Cleanliness and Culture C. (Kees) van Dijk, Jean Gelman Taylor, 2011-01-01 Recent years have shown an increase in interest in the study of cleanliness from a historical and sociological perspective Many of such studies on bathing and washing on keeping the body and the streets clean and on filth and the combat of dirt focus on Europe In *Cleanliness and Culture* attention shifts to the tropics to Indonesia in colonial times as well as in the present Subjects range from the use of soap and the washing of clothes as a pretext to claim superiority of race and class to how references to being clean played a role in a campaign against European homosexuals in the Netherlands Indies at the end of the 1930s Other topics are eerie skin diseases and the sanitary measures to eliminate them and how misconceptions about lack of hygiene as the cause of illness hampered the finding of a cure Attention is also drawn to differences in attitude towards performing personal body functions outdoors and retreating to the privacy of the bathroom to traditional bathing ritual and to the modern tropical Spa culture as a manifestation of a New Asian lifestyle With contributions by Bart Barendregt Marieke Bloembergen Kees van Dijk Mary Somers Heidhues David Henley George Quinn and Jean Gelman Taylor

Routledge Handbook of Tourism and Hospitality Development in Vietnam Tuyen Dai Quang, Tan Vo-Thanh, 2025-03-27 Written from a range of disciplinary perspectives including local Vietnamese scientists and practitioners the book offers valuable insights into the challenges opportunities and local realities of the tourism and hospitality industries Through its six sections covering various topics such as destination development and marketing sustainable practices customer experience and satisfaction community engagement and development workforce development and education and technology and innovation the book provides a deep dive into the dynamics of Vietnam's tourism and hospitality landscape It explores emerging trends transformative experiences and policy recommendations for sustainable growth This book bridges a significant gap in the literature on Vietnamese tourism and hospitality offering insights relevant

to anyone interested in the future of these industries in emerging destinations beyond this region This volume will be an invaluable resource for practitioners policymakers scholars researchers and students of tourism and hospitality An Illustrated History of Health and Fitness, from Pre-History to our Post-Modern World Roy J. Shephard,2014-11-27 This book examines the health fitness interaction in an historical context Beginning in primitive hunter gatherer communities where survival required adequate physical activity it goes on to consider changes in health and physical activity at subsequent stages in the evolution of civilization It focuses on the health impacts of a growing understanding of medicine and physiology and the emergence of a middle class with the time and money to choose between active and passive leisure pursuits The book reflects on urbanization and industrialization in relation to the need for public health measures and the ever diminishing physical demands of the work place It then evaluates the attitudes of prelates politicians philosophers and teachers at each stage of the process Finally the book explores professional and governmental initiatives to increase public involvement in active leisure through various school worksite recreational and sports programmes *Green Consumption* Bart Barendregt,Rivke Jaffe,2020-05-15 Green lifestyles and ethical consumption have become increasingly popular strategies in moving towards environmentally friendly societies and combating global poverty Where previously environmentalists saw excess consumption as central to the problem green consumerism now places consumption at the heart of the solution However ethical and sustainable consumption are also important forms of central to the creation and maintenance of class distinction Green Consumption scrutinizes the emergent phenomenon of what this book terms eco chic a combination of lifestyle politics environmentalism spirituality beauty and health Eco chic connects ethical sustainable and elite consumption It is increasingly part of the identity kit of certain sections of society who seek to combine taste and style with care for personal wellness and the environment This book deals with eco chic as a set of activities an ideological framework and a popular marketing strategy offering a critical examination of its manifestations in both the global North and South The diverse case studies presented in this book range from Basque sheep cheese production and Ghanaian Afro chic hairstyles to Asian tropical spa culture and Dutch fair trade jewellery initiatives The authors assess the ways in which eco chic with its apparent paradox of consumption and idealism can make a genuine contribution to solving some of the most pressing problems of our time Spa Management ,2010-07 Wellness Tourism Cornelia Voigt,Christof Pforr,2013-11-20 Core values of society health and wellbeing impact today on all aspects of our lives and have also increasingly influenced patterns of tourism consumption and production In this context wellness has developed into a significant dimension of tourism in a number of new and long established destinations However although it is consistently referred to as one of the most rapidly growing forms of tourism worldwide there still remains a dearth of academic literature on this topic This book uniquely focuses on the supply side of wellness tourism from a destination perspective in terms of the generation and delivery of products and services for tourists who seek to maintain and improve their health This approach provides a better

understanding of how wellness tourism destinations develop and explores the specific drivers of that growth in a destination context and how destinations successfully compete against each other in globalised market place A range of wellness destination development and management issues are examined including the importance of authenticity an appropriate policy framework delivery of high quality goods and services participation of a broad range of stakeholders and the development of networks and clusters as well as collaborative strategies essential for a successful development and management of a wellness tourism destination International case studies and examples from established and new wellness tourism destinations are integrated throughout This timely volume written by leaders in this sector will be of interest to tourism and hospitality students and academics internationally

Health, Tourism and Hospitality Melanie Smith, Laszlo Puczko, 2014-02-03 Health Tourism and Hospitality Spas Wellness and Medical Travel 2nd Edition takes an in depth and comprehensive look at the growing health wellness and medical tourism sectors in a global context The book analyses the history and development of the industries the way in which they are managed and organised the expanding range of new and innovative products and trends and the marketing of destinations products and services The only book to offer a complete overview and introduction to health tourism and hospitality this 2nd Edition has been updated to include Expanded coverage to the hospitality sector with a particular focus on spa management New content on medical tourism throughout the book to reflect the worldwide growth in medical travel with more and more countries entering this competitive market Updated content to reflect recent issues and trends including ageing population governments encouraging preventative health consumer use of contemporary and alternative therapies self help market impacts of economic recession spa management and customer loyalty New case studies taken from a range of different countries and contexts and focusing on established or new destinations products and services such as conventional medicine complementary and alternative therapies lifestyle based wellness beauty and cosmetics healthy nutrition longevity and anti or active ageing amongst others Written in a user friendly style this is essential reading for students studying health tourism and hospitality
