It documents governments existing approaches to tobacco taxation discusses barriers to using tobacco taxes to achieve health and revenue objectives and provides case studies of effective tobacco tax administration This manual is intended to be useful to tax administrators at the Ministry of Finance level by making them aware of the practices used and challenges faced by other countries It will also be useful to officials in a country s Ministry of Health or similar organizations by providing them with a more thorough understanding of key issues in tax structure and administration
