Official Angry Birds 2014 Calendar:

National Geographic Angry Birds Seasons Amy Briggs, 2014-01-07 Circle the globe with National Geographic and the Angry Birds as the lovable characters discover and partake in the world's greatest holidays, festivals, and celebrations. The birds will celebrate the Chinese New Year in Beijing, before traveling to New Orleans for Mardi Gras. The Angry Birds and readers will learn all about cultural traditions around the world and come to understand the rituals and customs that go along with celebrating the biggest events of the year. Archival and modern National Geographic photography will accompany the text, and Festival Facts will give the book a distinctive visual style that is unique to National Geographic. This is the fourth book that National Geographic and Angry Birds creator Rovio have partnered on to bring education and entertainment to readers of every age.

Talking to Siri Erica Sadun, Steve Sande, 2014-03-14 Includes a new Q & A with the creator of Siri. Sweet talk Siri for iOS 7 into doing practically anything. Under iOS 7 and OS X Mavericks, Siri is better than ever: faster, smarter, more responsive. And it's even more amazing when you really know how to talk to it. Top Apple experts Sande and Sadun introduce you to the newest version of Siri. This release offers more functionality than you ever thought possible. You'll find tested, step-by-step instructions for perfect results, including new Siri techniques and responses you won't discover anywhere else. Teach Siri to recognize requests and take dictation more accurately. Help Siri recognize, track down, and connect with family and friends. Transform Siri and iTunes Radio into your personal DJ and tell Siri what songs you never want to hear again. Check Yelp or Rotten Tomatoes reviews and place OpenTable reservations. Return calls, play specific voicemails, and check your email. Make appointments, take notes, and set reminders. Blog with Siri using email or text messaging. Tweet updates and track up to the minute Twitter trends. Trigger reminders when you arrive at the supermarket, drugstore, or any other destination. Retrieve up to the minute sports stats. Use Siri to control apps, access device settings, and enable Airplane mode. Teach Siri how to pronounce names correctly. Find the nearest store selling the products you need. Answer math and science problems with Wolfram Alpha. Make sure Siri responds only to you, not to an impostor. Discover the silly side of Siri, including our top 10 Siri jokes.

Political Marketing on Social and Mobile Media Melissa M. Smith, 2015-09-10 This book explores how social and mobile media have been used in political campaigns since 2008, examining how social media are already being implemented as well as how these types of messaging platforms might be used in the future. Chapters in this book discuss how social and mobile media are becoming imperative when marketing a candidate's image, distributing messages, fundraising, and getting out the vote. While some chapters delve into a particular candidate's campaign, others discuss several campaigns in light of a particular political objective. Authors also discuss the use of political messaging and its possible role in political polarization through misinformation and interference. In particular, the book seeks to demonstrate a greater reliance on social and mobile media for political messaging, thus ushering in a possible new marketing paradigm. This book will interest researchers and students in the areas of political communication, political

Data and Goliath Bruce Schneier, 2015-03-02 Bruce Schneier's amazing book is the best overview of privacy and security ever written Clay Shirky: Your cell phone provider tracks your location and knows who's with you Your online and in-store purchasing patterns are recorded and reveal if you're unemployed, sick or pregnant Your e-mails and texts expose your intimate and casual friends Google knows what you're thinking because it saves your private searches Facebook can determine your sexual orientation without you ever mentioning it The powers that surveil us do more than simply store this information Corporations use surveillance to manipulate not only the news articles and advertisements we each see but also the prices we're offered Governments use surveillance to discriminate, censor, chill free speech and put people in danger worldwide And both sides share this information with each other or even worse, lose it to cybercriminals in huge data breaches Much of this is voluntary: we cooperate with corporate surveillance because it promises us convenience and we submit to government surveillance because it promises us protection The result is a mass surveillance society of our own making But have we given up more than we've gained In Data and Goliath security expert Bruce Schneier offers another path: one that values both security and privacy He brings his bestseller up to date with a new preface covering the latest developments and then shows us exactly what we can do to reform government surveillance programs, shake up surveillance-based business models and protect our individual privacy You'll never look at your phone, your computer, your credit cards or even your car in the same way again
